Ohio State Gazetteer and Business Directory for 1860-61 George W. Hawes, 1860 *Economic Relations between West Asia and Southeast Asia* Soo Ann Lee, The published papers and proceedings of an International Conference on Economic Relations between West Asia and Southeast Asia organized by the Institute of Southeast Asian Studies on 14-16 November 1977 in Singapore It presents the opinions of the economic relationship between West Asia and Southeast Asia held by cabinet ministers bankers financiers and academics from Iran the Arab States and Southeast Asia East Meets West Daniel A. Bell, 2000-05-08 Is liberal democracy a universal ideal Proponents of Asian values argue that it is a distinctive product of the Western experience and that Western powers shouldn't try to push human rights and democracy onto Asian states Liberal democrats in the West typically counter by questioning the motives of Asian critics arguing that Asian leaders are merely trying to rationalize human rights violations and authoritarian rule In this book written as a dialogue between an American democrat named Demo and three East Asian critics Daniel A Bell attempts to chart a middle ground between the extremes of the international debate on human rights and democracy Bell criticizes the use of Asian values to justify oppression but also draws on East Asian cultural traditions and contributions by contemporary intellectuals in East Asia to identify some powerful challenges to Western style liberal democracy In the first part of the book Bell makes use of colorful stories and examples to show that there is a need to take into account East Asian perspectives on human rights and democracy The second part a fictitious dialogue between Demo and Asian senior statesman Lee Kuan Yew examines the pros and cons of implementing Western style democracy in Singapore The third part of the book is an argument for an as yet

unrealized Confucian political institution that justifiably differs from Western style liberal democracy This is a thought provoking defense of distinctively East Asian challenges to Western style liberal democracy that will stimulate interest and debate among students of political theory Asian studies and international human rights
