## **Shadow On A Tightrope:**

**Shadow on a Tightrope** Lisa Schoenfielder, Barb Wieser, 1983 This now classic collection of articles personal stories and poems by fat women about their lives and the fat hating society in which we live Shadow on a Tightrope also includes material previously distributed by Fat Liberation Publications **BOOK JACKET** *Lesbianism* Esther D. Rothblum, Ellen Cole, 1989 In this major contribution to the literature counselors psychologists and therapists address the issues that are vital to the lesbian experience Although ten percent of the female population may be lesbian the majority of people in the U S consider homosexuality lesbianism included obscene vulgar and anti American Despite the prevalence of and proven positive adjustment of lesbians mainstream mental health professionals have mirrored society's attitudes in their conceptualization of lesbianism as deviant and in their treatment of lesbians in therapy The contributors to this compassionate volume examine the need for greater understanding of the issues important to lesbians in order to decrease homophobic stereotypes and to demonstrate how the lesbian experience can serve as an affirmative model of nontraditional lifestyles They focus on lesbian issues rarely discussed in print married lesbians lesbians in rural settings and lesbian nonmonogamy The choices ethical dilemmas and concerns of lesbians as mothers lovers clients and therapists are voiced in this honest and provocative book

**Bodies Out of Bounds** Jana Evans Braziel, Kathleen LeBesco, 2001-09-13 This is an exceptional collection the subject is of obvious importance yet terribly undertheorized and unexamined I know of no other work that offers what this collection provides Marcia Millman author of *Such a Pretty Face Being Fat in America* A valuable contribution to scholarly debates on the place of excessive bodies in contemporary culture This book promises to enrich all areas of inquiry related to the politics of bodies Carole Spitzack author of *Confessing Excess Women and the Politics of Body Reduction* This anthology includes a wide range of perceptive and original essays which explore and analyze the underlying ideologies that have made fat incorrect Echoing the spirit of the nineteenth century adage about children who should be neither seen nor heard some of the authors powerfully remind us that we keep bodies out of bound silenced and unseen unless of course we need to peek at the comic or grotesque Raquel Salgado Scherr co author of *Face Value The Politics of Beauty* Through textual analyses video film analyses television theory and literary theory this collection demonstrates the various ways in which dominant representations of fat and corpulence have been both demonized and rendered invisible This volume will be a crucial corollary to work on the tyranny of slenderness a collection of different perspectives on the fat body is sorely missing in women's studies communication and media studies Sarah Banet Weiser author of *The Most Beautiful Girl in the World Beauty Pageants and National Identity* **Beauty: Exploring Critical Perspectives** Pierre Wilhelm, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 Rather than accept society's preferred metaphors about beauty at face value the authors in this volume question the fact that beauty can also surprise us in the least foreseeable setting at the most unexpected moment and in the most surprising or unsettling ways Their work underscores beauty's

ephemeral transitory fleeting and at times confounding nature The way beauty reveals itself to us they point out may challenge or even contradict established conventions norms and values about aesthetics The emergence of unconventional metaphors and analogies about beauty in these chapters calls on us to pay attention to competing and seemingly intractable connotations of fear darkness ugliness oppression repression callousness and dejection that won't leave us indifferent to their appeal How we as researchers envisage beauty as a topic of investigation tells us as much about our conceptualization of beauty arising from particular scientific perceptions as about the language and symbols that express this perception It raises the important question about why we rely on conceptual constructs to explain beauty and whether beauty remains a mystery to be explored or ultimately one best left unexplained

*Fat Sex: New Directions in Theory and Activism* Helen Hester, Caroline Walters, 2016-03-09 While fat sexual bodies are highly visible as vehicles for stigma there has been a lack of scholarly research addressing this facet of contemporary body politics *Fat Sex New Directions in Theory and Activism* seeks to rectify this bringing debates about fat sex into the academic arena and providing a much needed critical space for voices from across the spectrum of theory and activism It examines the intersection of fat sex and sexuality within a contemporary cultural landscape that is openly hostile towards fat people and their perceived social and aesthetic transgressions Acknowledging and engaging with some of the innovative work being done by artists activists and academics around the issue of fat sex this collection both challenges preconceptions regarding fatness and sexuality but also critiques and debates various aspects of the fat activist approach It draws on a wide range of disciplinary perspectives bringing together work from the UK US Europe and Australia to offer a wide ranging examination of the issues of size sex and sexuality A cutting edge exploration not only of fat sex but of identity politics neoliberalism and contemporary body activism in general *Fat Sex New Directions in Theory and Activism* will be of interest to scholars of sociology cultural studies geography porn studies and literary studies working on questions of gender sexuality and the body

**The Fat Studies Reader** Esther D. Rothblum, Sondra Solovay, 2009-11-04 Explores a wide range of topics related to body weight From the historical construction of fatness to public health policy from job discrimination to social class disparities from chick lit to airline seats this collection provides an overview of fat studies an examination of the movement's fundamental concerns and a look at its research

*The Routledge International Handbook of Fat Studies* Cat Pausé, Sonya Renee Taylor, 2021-04-18 The Routledge International Handbook of Fat Studies brings together a diverse body of work from around the globe and across a wide range of Fat Studies topics and perspectives The first major collection of its kind it explores the epistemology ontology and methodology of fatness with attention to issues such as gender and sexuality disability and embodiment health race media discrimination and pedagogy Presenting work from both scholarly writers and activists this volume reflects a range of critical perspectives vital to the expansion of Fat Studies and thus constitutes an essential resource for researchers in the field

**The Body Reader** Lisa Jean Moore, Mary Kosut, 2010-02 An essential collection of readings on cultural social and

emotional understandings of the body Plastic surgery obesity anorexia pregnancy prescription drugs disability piercings steroids and sex re assignment surgery over the past two decades there have been major changes in the ways we understand treat alter and care for our bodies The Body Reader is a compelling cutting edge and timely collection that provides a close look at the emergence of the study of the body From prenatal genetic testing and manscaping to televideo cybersex and the meth economy this innovative work digs deep into contemporary lifestyles and current events to cover key concepts and theories about the body A combination of twenty one classic readings and original essays the contributors highlight gender race class ability and sexuality paying special attention to bodies that are at risk bodies that challenge norms and media representations of the body Ultimately The Body Reader makes it clear that the body is not neutral it is the entry point into cultural and structural relationships emotional and subjective experiences and the biological realms of flesh and bone Contributors Patricia Hill Collins Karen Dias H Hugh Floyd Jr Arthur Frank Sander L Gilman Gillian Haddow Richard Huggins Matthew Immergut L ea Kent Kristen Karlberg Steve Kroll Smith Mary Kosut Jarvis Jay Masters Lisa Jean Moore Tracey Owens Patton William J Peace Jason Pine Eric Plemons Barbara Katz Rothman Edward Slavishak Phillip Vannini and Dennis Waskul **Lesbian Psychologies** Boston Lesbian Psychologies Collective,1987 Includes bibliographies and index

*Just Desserts* Sally Cline,1990 A fascinating study of a subject which engages all women Unlike other books on food this one takes women s total relationship to the subject i e shopping cooking literary images media messages as well as food disorders And it shows not only that women s relationship to food is fraught with contradiction but that the realm of food is yet another focal point in the battle between the sexes Pleasing their men nourishing their babies satisfying growing families and denying themselves women who lack power in so many areas exercise control through food Also examines our attitudes toward fatness **Come Out, Come Out, Whoever You Are** Abigail C. Saguy,2020-01-15 While people used to conceal the fact that they were gay or lesbian to protect themselves from stigma and discrimination it is now commonplace for people to come out and encourage others to do so as well Come Out Come Out Whoever You Are systematically examines how coming out has moved beyond gay and lesbian rights groups and how different groups wrestle with the politics of coming out in their efforts to resist stigma and enact social change It shows how different experiences and disparate risks of disclosure shape these groups collective strategies Through scores of interviews with LGBTQ people undocumented immigrant youth fat acceptance activists Mormon fundamentalist polygamists and sexual harassment lawyers and activists in the era of the MeToo movement Come Out Come Out Whoever You Are explains why so many different groups gravitate toward the term coming out By focusing on the personal and political resonance of coming out it provides a novel way to understand how identity politics work in America today

meant to keep us locked up shut up and conforming Lidia Yuknavitch author of *The Chronology of Water* and *The Book of Joan* Fat Pretty and *Soon to be Old* is a moving funny and startlingly frank collection of personal essays about what it means to look a certain way Or rather certain ways Navigating Kimberly Dark s experience of being fat since childhood as well as queer white privileged a gender confirming girl with a pretty face active then disabled and inevitably aging each piece blends storytelling and social analysis to deftly coax readers into a deeper understanding of how appearance privilege and stigma function in everyday life and how the architecture of this social world constrains us At the same time she provides a blueprint for how each of us can build a more just social world one interaction at a time Includes an afterword by Health at Every Size expert Linda Bacon Kimberly Dark is a writer professor and raconteur She has written award winning plays and taught and performed for a wide range of audiences in various countries over the past two decades She is the author of *The Daddies Love and Errors* and co editor of the anthology *Ways of Being in Teaching* **Feminist Ethics** Claudia Card,1991 Fifteen essays address subjects ranging from the history of feminist ethics to the logic of pluralist feminism and present feminist perspectives on such topics as terrorism bitterness women trusting other women and survival and ethics Paper edition unseen 14 95 Annotation copyrighted by Book News Inc Portland OR *Contours of the Nation* Deborah McPhail,2017-10-31 The obesity epidemic that is said to plague nations around the world including Canada is not solely a medical condition to be managed In Canada the discourse on obesity emerged during a time of social upheaval in the postwar period *Contours of the Nation* is the first book which historically explores obesity in Canada from a critical perspective Deborah McPhail demonstrates how obesity as a problem was affixed to particular populations in order to separate true Canadians from others She reveals how the articulation of obesity contributed to the Canadian colonial project in the North where Indigenous peoples were viewed as modern Canadians due to their obesity thereby negating any special claims to northern lands *Contours of the Nation* successfully demonstrates how histories can trace the actual materialization of bodies through relations of power particularly those pertaining to race gender and nation **Thickening Fat** May Friedman,Carla Rice,Jen Rinaldi,2019-08-30 *Thickening Fat* *Fat Bodies Intersectionality and Social Justice* seeks to explore the multiple variable and embodied experiences of fat oppression and fat activisms Moving beyond an analysis of fat oppression as singular this book will aim to unpack the volatility of fat the mutability of fat embodiments as they correlate with other embodied subjectivities and the threshold where fat begins to be reviled celebrated or amended In addition *Thickening Fat* explores the full range of intersectional and liminal analyses that push beyond the simple addition of two or more subjectivities looking instead at the complex alchemy of layered and unstable markers of difference and privilege Cognizant that the concept of intersectionality has been filled out in a plurality of ways *Thickening Fat* poses critical questions around how to render analysis of fatness intersectional and to thicken up intersectionality where intersectionality is attenuated to the shifting and composite and material dimensions to identity rather than reduced to an add difference and stir approach

The chapters in this collection ask what happens when we operationalize intersectionality in fat scholarship and politics and we position difference at the centre and start of inquiry      Looking Queer Dawn Atkins,2012-10-12 Looking Queer Body Image in Lesbian Bisexual Gay and Transgender Communities contains research firsthand accounts poetry theory and journalistic essays that address and outline the special needs of sexual minorities when dealing with eating disorders and appearance obsession Looking Queer will give members of these communities hope insight and information into body image issues helping you to accept and to love your body In addition scholars health care professionals and body image activists will not only learn about queer experiences and identity and how they affect individuals but will also understand how some of the issues involved affect society as a whole Dismantling the myth that body image issues affect only heterosexual women Looking Queer explores body issues based on gender race class age and disability Furthermore this groundbreaking book attests to the struggles pain and triumph of queer people in an open and comprehensive manner More than 60 contributors provide their knowledge and personal experiences in dealing with body image issues exclusive to the gay and transgender communities including exploring and breaking down the categories of gender and sexuality that are found in many body image issues finding ways to heal yourself and your community discovering what it means to look like a dyke or to look gay fearing fat as a sign of femininity determining what race has to do with the gay ideal discussing the stereotyped double negative being a fat lesbian learning strategies of resistance to societal ideals critiquing the culture of desire within gay men s communities that emphasizes looks above everything else Revealing new and complex dimensions to body image issues Looking Queer not only discusses the struggles and hardships of gay lesbian bisexual and transgendered persons but looks at the processes that can lead to acceptance of oneself Written by both men and women the topics and research in Looking Queer offer insight into the lives of people you can relate to enabling you to learn from their experiences so you too can find joy and happiness in accepting your body Visit Dawn Atkin s website at [http://home.earthlink.net/dawn\\_atkins](http://home.earthlink.net/dawn_atkins)      **Cinematic Projections** Luke Hockley,2001 An introduction to the world of postJungian film studies this book redresses the dominance of Freudian theories of cinema and guides individuals through the intricacies of Jungian thought In so doing it provides the basis on which to construct a contemporary theory of cinema Drawing on research into detective films and the myths of detection Hockley weaves together psychological analysis with textual interpretation The resulting hypothesis suggests that watching films is an intensely personal experience in which viewers according to individual needs and desires project and identify with films and their characters      Investigating Light and Shadow with Young Children (Ages 3-8) Beth Dykstra Van Meeteren,2022-06-17 Children are intrigued by switches that power a light source and by items that reflect light and sparkle and they take notice of personal shadows cast on the playground An understanding of light and shadow is crucial to many STEM fields including astronomy biology engineering architecture and more This book shows teachers how to engage children ages 3 8 with light and shadow in a playful way building an early foundation for the later more complex study of this

phenomena and ultimately for children's interest in professions within the STEM fields. The text offers guidance for arranging the physical environment of classrooms integrating literacy learning and investigations and building partnerships with administrators. Each volume in the STEM for Our Youngest Learners Series includes examples of educators and children engaging in inquiry learning, guidance for selecting materials and arranging the learning environment, modifications and accommodations for diverse learners, support for establishing adult learning communities, and more. *Weighty Issues*

Jeffery Sobal, 2017-09-08. Many people consider their weight to be a personal problem, when then does body weight become a social problem? Until recently the major public concern was whether enough food was consistently available. As food systems began to provide ample and stable amounts of food, questions about food availability were replaced with concerns about ideal weights and appearance. These interests were aggregated into public concerns about defining people as too fat and too thin. Social constructionist perspectives can contribute to the understanding of weight problems because they focus attention on how these problems are created, maintained, and promoted within various social environments. While there is much objectivist research concerning weight problems, few studies address the socially constructed aspects of fatness and thinness. This book, however, draws from and contributes to social constructionist perspectives. The chapters in this volume offer several perspectives that can be used to understand the way society deals with fatness and thinness. The contributors consider historical foundations, medical models, gendered dimensions, institutional components, and collective perspectives. These different perspectives illustrate the multifaceted nature of obesity and eating disorders, providing examples of how a variety of social groups construct weight as a social problem. **More of You**

Amanda Martinez Beck, 2022-05-24. Too often, fatness has been viewed as a moral failing. Fat Christian women, in particular, are shamed and marginalized by the message that they are failing God because they can't change their bodies. *More of You* will challenge that status quo, teaching readers to resist the shame and guilt that is pressed onto them by the world and instead to embrace their bodies, take up space, and learn to navigate the world in ways that allow them to flourish. With wit and candor, Amanda Martinez Beck, a fat woman herself, compiles her hard-won wisdom to give the skinny on thriving in a fat body to others who have been pushed to the margins of acceptance. Offering helpful tools like *The Fat Girl's Bill of Rights* and a script for a weight-neutral doctor's visit, this book addresses real needs in the fat acceptance community, from how to find self-love in a thin-obsessed world to navigating a world built for butts smaller than yours to advocating for equality and justice for fat women's medical care.
