Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse Shonali

Choudhury, Jennifer Toller Erausquin, Mellissa Withers, 2017-09-19 This expansive survey spotlights pervasive issues affecting girls and women's sexual and reproductive health across the lifecourse. Research from diverse countries around the world analyzes the complex relationships among biological, psychological, sociocultural, and economic issues, particularly in terms of inequities as they shape women's lives. Major challenges and possibilities for intervention are examined in their national context and with their global implications, including child marriage, motherhood, reproductive care, and access to fertility, childbearing, contraception, abortion, HIV, STIs, gender-based violence, sexual pleasure, and menopause. In these forceful dispatches, a consistent human rights perspective emphasizes women's control, autonomy, and agency in all stages of their lives. A sampling of topics covered: Girl child marriage, a persistent global women's health and human rights violation; Investigating challenges and resilience among women living with obstetric fistula in Kenya; A qualitative exploration of mainstream and social media reflections on abortion; A continuum of severity of sexual intimate partner violence among black women in the United States; Economic empowerment to improve sexual and reproductive health among women and girls. Summarizing an interdisciplinary field on research and practical levels, *Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse* will be an invaluable text for undergraduate and graduate courses in a wide range of fields, including public health, global health, women's studies, sociology, anthropology, gender studies, and human rights.

Sexual Ethics Stanley James Grenz, 1997-01-01 In this biblically grounded study, Stanley Grenz synthesizes theology, ethics, and current medical research to offer an evangelical perspective on the profound role that sexuality does and should play in our lives today. Understanding the Culture Jeff Myers, 2017-03-01 Addressing issues such as gender identity, abortion, technology, and poverty, Dr. Myers challenges readers to ask, "How can an authentic Christian worldview provide a compassionate, effective witness in culture today?" Dr. Myers first shows readers what they can learn from Christian history and why today's issues might not be as new as they seem. Then he takes them through the significant topics that affect them every day, offering biblical ideas for conversing with others in an increasingly hostile culture. This capstone book to a groundbreaking worldview trilogy equips readers to apply a bold Christian witness to their relationships with loved ones, neighbors, and colleagues.

The Quest for Gender Equity in Leadership KeumJu Jewel Hyun, Diphus Chosefu Chemorion, 2016-07-29 The call for gender equity in leadership has become a global concern. From a Christian perspective, all forms of gender prejudice are sinful because they violate God's intention for creating both men and women in God's image. Although many Christian authors have published books and journal articles to address gender-based injustice, very few publications have approached the subject from an African perspective. This book is meant to fill the existing gap. With a specific reference to the African

context this book explores the phenomenon of equity in leadership from various dimensions such as African culture and traditional religion church tradition biblical interpretation as well as from the perspective of contemporary socio economic and political realities in Africa By giving vivid examples of success stories of men and women working together the authors have demythologized the view that women cannot be leaders In addition this book is intended for general readership by Christian men and women throughout the globe For universities and colleges that teach gender studies as a subject the book can serve as a class text or reference resource Seminaries and theological institutions will also find it handy for training and mentoring Christians to promote equity in the church ministry business and family
