Shadow Warriors:

Shadow Warriors Kenneth R. Timmerman, 2007-11-06 An alarming but necessary book that reads like a thriller By raising uncomfortable questions Ken Timmerman has performed a significant public service Michael Medved nationally syndicated talk radio host Some have called it the CIA's greatest covert operation of all time It is an intelligence war conducted behind the scenes aimed at confusing misleading and ultimately defeating the enemy The goal is nothing less than toppling the regime in power A network of agents has been planted at key crossroads of power stealing secrets planting disinformation and cooking intelligence The plan involves sophisticated political sabotage operations that bring in opposition forces who can challenge the regime openly in a way the CIA cannot The scope is breathtaking Who is the target of this vast sophisticated CIA operation Not the mullahs in Tehran or North Korea's power mad Kim Jong Il the target is America's president George W Bush Drawing on exclusive information from senior government officials intelligence operatives and many others investigative reporter Kenneth Timmerman provides the full untold story of the sabotage that occurs behind the scenes at key government agencies like the CIA and State Department and the profound effect it has on America's ability to confront its most dangerous enemies In *Shadow Warriors* Timmerman brings to light the vast underground working to undercut our nation's efforts to win the war on terror revealing the when where how and who for the first time He also exposes the Democratic politicians who have sold out America's national security for political gain In *Shadow Warriors* you'll learn How the CIA and State Department sabotaged the administration's Iraq war plans from the start sparking the insurgency in the process How a high level State Department official gathered aides after Bush's reelection to insist they owed no allegiance to the president or his policies How pre war intelligence on Iraq was cooked not by the Bush administration but by its opponents How and why the shadow warriors have leaked details of virtually every covert U S intelligence tool used in the war on terror How the leaks have devastated our efforts to fight terrorism such as when a key U S ally rebuffed the CIA director's request for assistance by saying You Americans can't keep secrets Why U S intelligence refused to examine important documents detailing the secret Iraqi networks that became the heart of the insurgency How newly discovered Iraqi government documents reveal the extent of Saddam Hussein's ties to international terrorists and the truth about his WMD arsenal *Shadow Warriors* shows that George W Bush never got the first rule of Washington People are policy He allowed his political enemies to run roughshod over his administration This insider's look at secret White House meetings political backstabbing and war room summits is an eye opening account of the mind set that is crippling our effectiveness in Iraq and around the world
