Relapse Prevention for Sexual Harassers Kirk A. Brunswig,William O'Donohue,2012-12-06 Relapse Prevention for Sexual Harassers is the first volume specifically devoted to describing effective interventions Theoretically and empirically based this clinical manual conceptualizes sexual harassment as a form of sexual abuse and presents a treatment program based on the tested principles of relapse prevention Using a stepped care approach it describes how misinformation about sexual harassment impacts the harasser and describes how to work with cognitive distortions seeming irrelevant decisions high risk situations and lifestyle balance and myth acceptance and details specific interventions for these problems Geared for the mental health clinician and a useful resource for the human resources professional this manual emphasizes skills and techniques as well as providing abundant examples from case transcripts The interventions it presents can be also be applied to a range of psychological problems
Higher Education: Handbook of Theory and Research J.C. Smart,2012-12-06 To recapitulate Greeks differ from Independents and from the academy s value priorities but for the most part these differences derive from antecedent characteristics Moreover there are some grounds for speculating that these antecedent differences reflect fundamental temperamental differences extraversion and gregariousness mediated by social interaction as opposed to interaction through ideas Only to a limited degree does the Greek system appear to adversely affect the acquisition and assimilation of the academy s value priorities i e students as a whole Greek and Independent alike appear to become more independent liberal socially concerned and culturally sophisticated by graduation However the Greek system s effect on the behavior of Greeks is more troubling an effect largely mediated by the use and abuse of alcohol and the relative absence of direct institutional supervision Assuming the retention of the Greek system then the promotion of the academy s agenda appears dependent on an understanding and accommodation of the personal characteristics of Greeks using appropriate pedagogical methods to advance the academy s educational objectives and both educational and administrative regulatory efforts to control the use and abuse of alcohol With or without the Greek system the advancement of the academy s agenda involves these considerations since the characteristics of students as a whole encompass the characteristics emphasized among Greeks
