Sexualität Und Neurose Im Film:

Sexualität und Neurose im Film Hans Scheugl, 1974 **Nazi Propaganda Films** Rolf Giesen, 2015-09-11 Hitler and the Nazis saturated their country with many types of propaganda to convince the German citizenry that the Nazi ideology was the only ideology. One type of propaganda that the Nazis relied on heavily was cinematic. This work focuses on Nazi propaganda feature films and feature length documentaries made in Germany between 1933 and 1945 and released to the public. Some of them were Staatsauftragsfilme films produced by order of and financed by the Third Reich. The films are arranged by subject and then alphabetically and complete cast and production credits are provided for each. Short biographies of actors, directors, producers and other who were involved in the making of Nazi propaganda films are also provided.

Routledge Revivals: Homosexuality: A Research Guide (1987) Wayne R. Dynes, 2017-02-17 First published in 1987, this book encompasses a broad range of interdisciplinary research into homosexuality, displaying a full spectrum of points of view. Given that the major traditions of modern homosexual research began in Europe, it is not restricted to works in English. In general, topics that are densely covered in the literature are presented in this guide selectively, with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research. It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods. This book will be of interest to students of sociology.

Conrad Veidt, Demon of the Silver Screen Sabine Schwientek, 2023-06-20 This book depicts the life of Conrad Veidt, 1893-1943, the defining German actor of Expressionist cinema in the 1920s. His legendary performance in *Das Cabinet des Dr. Caligari* (1919/20) earned him the epithet 'Demon of the Screen' and made Veidt an international star. To this day, Veidt is considered an icon of early horror film. He showed his acting range in more than a hundred films, among them masterpieces such as *The Indian Tomb* (1921), *Orlac's Hands* (1924), *The Man Who Laughs* (1928), *The Thief of Bagdad* (1940) and *Casablanca* (1942). Conrad Veidt used his acting career to become socially and politically involved, starting with the film *Anders als die Anderen*, the first film to advocate homosexual rights in 1919. After the Nazis came to power, he left Germany to protest anti-Semitism and Nazi rule. Along with his biography, this book provides insights into the development of filmmaking from its beginnings through the 1940s, an epoch of cinematic art marked by technical innovations like sound and color film and by world-shaking events including the two world wars.

Veit Harlan Frank Noack, 2016-04-08 Veit Harlan 1899 1964 was one of Germany's most controversial and loathed directors After studying with theatre and film pioneer Max Reinhardt and beginning a promising career he became one of Joseph Goebbels's leading filmmakers under the National Socialist regime Harlan's Jud Süß Jew Süss 1940 in particular stands as one of the most artistically distinct and morally reprehensible films produced by the Third Reich His involvement with this movie has led to many critical questions Was the director truly forced to make the film under penalty of death Is anti-Semitism a theme in his other productions Can and should his work be studied in light of the horrors of Nazism and the Holocaust The first English language biography of the notorious director Veit Harlan presents an in depth portrait of the man who is arguably the only Nazi filmmaker with a distinct authorial style and body of work Author Frank Noack reveals that both Harlan's life and work were marked by creative vision startling ambiguities and deep moral flaws His meticulously detailed study explores the director's influence on German cinema and places his work within the contexts of World War II and film history as a whole Rivalled only by Leni Riefenstahl Veit Harlan remains one of Germany's most infamous filmmakers and virtually every book on Nazi cinema contains at least one chapter about Harlan or an analysis of one of his movies This biography supplemented by production histories and rare interviews with actors actresses and cameramen offers the first comprehensive analysis of the director and his work and adds new perspective to the growing body of scholarship on filmmaking under the Third Reich

Medizin und Krankheit im frühen Kino Dennis Henkel, 2025-04-19 Das frühe Kino der Stummfilm ca 1895 1927 erscheint vielen Zuschauern auch heute noch in einem unschmeichelhaften Licht Oft wird es als eine Art unfertiger Vorläufer des Tonkinos des richtigen Films wahrgenommen welcher neben der Tonlosigkeit auch noch zu theatralischem Schauspiel Schwarz-Weiß-Optik und hektisch beschleunigter Wiedergabegeschwindigkeit neige Opas Kino sagt der Volksmund Doch dieses Vorurteil verblasst Der Stummfilm wird als Kunstform wahrgenommen Der Autor begibt sich auf Spurensuche Welchen historischen Beitrag kann die Erschließung

dieser Kunstform mit ihrer Darstellung großer Fachgebiete wie Psychiatrie Neurologie Innere Medizin und Chirurgie leisten. Finden sich auch Disziplinen wie Zahnmedizin Gynäkologie oder Dermatologie wieder. In 453 untersuchten medizinischen Filmen finden sich viele ethische Kontroversen des frühen 20. Jahrhunderts z.B. Geburtenkontrolle Eugenik oder Homosexualität wieder, was das Potential des Kinos als Zeitzeuge unterstreicht. Seine unterschiedlichen Funktionen als Zeit- wie medizinhistorische Quelle und Spiegel der Gesellschaft werden herausgearbeitet, zudem können neue filmhistorische Strömungen definiert und das zentrale Leitmotiv der Medizindarstellung im frühen Film abgeleitet werden: die Iatro- und Pathophobie. Diese Ergebnisse offenbaren verborgene Qualitäten einer rasch zum Massenmedium avancierten Kunstform: die Denken und Handeln der Kinogänger und damit die Medizingeschichte prägte. Der Autor Dr. Dennis Henkel studierte Philosophie Theater Film Fernsehwissenschaften Kunstgeschichte an der Universität zu Köln. Er promovierte zum Thema Darstellung von Sucht und Drogen in frühen Film und ist seitdem als Dozent, Autor und Herausgeber und am Institut für Geschichte und Ethik der Medizin in Köln tätig. Zuletzt zum Thema Demenzzarstellung im Film: Eine abgewandelte Version des vorliegenden Buches wurde im Jahre 2024 als Habilitationsschrift an der Medizinischen Fakultät in Köln eingereicht.

Film noir Thomas Brandlmeier, 2020-03-13. Der Film noir in seiner klassischen Form von 1941 bis 1959 in Amerika angesiedelt, war ein Sammelbecken europäischer Filmemigranten. Vorläufer wie die Romane der *hard boiled school* und die Gangsterfilme der 1930er Jahre sowie die Rahmenbedingungen Kriegs- und Nachkriegsschock werden zum Gegenstand der Forschung. Brandlmeiers Um 1940 bricht sich die Psychoanalyse auch in den USA Bahn. Statt intakter Individuen hufen sich fortan Figuren mit psychologischen Krankheitsbildern wie Amnesie Schizophrenie Paranoia und Klaustrophobie. Moderne Varianten von *dipus* und Elektra werden inszeniert und Fetischismen jedweder Art thematisiert. Die *Femme fatale* wird durch die Faszination des *Homme fatal* ersetzt und auch Nekrophilie und lebende Tote tauchen als Motive auf. Der Film noir als Generalprobe der Postmoderne.
