## **Shadow Of Sunrise Selected Stories Of Japan And The War:**

**The Shadow of Sunrise** Shōichi Saeki, 1966 *The shadow of sunrise: selected stories of Japan and the war; selection and introduction by Shoichi Saeki* Shoichi SAEKI, 1966 **Under Fire: Women and World War II** Eveline Buchheim, Ralf Futselaar, 2014 Since the 1970s when the dominance of military histories of the World Wars ended and social historical histories of conflict rose to prominence women have come to play an increasingly important role in mainstream stories about the Second World War. Although this is undeniably a valuable development the perspectives on women that arose have in many respects remained limiting although in new ways. Women have been portrayed as carers as victims notably of sexual violence but rarely as agents of their own fate. This volume focuses on this last group. In spite of the undeniable suffering and victimization that befell so many women during the war for others the war also opened opportunities and awakened ambitions. The articles in this volume which cover both Europe and Asia bring together some of the women who took initiatives of which they sometimes suffered the dire consequences sometimes enjoyed the fruits.

**The Penguin Book of Japanese Short Stories** Jay Rubin, 2018-06-28 This fantastically varied and exciting collection celebrates the great Japanese short story from its modern origins in the nineteenth century to the remarkable works being written today. Short story writers already well known to English language readers are all included here: Tanizaki, Akutagawa, Murakami, Mishima, Kawabata but also many surprising new finds. From Yuko Tsushima's *Flames* to Yuten Sawanishi's *Filling Up with Sugar* from Shin-ichi Hoshi's *Shoulder Top Secretary* to Banana Yoshimoto's *Bee Honey*. The Penguin Book of Japanese Short Stories is filled with fear, charm, beauty and comedy. Curated by Jay Rubin who has himself freshly translated several of the stories and introduced by Haruki Murakami this book will be a revelation to its readers.

**Crisis in Identity** Arthur G. Kimball, 2016-09-13 This book is a critical study of ten postwar Japanese novels that focus on man's search for identity in the modern world. With the presentation of the Nobel Prize for Literature to a Japanese author in 1969 the international significance of modern Japanese literature was formally recognized by the Western world. The best indication of the West's present keen appreciation of modern Japanese literature is the large number of excellent translations that have appeared in recent years. In *Crisis in Identity* a common theme: modern man's search for identity has been traced through ten major novels. This quest takes place in conjunction with wartime cannibalism, the atomic bombing of Hiroshima, expatriation, senile eroticism and personal and social alienation. The works in which these are depicted include *Diary of a Mad Old Man* Junichiro Tanizaki, *House of the Sleeping Beauties* Yukio Kawabata, *Black Rain* Masuji Ibuse, *Fires on the Plain* Shohei Ooka, *The Temple of the Golden Pavilion* Yukio Mishima, *The Woman in the Dunes* Kobo Abe, *A Personal Matter* Kenzaburo Oe. If you have not yet read these novels *Crisis in Identity* will provide a stimulating introduction to them; if you have it will reveal new insights.

**Legacies and Ambiguities** Ernestine Schlant, J. Thomas Rimer, 1991-10 The literary legacies of World War II have been mixed and varied especially in West Germany and Japan where the burden of defeat has been expressed by novelists and intellectuals in

strikingly different ways Reflecting the cultural differences between the two nations and the experiences of occupation and democratization that occurred after the war the postwar literatures of Germany and Japan intimately reveal the hopes and aspirations the dreams and the nightmares of two peoples confronting the harsh realities of war Using a comparative approach *Ambiguous Legacies* explores the conditions and values under which the postwar literatures of West Germany and Japan were created Specifically the book assesses the meaning of the German and Japanese literary responses to the World War II the tendencies of denial or silence by German writers the fatalism and passivity of Japanese novels and the importance of the past in defining the recent New subjectivism among German writers and the outpourings of the Introverted Generation by Japanese novelists Ernestine Schlant s introduction sets the context for the individual chapters and offers guideposts for further comparative scholarship The book also includes a useful annotated bibliography and suggestions for further reading The contributors are Arnulf Baring Carol Gluck Walter Hinderer Iremela Hijiya Kirschner Peter Demetz Marlene J Mayo J Victor Koschmann Judith Ryan Van C Gessel Dagmar Barnouw Kato Schuichi Oda Makoto and Peter Schneider

**Japanese and Western Literature** Armando Martins Janeira, 2016-08-09 Japanese and Western Literature delves deeply into Japanese culture to discover the concepts that similarize and differentiate Japanese and Western literary creations Paralleling Japanese literary creations and fundamental thought with those of the West the author draws many illuminating comparisons for example between the novels of Murasaki Shikibu and Marcel Proust between the Portuguese poet Torga and the haiku master Issa and between the picaresque novel in Japan and in the West Contrastive studies are also made into such concepts as time nature love and tragedy This broad yet incisive survey of Japanese literary genres and themes is more than a comparative study of literature however it is an attempt to grasp the core of Japanese culture by setting it against world culture From this born a complex of new ideas and problems and author is able to probe the extent of Western influence on Japanese fiction poetry and essays in the past hundred years *Japan Kokusai Bunka Kaikan* (Tokyo, Japan).

Toshoshitsu, 1979
