Shadow Country Peter Matthiessen, 2011-03 Inspired by a near mythic event of the wild Florida frontier at the turn of the twentieth century Shadow Country reimagines the legend of the inspired Everglades sugar planter and notorious outlaw E J Watson who drives himself

to his own violent end at the hands of his neighbours His son Lucius investigates the killing which has come to obsess him In this bold new rendering of the Watson trilogy Matthiessen has deepened the insights and motivations of his characters consolidating his fictional masterwork into a poetic compelling novel of a monumental scope and ambition with breathtaking accomplishment Florida Studies Paul D. Reich,2012-11-30 This volume contains a variety of essays about Florida literature and history by scholars from across the state representing every kind of institution of higher learning from community colleges to small liberal arts institutions to large universities The essays in the first section Pedagogy focus on the college classroom and the challenges facing institutions of higher learning in Florida The essays in Old Florida explore a number of writers including Zora Neale Hurston Jack Kerouac and Williams S Burroughs who at various points in their careers called Florida home The final section Contemporary Florida continues to identify the state s place within larger literary cultural and political traditions **Where the New World Is** Martyn Bone,2018-01-15 Where the New World Is assesses how fiction published since 1980 has resituated the U S South globally and how earlier twentieth century writing already had done so in ways traditional southern literary studies tended to ignore Martyn Bone argues that this body of fiction has over the course of some eighty years challenged received readings and understandings of the U S South as a fixed place largely untouched by immigration or even internal migration and economic globalization The writers discussed by Bone emphasize how migration and labor have reconfigured the region s relation to the nation and a range of transnational scales hemispheric Jamaica the Bahamas Haiti transatlantic Black Atlantic Denmark England Mauritania and transpacific global southern Australia China Vietnam Writers under consideration include Zora Neale Hurston Nella Larsen John Oliver Killens Russell Banks Erna Brodber Cynthia Shearer Ha Jin Monique Truong Lan Cao Toni Morrison Peter Matthiessen Dave Eggers and Laila Lalami The book also seeks to resituate southern studies by drawing on theories of scale that originated in human geography In this way Bone also offers a new paradigm in which the U S South is thoroughly engaged with a range of other scales from the local to the global making both literature about the region and southern studies itself truly transnational in scope Postcards from the Anthropocene. Benek Cincik,Tiago Torres-Campos,2022-04-22 **SWORDMASTERS** Aaron Torrence,2024-09-11 In a world where six nations are constantly at war with each other the Isle of Nations is a safe haven where members of all nations can live peacefully Located on the Isle of Nations is the Swordmaster s Academy where students from all over the world train in hopes of becoming the best swordfighters possible and gaining the honorable title of Swordmaster So when Lynnex an ambitious young man from Light Country gets a chance to join the academy and pursue his dreams he takes it But becoming a Swordmaster will not be easy He will have to fight against rivals learn the ancient code of swordfighting and figure out how to work as part of a team Will Lynnex be able to overcome the various challenges facing him And what will he think when some of his teammates start talking about a God who offers love to all nations **Contract Empress** Xin Yue,2020-01-16 Xiao Yue and a few of her classmates went to the Di Dao Hall to celebrate their entrance exam

She didn't expect to be kidnapped by someone and even had a kiss from a crazy person. If she was to be a queen, she didn't even have a door, but there were still windows. She would only return after playing for a year, but she had to sign a contract with him first. She could be a temporary actress for a year. Just like this, Xiao Yue signed the empress agreement with the Black Emperor's Imperial Palace and started her life of transmigration.

Life's Work David Milch, 2023-09-12 The creator of *Deadwood* and *NYPD Blue* reflects on his tumultuous life driven by a nearly insatiable creative energy and a matching penchant for self-destruction. *Life's Work* is a profound memoir from a brilliant mind taking stock as Alzheimer's loosens his hold on his own past. This is David Milch's farewell, and it will rock you. Susan Orlean, author of *The Orchid Thief*. ONE OF THE BEST BOOKS OF THE YEAR. NPR, USA Today, Kirkus Reviews. I'm on a boat sailing to some island where I don't know anybody. A boat someone is operating, and we aren't in touch. So begins David Milch's urgent accounting of his increasingly strange present and often painful past. From the start, Milch's life seems destined to echo that of his father, a successful if drug-addicted surgeon. Almost every achievement is accompanied by an act of self-immolation, but the deepest sadnesses also contain moments of grace. Betting on racehorses and stealing booze at eight years old, mentored by Robert Penn Warren and excoriated by Richard Yates at twenty-one, Milch never did anything by half. He got into Yale Law School only to be expelled for shooting out streetlights with a shotgun. He paused his studies at the Iowa Writers Workshop to manufacture acid in Cuernavaca. He created and wrote some of the most lauded television series of all time, made a family, and pursued sobriety, then lost his fortune betting horses just as his father had taught him. Like Milch's best screenwriting, *Life's Work* explores how chance, encounters, self-deception, and luck shape the people we become and wrestles with what it means to have felt and caused pain, even and especially with those we love, and how you keep living. It is both a master class on Milch's unique creative process and a distinctive revelatory memoir from one of the great American writers in what may

Leonard Peltier and Native American land claims Underlying all Matthiessen's disparate pursuits was the same existential search to find a cure for deep restlessness This search was most profoundly articulated in *The Snow Leopard* his famous account of a 250 mile wildlife survey across the Himalayas In *True Nature* Lance Richardson reconstructs the full scope of a spiritual quest that ultimately led Matthiessen even as he inflicted great pain on his family to the highest ranks of Zen Drawing on rich primary sources and hundreds of interviews Richardson depicts Matthiessen's life with page turning immediacy while also illuminating how the writer's uncanny gifts enabled him to sense connections between ecological decline racism and labor exploitation to express eloquently and presciently that in a damaged human habitat all problems merge
