**Insight Guides**

## **Sexless Oysters And Selftipping Hats 100 Years Of Invention In The Pacific Northwest:**

*Sexless Oysters and Self-tipping Hats* Adam Woog, 1991 Surveys 100 years of inventions in the Pacific Northwest in such fields as outdoor gear games fishing and shipbuilding and medicine      *Haunted Washington* Adam Woog, 2013-07-16 Among the Pacific Northwest's many treasures is the Evergreen State a state rich in eerie events *Haunted Washington* a collection of stories of ghosts mysteries and paranormal happenings will leave readers delightfully frightened *Haunted Washington* includes dozens of stories from the royal Native American ghost of Seattle's Pike Place Market to the haunted mansion that inspired horrormeister Stephen King's TV mini series *Rose Red* all of them guaranteed to send chills up the spines of even the most daring ghosthunters Each story includes notes on historical significance and local lore so that readers and visitors can learn more about each ghostly locale A bibliography a resources list of contact information to visit the haunted sites and a brief Ghost Hunter's Guide are also included giving readers the resources to explore the haunted areas for themselves

*The Oyster Question* Christine Keiner, 2010 In *The Oyster Question* Christine Keiner applies perspectives of environmental agricultural political and social history to examine the decline of Maryland's iconic Chesapeake Bay oyster industry Oystermen have held on to traditional ways of life and some continue to use preindustrial methods tonging oysters by hand from small boats Others use more intensive tools and thus it is commonly believed that a lack of regulation enabled oystermen to exploit the bay to the point of ruin But Keiner offers an opposing view in which state officials scientists and oystermen created a regulated commons that sustained tidewater communities for decades Not until the 1980s did a confluence of natural and unnatural disasters weaken the bay's resilience enough to endanger the oyster resource Keiner examines conflicts that pitted scientists in favor of privatization against watermen who used their power in the statehouse to stave off the forces of rural change Her study breaks new ground regarding the evolution of environmental politics at the state rather than the federal level *The Oyster Question* concludes with the impassioned ongoing debate over introducing nonnative oysters to the Chesapeake Bay and how that proposal might affect the struggling watermen and their identity as the last hunter gatherers of the industrialized world      *Pacific Northwest Insight Guides*, 1998 A travel series unlike any other *Insight Guides* go beyond the sights and into reality Their incomparable photojournalistic approach captures the uniqueness of each culture they cover their traditions their arts their history their lives The stunning photography is married to compelling text written by local writers the people most qualified to convey their culture's secrets Yes *Insight Guides* will tell you which attractions to visit but they'll also tell you a whole lot more From the most popular resort cities to the world's most remote and exotic villages *Insight Guides* will give you the insider's perspective you need to truly experience any destination you visit *Insight Guides* serve many purposes They are ideal for planning a trip And they're wonderful souvenirs to treasure for years after Even the armchair traveler can be swept away by their magnificent content and experience the world from the comfort of home Many international and domestic destinations also offer companion *FlexiMaps*

an innovative laminated folding map specially designed for the discriminating traveler      **The United Nations** Adam Woog,1994 A well organized overview of the birth evolution and historical successes and failures of the United Nations
