Lethal Repetition Richard Dyer,2015-11-29 Serial killing is an extremely rare phenomenon in reality that is none theless remarkably widespread in the cultural imagination Moreover despite its rarity it is also taken to be an expression of characteristic aspects of humanity masculinity or our times Richard Dyer investigates this paradox focusing on the notion at its heart seriality He considers the aesthetics of the repetition of nastiness and how this relates to the perceptions and anxieties that images of serial killing highlight in the societies that produce them Shifting the focus away from the US which is often seen as the home of the serial killer *Lethal Repetition* instead examines serial killing in European culture and cinema ranging from Scandinavia to the Mediterranean and from Britain to Romania Spanning all brows of cinema including avant garde art mainstream and trash Dyer provides case studies on Jack the Ripper the equation of Nazism with serial killing and the Italian giallo film to explore what this marginal and uncommon crime is being made to mean on European screens

Athletes Breaking Bad John C. Lamothe,Donna J. Barbie,2020-07-15 At their basic level sporting events are about numbers wins and losses percentages and points shots and saves clocks and countdowns However sports narratives quickly leave the realm of statistics The stories we tell and retell sometimes for decades make sports dramatic and compelling Just like any great drama sports imply conflict not just battles on the field of play but clashes of personalities goals and strategies In telling these stories we create heroes but we also create villains This book is about the latter those players who transgress norms and expectations and who we label the bad boys of sports Using a variety of approaches these 13 new essays examine the cultural social and rhetorical implications of sports villainy Each chapter focuses on a different athlete and sport questioning issues such as how notorious sports figures are defined to be bad within particular sports and within the larger culture the role media play in creating antiheroes fan reactions when players cross boundaries and how those boundaries shift depending on the athlete s gender sexuality and race

Lars von Trier's Women Rex Butler, David Denny, 2016-11-17 The Danish director Lars von Trier is undoubtedly one of the world's most important and controversial filmmakers and arguably so because of the depiction of women in his films He has been criticized for subjecting his female characters to unacceptable levels of violence or reducing them to masochistic self-abnegation as with Bess in *Breaking the Waves* She in *Antichrist* and Joe in *Nymphomaniac* At other times it is the women in his films who are dominant or break out in violence as in his adaptation of Euripides *Medea* the conclusion of *Dogville* and perhaps throughout *Nymphomaniac* Lars von Trier's *Women* confronts these dichotomies head on Editors Rex Butler and David Denny do not take a position either for or against von Trier but rather consider how both attitudes fall short of the real difficulty of his films which may simply not conform to any kind of feminist or indeed anti-feminist politics as they are currently configured Using Lacanian psychoanalysis and acknowledging the work of prior scholars on the films Lars von Trier's *Women* reveals hidden resources for a renewed feminist politics and social practice
