Sexual Language An Essay In Moral Theology:

The Sexual Language André Guindon, 1976 *The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics* Willem Jacobus Cardinal Eijk, 2025-09-10 Contemporary attitudes toward marriage family life and human sexuality have undergone profound changes since the mid twentieth century spurred by a host of social and cultural factors Large segments of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church Indeed Catholic teaching on the truth of marriage and human sexuality is open to strong criticism including among groups of Catholics and seems at best poorly understood In *The Bond of Love* Willem Jacobus Cardinal Eijk provides a comprehensive and unflinching account of the Church's teaching on marriage and sexual ethics dispelling misconceptions and elucidating its truth with grace and clarity As he demonstrates far from being a set of arbitrary rules that constrain human freedom this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture Tradition and the Gospel Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology Next discussed is the virtue of chastity the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons The volume concludes by addressing practices and circumstances that violate the essence of marriage This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors teachers and all of the Church's faithful striving to live in the love and communion that is grounded in Christ *The Sexual Language* André Guindon, 1976 *Human Sexuality in the Catholic Tradition* Kieran Scott, Harold Daly Horell, 2007 Contemporary culture provides conflicting and confusing messages about the meaning and purpose of human sexuality and often sex education that is offered often does not promote a mature integrated understanding of sexuality *Human Sexuality in the Catholic Tradition* meets the great need for pastoral guidance in addressing moral issues of sexuality in both the Church and broader culture today Kieran Scott and Harold Horell explore with other leading scholars how to draw from the best Christian faith traditions to renew our understanding of sexuality explore the integration of our sexuality and our spirituality and develop life affirming and life sustaining ways of approaching contemporary sexual issues This book explores sexuality from spiritual psychological moral and ministerial perspectives and addresses specific issues such as sex and marriage celibacy homosexuality and cohabitation **Reframing Catholic Theological Ethics** Joseph A. Selling, 2016 Traditionally Catholic moral theology has been based upon an approach that over emphasized the role of normative ethics and subsequently associated moral responsibility with following or disobeying moral rules *Reframing Catholic Theological Ethics* offers an alternative ethical method which without destroying any of the valuable insights of normative ethics reorients the discipline to consider human motivation and intention before investigating behavioral options for realizing one's

end Evidence from the New Testament warrants the formation of a teleological method for theological ethics which is further elaborated in the approach taken by Thomas Aquinas Unfortunately the insights of the latter were misinterpreted at the time of the counter reformation Joseph A Selling s analysis of moral theological textbooks demonstrates the entrenchment of a normative method aimed at identifying sins in service to the practice of sacramental confession With a firm basis in the teaching of Vatican II the human person integrally and adequately considered provides the fundamental criterion for approaching ethical issues in the contemporary world The perspective then turns to the crucial question of describing the ends or goals of ethical living by providing a fresh approach to the concept of virtue Selling concludes with suggestions about how to combine normative ethics with this alternative method in theological ethics that begins with the actual ethical orientation of the human person toward virtuous living Erotic Attunement Cristina L. H. Traina,2011-06-15 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context This book probes the disquieting issue of how we can draw a clear line between natural affection towards children and perverse exploitation of them *Sexuality and the Sacred, Second Edition* Marvin M. Ellison,Kelly Brown Douglas,2010-09-21 Christian discourse on sexuality spirituality and ethics has continued to evolve since this book s first edition was published in 1994 This updated and expanded anthology featuring more than thirty contemporary essays includes more theologians and ethicists of color and addresses issues such as the intersection of race racism and sexuality transgender identity same sex marriage and reproductive health and justice *Free and Faithful in Christ: General moral theology* Bernhard Häring,1979 Library owns volume 3 Light to the world **Between the Sexes** Lisa Sowle Cahill,1989 The basis for a Christian sexual ethic says Cahill is a correlation of four sources Scripture Christian tradition of faith theology and practice philosophy normative accounts and the empirical sciences descriptive accounts *Sexuality and Medicine* E.E. Shelp,2012-12-06 It may be unnecessary to some to publish a text on sexuality in 1986 since the popular press speaks of the sexual revolution as if it were over and was possibly a mistake Some people characterize society as too sexually obsessed and there is an undercurrent of desire for a return to a supposedly simpler and happier time when sex was not openly discussed displayed taught or even presumedly contemplated Indeed we are experiencing something of a backlash against open sexuality and sexual liberation For example during the 60s and 70s tolerance of homosexual persons and homosexuality increased Of late there has been a conservative backlash against gay rights laws Sexual intercourse before marriage which had been considered healthy and good has been of late characterized as promiscuous In fact numerous articles have appeared about the growing popularity of sexual abstinence There is a renewed vigor in the fight against sex education in the schools and an anti pornography battle being waged by those on the right and those on the left who organize under the guise of such worthy goals as deterring child abuse and rape but who are basically uncomfortable with diverse expressions of sexuality One would hope that such trends and the ignorance about sex and sexuality that they reflect would not touch medical professionals That

Dr *Sex, Gender, and Christian Ethics* Lisa Sowle Cahill, 1996-08-28 This book endorses feminist critiques of gender yet upholds the insight of traditional Christianity that sex commitment and parenthood are fulfilling human relations Their unity is a positive ideal though not an absolute norm Women and men should enjoy equal personal respect and social power In reply to feminist critics of oppressive gender and sex norms and to communitarian proponents of Christian morality Cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity She thus adopts a critical realism as its moral foundation drawing on Aristotle and Aquinas Moral judgment should be based on reasonable practical prudent and cross culturally nuanced reflection on human experience This is combined with a New Testament model of community centred on solidarity compassion and inclusion of the economically or socially marginalised **Leaving and Coming Home** David M. Transition and Tradition in Moral Theology Charles E. Curran,1979

The Primacy of Love Paul J. Wadell,2009-03-01 Thomas Aquinas was a man with a strategy not a strategy to assist us in good decision making or a strategy to help us resolve our problems of conscience but a strategy to work toward our personal transformation in light of God s love for us Aquinas has traditionally

been represented as a man whose ethics are overly rational excessively formal and too scholarly to be of much use in contemporary society The Primacy of Love gives us a fresh look at his ethical thought and invites us to become part of his vision of the moral life as partners in God's perfect love Author Paul Wadell gives special attention to the role of the passions affections and emotions in our moral life and creates a richly humane and compelling study written in a clear and accessible style The Primacy of Love is a modern map for our own moral journey that is not so much something to study but a way of life in which to participate To follow this journey is to take up an adventure that will involve you from the center of your being and will change you forever

Happiness and the Christian Moral Life Paul J. Wadell, 2024-10-29 As one of the most widely adopted textbooks in the field Happiness and the Christian Moral Life introduces students to Christian ethics through the lens of happiness Drawing on classical and contemporary Christian sources Paul Wadell proposes that the heart of the moral life is not rules and obligations but our deep desire for happiness and fulfillment The fourth edition of this accessible and student friendly text has been revised and updated throughout It introduces Christian ethics with sensitivity towards readers who may not be Christian themselves After setting out the principal argument of the book in the opening chapter subsequent chapters explore the importance of narrative or story for Christian ethics a Christian understanding of the person and vocation the role of the virtues in our quest for happiness the centrality of justice in the moral life the place of friendship and community in a good and flourishing life a Christian theology of freedom how sin hinders one's growth in happiness the meaning and importance of conscience and a Christian understanding of love The fourth addition also includes new sections on several topics such as the Beatitudes forgiveness and reconciliation the social thought of Pope Francis the challenges of climate change and global warming recent thinking on gender and sexual ethics by theologian Bridget Burke Ravizza a politics of charity and racism and ongoing racial conflict This edition also features fresh global examples revised introductions to key thinkers and figures expanded treatment of the theological virtues and a list of key terms at the end of every chapter

Selling All Sandra Marie Schneiders, 2001 An examination of the internal reality of contemporary religious life particularly that of ministerial women religious in the first world setting through the focusing lenses of commitment consecrated celibacy and community

Marriage After Modernity Adrian Thatcher, 1999-01-01 This book offers nothing less than a new vision for Christian marriage at a time of unprecedented social and theological change It breaks new ground in drawing on earlier traditions of betrothal and informal marriage in welcoming some forms of pre marital cohabitation and provides a new defence of the link between marriage and procreation by sketching a theology of liberation for children Christian principles for the use of contraception by married and not yet married couples are restated and a comprehensive theology of marriage is worked out based on reworked biblical models Marriage as a Christian sacrament mutually administered in a lifelong partnership of equals is affirmed A chapter on divorce brings new light to bear on legitimate theological grounds for the parting of the ways The question of whether marriage is a heterosexual institution is addressed

and particular attention is paid throughout the book to overcoming the distorting effect of the overwhelming androcentric bias of much Christian thought on marriage to the experience of wives and to all those women and men for whom marriage is not their vocation Routledge Revivals: Homosexuality: A Research Guide (1987) Wayne R. Dynes, 2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology Gays and Grays Donal Godfrey, 2007-07-20 Gays and Grays tells the story of a unique Catholic parish Most Holy Redeemer Parish in San Francisco is in the center of the world's first gay neighborhood The Castro This parish was the center of the hostility to the arriving gay population in the 1970s but paradoxically was itself transformed into a welcoming parish The old time parishioners the gray bonded with the new comers the gay particularly in a joint compassionate response to the crisis of AIDS A charismatic pastor FR Tony McGuire also played a key role in the transformation of this interesting parish Most Holy Redeemer was changed from a dying parish to a vital place where gay and straight people together created something new Father Donal Godfrey shows how this parish became prophetic and compassionate through conflict and compromise at times despite opposition from many sources including the institutionalized homophobia of the church and society Rather than becoming embittered the parish opened up to be a place of healing and indeed sanctuary for many This book tells this fascinating story and why it is significant beyond the scope of San Francisco Most Holy Redeemer is a place which has remained within the institution while at the same time challenging it with grace and humor This accessible and moving book is appropriate for all levels of students of congregational studies Sociology of Religion Gay or Queer Studies and Religion courses
