Jeffrey Ogbonna Green Ogbar

Sexual Politics In America:

Sexual Politics Shannon Gilreath, 2006 Gilreath's *Sexual Politics* is an update to the continuing debate over the place of gay people in American law politics and religion Gilreath navigates a number of complex issues including the delicate balance between sexual privacy and public equality the entwining of religion and U S Law and politics and gay marriage

Asian American Sexual Politics Rosalind S. Chou, 2012-06-07 *Asian American Sexual Politics* explores the topics of beauty self esteem and sexual attraction among Asian Americans The book draws on sixty in depth interviews to show how constructions of Asian American gender and sexuality tend to reinforce the social and political dominance for whites particularly white males even in the supposed post racial United States Drawing on established scholarship on the intersection of race gender and sexuality *Asian American Sexual Politics* shows how power dynamics shape the lives of young Asian Americans today Asian American women are often constructed as hyper sexual docile bodies while Asian American men are often racially castrated The book's interview excerpts show the range of frames through which Asian Americans approach the world as well as the counter frames they construct In the final chapter author Rosalind S Chou offers strategies for countering racialized and sexualized oppression This provocative book shows how persistent racism affects Asian

American body image self esteem and intimate relationships Black Sexual Politics Patricia Hill Collins, 2004-08-02 In *Black Sexual Politics* one of America's most influential writers on race and gender explores how images of Black sexuality have been used to maintain the color line and how they threaten to spread a new brand of racism around the world today

Sexual Politics, Sexual Communities John D'Emilio, 1998-10 With thorough documentation of the oppression of homosexuals and biographical sketches of the lesbian and gay heroes who helped the contemporary gay culture to emerge *Sexual Politics Sexual Communities* supplies the definitive analysis of the homophile movement in the U S from 1940 to 1970 John D Emilio's new preface and afterword examine the conditions that shaped the book and the growth of gay and lesbian historical literature How many students of American political culture know that during the McCarthy era more people lost their jobs for being alleged homosexuals than for being Communists These facts are part of the heretofore obscure history of homosexuality in America a history that John D Emilio thoroughly documents in this important book George DeStefano Nation John D Emilio provides homosexual political struggles with something that every movement requires a sympathetic history rendered in a dispassionate voice New York Times Book Review A milestone in the history of the American gay movement Rudy Kikel Boston Globe *Black Sexual Politics* Patricia Hill Collins, 2004 Caricatures of Black sexuality saturate American popular culture in bootylicious rap videos and paternity tests on the Jerry Springer show Blacks have been cast as hypersexual animals in Western culture since a scantily clad Hottentot Venus was displayed in a cage in Paris in the 1800s In *Black Sexual Politics* one of America's most influential writers on race and gender explores how images of Black sexuality have been used to maintain the color line and how they threaten to spread a new brand of racism around the world

today The ideal of pure white womanhood Collins argues required the invention of hot blooded Latinas exotic Suzy Wongs and wanton jezebels images that persist in the media today in everything from animal skin bikinis to the creation of the welfare mom Men confront a similar bias in a society that defines African American males as drug dealers brutish athletes irresponsible fathers and rapists Collins dissects the widespread impact of these distorted messages as she explores African American love relationships sex in youth culture interracial romance sexual violence and HIV AIDS A revolutionary work that touches the intimate and public lives of all African Americans *Black Sexual Politics* brilliantly illuminates the subtle interplay of race sex and politics in American culture today This title available in eBook format Click here for more information Visit our eBookstore at www.ebookstore.tandf.co.uk *Sexual Politics in America* Oliver Trager, 1994 **Seeing Nature**

Through Gender Virginia Scharff, 2003 Environmental history has traditionally told the story of Man and Nature Scholars have too frequently overlooked the ways in which their predominantly male subjects have themselves been shaped by gender *Seeing Nature through Gender* here reintroduces gender as a meaningful category of analysis for environmental history showing how women's actions desires and choices have shaped the world and seeing men as gendered actors as well In thirteen essays that show how gendered ideas have shaped the ways in which people have represented experienced and consumed their world Virginia Scharff and her coauthors explore interactions between gender and environment in history Ranging from colonial borderlands to transnational boundaries from mountaintop to marketplace they focus on historical representations of humans and nature on questions about consumption on environmental politics and on the complex reciprocal relations among human bodies and changing landscapes They also challenge the ecofeminist position by challenging the notion that men and women are essentially different creatures with biologically different destinies Each article shows how a person or group of people in history have understood nature in gendered terms and acted accordingly often with dire consequences for other people and organisms Here are considerations of the ways we study sexuality among birds of William Byrd's masking sexual encounters in his account of an eighteenth century expedition of how the ecology of fire in a changing built environment has reshaped firefighters own gendered identities Some are playful as in a piece on the evolution of snow bunnies to shred betties Others are dead serious as in a chilling portrait of how endocrine disrupters are reinventing humans animals and water systems from the cellular level out Aiding and adding significantly to the enterprise of environmental history *Seeing Nature through Gender* bridges gender history and environmental history in unexpected ways to show us how the natural world can remake the gendered patterns we've engraved on ourselves and on the planet

Petro-sexual Politics Heather M. Turcotte, 2008 **Sexual Politics, Sexual Communities** John D'Emilio, 2012-04-26 With thorough documentation of the oppression of homosexuals and biographical sketches of the lesbian and gay heroes who helped the contemporary gay culture to emerge *Sexual Politics Sexual Communities* supplies the definitive analysis of the homophile movement in the U S from 1940 to 1970 John D'Emilio's new preface and afterword examine the conditions that

shaped the book and the growth of gay and lesbian historical literature How many students of American political culture know that during the McCarthy era more people lost their jobs for being alleged homosexuals than for being Communists These facts are part of the heretofore obscure history of homosexuality in America a history that John D Emilio thoroughly documents in this important book George DeStefano Nation John D Emilio provides homosexual political struggles with something that every movement requires a sympathetic history rendered in a dispassionate voice New York Times Book Review A milestone in the history of the American gay movement Rudy Kikel Boston Globe *How to Read a Film* James Monaco,1977 **Culture Wars and Local Politics** Elaine B. Sharp,1999 This collection offers alternative explanations of local actions with a focus on conflict It features examples of experiences selected from various cities It examines how the responses of local governments to specific issues are influenced by such factors as political culture and institutions **The Case for Gay Rights** David A. J. Richards,2005 As Americans wrestle with debates over traditional values defense of marriage and gay rights reason often seems to take a back seat to emotion In response legal scholar Richards reflects upon the constitutional and democratic principles relating to privacy intimate life free speech tolerance and conscience that underpin these often heated debates The distillation of Richards s thirty year advocacy for the rights of gays and lesbians his book provides a reflective treatise on basic human rights that touch all of our lives He places in context two key Supreme Court cases the 1986 Bowers v Hardwick decision and the 2003 Lawrence v Texas decision which overturned it Drawing upon his own experiences as a gay man Richards interweaves personal observations with philosophical political judicial and psychological insights to make a case that gays should be entitled to the same rights and protections that every American enjoys From publisher description **Gender, Politics and Communication** Annabelle Sreberny,Liesbet van Zoonen,2000 This text focuses specifically on three interrelated sets of questions with respect to gender politics and communication How do serious and popular media alike represent male and female politicians how do they frame their politics and how can these representations and frames be explained What is the role of mainstream and movement media for the women s movement how are feminist issues covered in the media and what kinds of media related activities do women s movements undertake How are the social and political concerns of ordinary women voiced in the media in talkshows in particular and how does this different popular platform interact with mainstream and feminist politics *Hip-hop Revolution* Jeffrey Ogbonna Green Ogbar,2007 As hip hop artists constantly struggle to keep it real this fascinating study examines the debates over the core codes of hip hop authenticity as it reflects and reacts to problematic black images in popular culture placing hip hop in its proper cultural political and social contexts *Morality Politics in American Cities* Elaine B. Sharp,Yvette M. Alex-Assensoh,2005 Topless bars casino gambling needle exchange programs for drug addicts there s no question morality issues remain front and center in urban politics Presenting a systematic analysis of culture war issues at the local level Elaine Sharp shows how American cities deal with these ongoing concerns Drawing on a sample of ten strategically chosen cities

she explains differences in how municipalities respond to controversies surrounding sex business abortion clinics legalized gambling gay rights and drug use By analyzing the relative importance of subculture economics and institutional arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues Far more than a statistical study *Morality Politics in American Cities* is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly informative case studies that will captivate students and interested citizens alike Mayors public health directors activists and others speak their minds about the pros and cons of these controversies Here are officials in one city confronting the Vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs These stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues They also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues Overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are more important than previously thought in terms of morality issue decisions As provocative as it is informative *Morality Politics in American Cities* demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve Its conclusions however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define American politics

Cuttin' Up Court Carney, 2009 Reveals how the new technologies of mass culture the phonograph radio and film played a key role in accelerating the diffusion of jazz as a modernist art form across the nation's racial divide Focuses on four cities New Orleans New York Chicago and Los Angeles to show how each city produced a distinctive style of jazz

Asian American Sexual Politics Rosalind S. Chou, 2012-06-07 *Asian American Sexual Politics* explores beauty self esteem and sexual attraction among Asian Americans Drawing on sixty in depth interviews this book shows how constructions of Asian American gender and sexuality reinforce the social and political dominance for whites and

Sexuality, Politics, and Social Control in Virginia, 1920-1945 Pippa Holloway, 2006 *Sexuality Politics and Social Control in Virginia 1920 1945*

Enduring Liberalism Robert Booth Fowler, 1999 *Enduring Liberalism* pursues two objectives One it explores the political thought of public intellectuals and the general public since the 1960s Two it assesses contemporary and classic interpretations of American political thought in light of the study's findings

BOOK JACKET

Embattled Eros Steven Seidman, 1992 Between the 60s and the 80s he argues there transpired neither a sexual revolution nor counter revolution but a heightened conflict over the meaning of sex its relation to pleasure romance and self identity its proper moral role in private and public life In part two Seidman's primary purpose is to analyze moral arguments over sexual norms and practices He chooses the sex debates that occurred

within feminism and the gay male community in the late 70s through the 80s as his sites for moral engagement as it is here that the debate over sexual ethics has been given its fullest elaboration In conclusion Seidman offers a pragmatic ethic that revolves around the concept of sexual and social responsibility as a bridge between libertarians and romanticists
