## **Sexuality Learning Difficulties And Doing Whats Right:**

*Sexuality, Learning Difficulties and Doing What's Right* Gavin Fairbairn, Denis Rowley, Maggie Bowen, 2013-10-31 This book has resulted from the author's awareness of the difficulties that professionals and parents face in accepting the sexuality of the people with learning disabilities with whom they live and work. It has been written at a time when discussion of such difficulties and awareness of the prevalence of the sexual abuse of people with learning disabilities is becoming more and more common. Though they are difficult and distasteful at times, this analysis is stimulating, provocative and shocking.

*Sexuality and Disability* Elaine Cooper, John Guillebaud, 2017-12-02 Sexuality is an integral part of every person, but it is often difficult for people with a physical and/or learning disability to express their sexuality as they wish. This book provides a clear explanation of the issues concerning sexuality and disability for all professionals working in these sensitive areas.

**Sexualities: Past Reflections, Future Directions** Sally Hines, Yvette Taylor, 2012-05-09 This collection examines recent theoretical and methodological debates, shifts in law and policy, and social and cultural changes around sexuality. It sets out new ways of conceptualizing and researching sexuality and explores persistently marginalised and re-traditionalised sexual practices, subjectivities and identities.

*Sex and Relationships Education* Simon Blake, 2013-07-04 This book will enable and assist teachers responsible for organizing and delivering Sex and Relationships Education. It draws together the best available practice to support teachers in developing policy and classroom practice. It begins by looking at general principles and then focuses on primary, secondary and special schools, as well as pupil referral units. These chapters will provide a toolkit of ideas and approaches that teachers can use in the classroom. Included are practical exercises that can be done alone or in staff meetings to prepare yourself or a colleague to deliver SRE, a glossary of terms that will support you in answering children's and young people's questions, advice on choosing, developing and using resources, and a list of useful organizations and websites. The book will be particularly helpful to PSHE coordinators, Health Promotion Units, National Healthy School Standard coordinators, and SRE teachers in schools. LEA Advisors and Inspectors, and anyone involved in training and supporting teachers, will also find this a useful guide.

**BULLYING: An assault on human dignity**, 2020-04-28 This interdisciplinary collection explores bullying and the abuse of power in a range of settings in which they make themselves known, including schools, workplaces and institutions of higher education, from a range of perspectives including psychology, sociology, philosophy and ethics.

intervention as well as a clear and worked out example In addition the author addresses staff training group therapy accessing the criminal justice system and working with a multi disciplinary team      *Sexuality, Learning Difficulties and Doing What's Right* Gavin Fairbairn, Denis Rowley, Maggie Bowen, 2013-10-31 This book has resulted from the author's awareness of the difficulties that professionals and parents face in accepting the sexuality of the people with learning disabilities with whom they live and work It has been written at a time when discussion of such difficulties and awareness of the prevalence of the sexual abuse of people with learning disabilities is becoming more and more common Though they are difficult and distasteful at times this analysis is stimulating provocative and shocking      *Storytelling: Exploring the Art and Science of Narrative* Sara Shafer, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2013 The relationship between text aural oral and visual and human author and audience that is inherent in the act of storytelling reflects the fact that any story is a uniquely interactive and interdependent phenomenon This collection presents the reader with a truly interdisciplinary forum in which the art of storytelling is considered from the purview of rigorous academic inquiry To entirely ignore the aesthetics of storytelling however would be to devalue the profound and unspeakable connection to stories of all kinds that is a timeless aspect of the human experience The chapters within preserve the artistic grandeur of storytelling while strengthening and broadening the validity of the story as an area worth of rigorous academic pursuit The scope of inquiry represented by the chapters within demonstrates the fact that questions of architecture motive method and rhetoric have the power to enhance our experience of storytelling as an expression of the human spirit      *The Bounds of Responsibility* Tadeusz Lewandowski, Elisabeta Gabriela Ilie, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 This volume examines our fundamental obligations as humans The chapters offer innovative models and philosophies for responsible living covering the areas of consumption bioethics community inclusion disability the EU debt crisis and the body Each nevertheless grapples with the central question of what we owe others whether on the personal societal industrial governmental or international level and the problem of how far these responsibilities are realized and extended This book's title *The Bounds of Responsibility* is therefore meant to suggest both how responsibilities should in some cases be limited and can often be limiting For while we cannot take full responsibility for all those we encounter we can neither break away from the obligations that define humans In analysing responsibility's limits the authors formulate conclusions of differing degrees but agree on the imperative to integrate some substantial philosophy of responsible living into social and economic structures for the common good      *The Handbook of Clinical Intervention with Young People who Sexually Abuse* Gary O'Reilly, William L. Marshall, Alan Carr, Richard C. Beckett, 2004-08 This Handbook provides invaluable reviews of the growing body of empirical and theoretical knowledge in this field and clearly demonstrates how this knowledge can be used to guide and develop evidence based practice for assessment and treatment      *Routledge Library Editions: Special Educational Needs* Various, 2021-07-29 This set of 62 volumes originally published between 1951 and 1999

amalgamates a wide breadth of literature on Special Educational Needs with a particular focus on inclusivity class management and curriculum theory This collection of books from some of the leading scholars in the field provides a comprehensive overview of the subject how it has evolved over time and will be of particular interest to students of Education and those undertaking teaching qualifications

**Whose Choice?** Judith Coupe-O'Kane, Juliet Goldbart, 2018-09-03 First published in 1996 Three major and topical issues which affect the lives of people with learning difficulties and those who work and live with them are sexuality integration and age appropriateness These issues are contentious and controversial and there are no simple solutions In this book preconceived established and sometimes narrow views of what constitutes integration sexuality and age appropriateness are challenged and a discussion of thought provoking alternatives are explored from the perspective of the child or adult with learning difficulties

**Sexuality and Women with Learning Disabilities** Michelle McCarthy, 1999 Sexuality and Women with Learning Disabilities makes a significant contribution to both feminist and disability literature because it challenges common assumptions about the sexuality of people with learning disabilities forces a reconsideration of how this group of people are viewed by those around them and links gender and disability in its analysis Tizard Learning Disability Review By tackling issues that have received little meaningful attention McCarthy both makes a valuable contribution to the literature and provides a useful practical guide to those wishing to support their clients more effectively Mental Health and Learning Disabilities Care The thoroughness and attention to detail with which McCarthy has investigated and written about the sexual lives of a small number of women with mild to moderate learning difficulties is to be commended Drawing upon interviews with the women who participated in this study there is explicit detail about the reality of their sexual lives that overall comes across as sad poignant and often shocking with a high level of sexual abuse revealed however McCarthy has a strong code of ethics and sensitivity and a reflexive honesty about her role and stance as a feminist researcher that removes any possibility or suggestion of prurient voyeurism or exploitation being a part of this research McCarthy writes as a woman with and about women allowing their voices about their sexual experiences to be heard through the medium of in depth interviews Within the book the sexual experiences of women with learning disabilities are set in a wider policy and practice framework and discussed in relation to ideologies surrounding learning disability gender and sexuality in a cultural context The book ends with a chapter discussing and listing policy and practice recommendations including suggestions about changes to the law Overall this was a convincing and compelling book that deserves serious attention and I would strongly recommend it to anyone with an interest in learning disability issues including practitioners carers relatives advocates and counsellors CSPRD Newsletter In this study of women with mild and moderate learning disabilities Michelle McCarthy investigates how these women experience their sexual lives basing her research on interviews with the women themselves She argues the importance of informing the work of those responsible at research practice and policy levels with the voices of people with learning

disabilities In the interviews women talk openly about what form their sexual activity takes and what it means for them the circumstances in which it occurs and the pleasures or lack thereof associated with it These interviews directly shape the policy and practice recommendations the author makes Michelle McCarthy s findings suggest that women with learning disabilities commonly find themselves engaged in sexual activity which is not to their liking and not of their choosing A high level of sexual abuse was also reported The author discusses this in relation to the cultural forces which have influenced Western perceptions of sexuality feminism and theories and prejudices about learning disabilities She also studied the impact of institutional and community settings on the sexuality of women with learning disabilities In *Sexuality and Women with Learning Disabilities* McCarthy makes recommendations for policy and practice which will protect this vulnerable group and advises on education support and seeking justice for abused women

Practice Issues in Sexuality and Learning Disabilities Ann Craft,2004-08-02 *Practice Issues in Sexuality and Learning Disabilities* explores the sexual behaviour of people with learning difficulties and addresses issues of concern such as sexual abuse HIV and AIDS service provision for those from ethnic minorities the development of policy guidelines and the implementation of such guidelines in this intensely personal area Ann Craft draws upon professional expertise from a broad range of backgrounds including social work psychology and medicine She offers practical ideas and suggestions for service responses which acknowledge and respect the right of people with learning disabilities to express their sexuality in ways that are valued by other members of their society *Practice Issues in Sexuality and Learning Disabilities* will be of interest to all whose work or relationship brings them into contact with people with learning disabilities professionals carers parents advocates It will be invaluable to social workers practitioners in social work and health trainees training officers and voluntary organizations
