Carstarphen, Susan Zavoina, 1999-12-30 This work explores through case studies and critical analyses how media depictions affect the social construction of gender sexuality and identity Through a combination of historical and contemporary topics scholars examine the stereotypical portrayal of women and men and the contexts within which these stereotypes are illustrated The studies also discuss the sociopolitical implications of symbols and images associated with these gender representations Concrete references to particular media support both the methodological and theoretical approaches of the different essays These quantitative and qualitative studies expose the myriad ways in which the media intervenes in our perception of popular culture Media and mass communication scholars will appreciate the many different media forms these essays encompass The multicultural and gendered perspectives that comprise these writings will also appeal to students and educators of gender studies and contemporary rhetoric Chapters are grouped in subsections that include newspaper visual image in media magazine television video film and cyberspace

*Stripped* Maggie M. Werner, 2020-11-11 Stripped examines the ways in which erotic bodies communicate in performance and as cultural figures Focusing on symbols independent of language Maggie M Werner explores the signs and signals of erotic dance audience responses to these codes and how this exchange creates embodied rhetoric Informed by her own ethnographic research conducted in strip clubs and theaters Werner analyzes the movement dress and cosmetic choices of topless dancers and neo burlesque performers Drawing on critical methods of analysis she develops approaches for interpreting embodied erotic rhetoric and the marginal cultural practices that construct women s public erotic bodies She follows these bodies out into the streets into the protest spaces where sex workers and anti rape activists challenge discourses about morality and victimhood and struggle to remake their own identities Throughout Werner showcases the

voices of these performers and in the analyses shares her experiences as an audience member interviewer and paying customer The result is a uniquely personal and erudite study that advances conversations about women s agency and erotic performance moving beyond the binary that views the erotic body as either oppressed or empowered Theoretically sophisticated and delightfully intimate Stripped is an important contribution to the study of the rhetoric of the body and to rhetorical and performance studies more broadly

**Sexual Sports Rhetoric** Linda K. Fuller,2010 Sexual Sports Rhetoric Historical and Media Contexts of Violence deals with controversies surrounding the notion of sport violence added to the equation of gender and language Topics discussed range from hooliganism spousal abuse and racial and or gender orientation issues to literary televised filmic and photographic pornographic images of sports violence The sports represented include ice hockey stock car racing football body building baseball boxing rugby wrestling and pool

**The Sexual Constitution of Political Authority** Aleardo Zanghellini,2015-04-24 While there is no shortage of studies addressing the state s regulation of the sexual research into the ways in which the sexual governs the state and its attributes is still in its infancy The Sexual Constitution of Political Authority argues that there are good reasons to suppose that our understandings of state power quiver with erotic undercurrents The book maintains more specifically that the relationship between ideas of political authority and male same sex desire is especially fraught Through a series of case studies where a statesman s same sex desire was put on trial either literally or metaphorically as a problem for the good exercise of public powers the book shows the resilience and adaptability of cultural beliefs in the incompatibility between public office and male same sex desire Some of the case studies analysed are familiar ground for both political constitutional history and the history of sexuality The Sexual Constitution of Political Authority argues however that only by systematically reading questions of institutional politics and questions of sexuality through each other will we have access to the most interesting insights that a study of these trials can generate Whether they involve obscure public officials or iconic rulers such as Hadrian and James I these compelling fragments of queer history reveal that the disavowal of male same sex desire has been and partly remains central to mainstream understandings of political authority

**Patriarchs, Prophets and Other Villains** Lisa Isherwood,2016-04-08 Patriarchs Prophets and Other Villains takes as a starting point the hermeneutics of suspicion The

book illustrates the way in which texts and interpretations have been manipulated for the purpose of power and control Through careful counter readings it challenges the ways in which the female divine has been pushed back by relentless male interpretation and misrepresentation The essays range across liberation theology and queer theory to sexual hospitality and the Song of Songs as a challenge to hetero patriarchy The book provides an accessible resource for any student interested in the ways in which narrow readings of Scripture can become a power base for hierarchies of exclusion **Sexuality and the Black Church** Douglas, Kelly Brown, 2018-09-26 *Sex Expression and American Women Writers, 1860-1940* Dale M. Bauer, 2009-01-01 American women novelists of the late nineteenth and early twentieth centuries registered a call for a new sexual freedom Dale Bauer contends By creating a lexicon of sex expression many authors explored sexuality as part of a discourse about women s needs rather than confining it to the realm of sentiments where it had been relegated if broached at all by earlier writers This new rhetoric of sexuality enabled critical conversations about who had sex when in life they had it and how it signified Whether liberating or repressive sexuality became a potential force for female agency in these women s novels Bauer explains insofar as these novelists seized the power of rhetoric to establish their intellectual authority Thus Bauer argues they helped transform the traditional ideal of sexual purity into a new goal of sexual pleasure defining in their fiction what intimacy between equals might become Analyzing the work of canonical as well as popular writers\_ including Edith Wharton Anzia Yezierska Julia Peterkin and Fannie Hurst among others\_ Bauer demonstrates that the new sexualization of American culture was both material and rhetorical Persuasive Imagery Linda M. Scott, Rajeev Batra, 2003-04-02 This volume synthesizes and advances existing knowledge of consumer response to visuals Representing an interdisciplinary perspective contributors include scholars from the disciplines of communication psychology and marketing The book begins with an overview section intended to situate the reader in the discourse The overview describes the state of knowledge in both academic research and actual practice and provides concrete sources for scholars to pursue Written in a non technical language this volume is divided into four sections Image and Response illustrates the difficulty encountered even in investigating the basic influences processes and effects of mere exposure to imagery Image and Word presents instances in which the line between words and pictures is blurred such as the corporate logo which is often pictorial in nature but communicates on an abstract level usually attributed to words Image and the Ad contributes to our appreciation for the exquisite variations among advertising texts and the resultant variability in response not only to different ads but among different viewers of the same ad Image and Object carries the inquiry of visual response over the bridge toward object interaction Having traveled a path that has gone from the precise working of the brain in processing visual stimuli all the way to the history of classical architecture readers of this volume will have a new respect for the complexity of human visual response and the research that is trying to explain it It will be of interest to those involved in consumer behavior consumer psychology advertising marketing and visual communication *In Search of Jonathan* Lena-Sofia Tiemeyer, 2023 In Search

**Americanization of History** Kathleen McDonald, 2010-10-12 This collection of essays searches for how history and literature translate into filmic texts that then reflect the time and place of the translation Major motion pictures as well as television movies and series are the sites of this exploration The opening essay surveys what films tell us it means to be set in a medieval time while the second looks at one of the most powerful movie studios since the earliest days of movie making Walt Disney Studios The second section investigates classic Americana by delving specifically into the hegemonic power of Walt Disney Studios by considering the union between the American pastime of baseball and the great white way of Broadway and by discovering the constantly morphing relationship of the icons of the Wild West Section three looks at characters living outside of roles considered socially appropriate in their world vampire slayers mobsters and those with multiple personalities The fourth section studies how present day mores of power and beauty control revisions of historically based stories through issues of vengeance race sexuality and the notion of beauty itself The final section takes up the question of what it means to historicize the present moment and analyzes the current period via a very popular and long running show s depiction of sexuality as accepted or rejected within a paradigm that appears not merely to tolerate but actively to promote deviance The last essay questions the very concepts of time and history themselves The articles do not reach one conclusion regarding this topic but instead provide a variety of perspectives which help to theorize the issue for the discerning reader
