**The Emperor's Black Swan** Karasmara, 2021-05-16 Can a wolf and a swan be together Darilus Gratagan is the Elven emperor of the Aluthia Empire His rise to power brought to him a dark curse a demonic wolf is infesting in his body For a hundred and twelve years he has managed to suppress the curse But the demon is getting stronger to the point that Darilus finds himself turning into a monster almost every night He begins to desire blood and his people are in danger of himself Until he finds the evil witch from Tollyria in his royal garden I can tame a demon dog she says Sania has died At least she thought so But then she opens her eyes in Aluthia's royal garden and when she looks at the reflection of the pond she sees herself as a black swan However when night comes she shifts back into her original form the White Witch of Tollyria For some reason she cannot leave the royal garden Then she meets the Emperor of Aluthia in the form of a demonic wolf Make a deal with me he says This story will be applied to PTR on Nov 5th 2021

**Sam And The Mysteries Of Shadows: The Discovery** Shreyan Binu, SHADOWS There is something about shadows Ever had that feeling it was creeping behind you And just when you turn around its back to where it was Your fears were right shadows are not just reflections of us there is much more to them than meets the eye

**The Print and the Process** David duChemin, 2012-11-30 *The Print and the Process* is a book of ideas thoughts and techniques about our photographs and the process that leads us to the final image To be clear it is not an instructional book about how to print your images In this beautiful book David duChemin takes the reader behind the scenes on four distinct photographic projects discussing motivation image creation and post production The projects he walks the reader through are from Iceland Kenya Antarctica and Venice and for each he discusses the hows and whys of his own image

making process Each project begins with a beautiful series of 20 30 final images from that project this is the print section and it s geared for the reader to really take in those images holistically Then duChemin discusses the process behind creating those images In this section the reader will see the project images again but as thumbnails and David goes through each one explaining very thoroughly his process duChemin does not pre visualize a scene as Ansel Adams famously discussed Instead he feels it And it s from that feeling that he begins working with the elements in front of him and looking at the choices available to him As he moves around including and excluding elements from the frame the camera and the photographer become collaborators It s from this struggle that the final image emerges DuChemin has been making images for over two decades and this process has changed and evolved during that time By exploring duChemin s images and reflecting on the process behind them both behind the camera and in post processing the reader learns to pay more attention to their own process and identify ways in which their process can be further examined and improved in order to take more compelling images

Finn *The Breakdown* by B.A. Paris and *The Silent Patient* by Alex Michaelides *Measuring Shadows* Raz Chen-Morris, 2016-03-31 In *Measuring Shadows* Raz Chen Morris demonstrates that a close study of Kepler's Optics is essential to understanding his astronomical work and his scientific epistemology He explores Kepler's radical break from scientific and epistemological traditions and shows how the seventeenth century astronomer posited new ways to view scientific truth and knowledge Chen Morris reveals how Kepler's ideas about the formation of images on the retina and the geometrics of the camera obscura as well as his astronomical observations advanced the argument that physical reality could only be described through artificially produced shadows reflections and refractions Breaking from medieval and Renaissance

traditions that insisted upon direct sensory perception Kepler advocated for instruments as mediators between the eye and physical reality and for mathematical language to describe motion It was only through this kind of knowledge he argued that observation could produce certainty about the heavens Not only was this conception of visibility crucial to advancing the early modern understanding of vision and the retina but it affected how people during that period approached and understood the world around them

*The Secret Magdalene* Ki Longfellow, 2007-03-27 Raised like sisters Mariamne and Salome are indulged with riches position and learning a rare thing for females in Jerusalem But Mariamne has a further gift an illness has left her with visions she has the power of prophecy It is her prophesying that drives the two girls to flee to Egypt where they study philosophy mathematics and astronomy in the Great Library of Alexandria After seven years they return to a Judaea where many now believe John the Baptizer is the messiah Salome too begins to believe but Mariamne now called Magdalene is drawn to his cousin Yeshu a man touched by the divine in the same way she was during her days of illness Together they speak of sharing their direct experience of God but Yeshu unexpectedly gains a reputation as a healer and as the ill and the troubled flock to him he and Magdalene are forced to make a terrible decision This radical retelling of the greatest story ever told brings Mary Magdalene to life not as a prostitute or demon possessed but as an educated woman who was truly the apostle to the apostles

**Little Stories From An Eaten Mind** Angus Milian, 2020-12-02 Life is a scary thing we go through it with very little of an idea on what we should do Sometimes we ll find our mind is out to get us other times we ll be faced with situations outside of any rational explanation and every so often we just have to sit through unsettling times of boredom and have to make out the beauty which lurks in the dullness The stories in this book are reflections of these ideas and more a journey within the depths of loneliness the relentless horrors and confusion which hide within the dark corners of our world and of our fragile mind
