Shadows Of Total War:

The Shadows of Total War Roger Chickering, Stig Förster, 2003-01-16 The period between the two world wars of the twentieth century was one of the most challenging in the history of war In anticipation of another conflict military planners and civilian thinkers struggled after 1918 with the painful implications of World War I Given its scope the wholesale mobilisation of civilian populations and the targets of civilians via blockades and strategic bombing many observers regarded this titanic conflict as a total war They also concluded that any future conflict would bear the same hallmarks and they planned accordingly The essays in this collection the fourth in a series on the problem of total war examine the inter war period They explore the consequences of World War I the intellectual efforts to analyse this conflict s military significance the attempts to plan for another general war and several episodes in the 1930s that portended the war that erupted in 1939

The Shadows of Total War Roger Chickering, Stig Förster, 2003 *Palgrave Advances in Modern Military History* Matthew Hughes, 2006-09-25 This book provides a concise and accessible introduction to modern military history The collection is a clear and up to date survey of the significant debates interpretations and historiographical shifts for a series of key themes in military history Each chapter is supported by notes and a brief bibliography outlining further reading

Trauma and Survival in the Contemporary Church Jonathan S. Lofft, Thomas P. Power, 2021-03-24 Drawing on a wide diversity of sources this volume constitutes an additional layer to the phenomenon of trauma by exemplifying its experience within the context of the church specifically the worldwide Anglican Communion a family of churches rooted in the English appropriation of the Reformation As shown here a wide variety of analytic techniques can be deployed to examine trauma in the context of the church At an uncertain moment characterized by institutional breakup and decline in several Anglican churches this volume addresses an urgent need in the literature of church history as constituencies both within the church and without come to terms with ongoing and wide ranging experiences of trauma The variety of traumas and the responses official and otherwise documented in this collection reflect the wide ranging testimony of the contributors Shedding light for the first time on significant traumatic episodes these narratives examine a difficult and seemingly inexhaustible topic

New Approaches in Teaching History Frederic Krome, 2024-02-14 Science fiction literature and film are an underappreciated source for the teaching of history Finding material that can excite a student s curiosity can be a key towards greater student engagement especially among students who are taking history as a requirement rather than from interest The discovery that they can read or watch science fiction as part of their classwork often comes as a pleasant surprise Beyond its popularity however utilizing science fiction for class assignments has certain pedagogical advantages it introduces students to new vistas in historical thought helps them learn how literature and film can be applied as a primary source and can encourage participation in projects that are enjoyable Each chapter provides case studies focusing on a different subject in the modern history curriculum and in addition to providing an analysis of specific texts and or cinematic

sources gives suggestions on assignments for the students Fighting the Future War Frederic Krome,2012-03-22 The period between World War I and World War II was one of intense change Everything was modernizing including our technology for making war witness machine guns trench warfare biological agents and ultimately The Final Solution This modernization and eye toward the future was reflected in many facets of pop culture including fashion home wear design and the popular literature of the time In sci fi a specific genre emerged that of the future war Fred Krome has collected many of these future war stories together for the first time in Fighting the Future War Bolstered by a comprehensive introduction and introduced with historical information about both the authors of the stories and the historical time period these stories provide a view into the field of pulp science fiction writing the issues that informed the time period between the world wars and the way people envisioned the wars of tomorrow Revealing anxieties about society technology race and politics the genre of the future war story is important material for students of history and literature The Literature of Absolute War Nil Santiáñez,2020-05-28 This book explores for the first time the literature of absolute war in connection to World War II From a transnational and comparative standpoint it addresses a set of theoretical historical and literary questions shedding new light on the nature of absolute war the literature on the world war of 1939 45 and modern war writing in general It determines the main features of the language of absolute war and how it gravitates around fundamental semantic clusters such as the horror terror and the specter The Literature of Absolute War studies the variegated responses given by literary authors to the extreme and seemingly unsolvable challenges posed by absolute war to epistemology ethics and language It also delves into the different poetics that articulate the writing on absolute war placing special emphasis on four literary practices traditional realism traumatic realism the fantastic and catastrophic modernism **The Myth and Reality of German Warfare** Gerhard P. Gross,2016-09-16 Surrounded by potential adversaries nineteenth century Prussia and twentieth century Germany faced the formidable prospect of multifront wars and wars of attrition To counteract these threats generations of general staff officers were educated in operational thinking the main tenets of which were extremely influential on military planning across the globe and were adopted by American and Soviet armies In the twentieth century Germany s art of warfare dominated military theory and practice creating a myth of German operational brilliance that lingers today despite the nation s crushing defeats in two world wars In this seminal study Gerhard P Gross provides a comprehensive examination of the development and failure of German operational thinking over a period of more than a century He analyzes the strengths and weaknesses of five different armies from the mid nineteenth century through the early days of NATO He also offers fresh interpretations of towering figures of German military history including Moltke the Elder Alfred von Schlieffen and Erich Ludendorff Essential reading for military historians and strategists this innovative work dismantles cherished myths and offers new insights into Germany s failed attempts to become a global power through military means **Shadows of Revolution** David Avrom Bell,2016 One of the greatest historians of French history reflects

on the ways that the French Revolution continues to resonate in France and throughout the world *The Blitz and Its Legacy* Mark Clapson, Peter J. Larkham, 2013 *The Blitz and Its Legacy* is a fascinating volume which includes war experiences of destruction architecture urban design the political process of planning and reconstruction and also popular perceptions of rebuilding Its findings provide very timely lessons which highlight the value of learning from historical precedent Drawing together leading scholars and new researchers from across the fields of planning history architecture and geography this volume presents an historical and cultural commentary on the immediate and longer term impacts of wartime destruction

Out of the Nuclear Shadow Smitu Kothari,Zia Mian,2001 Outraged conscience careful argument poetry and political analysis gathered here is the diversity of voices traditions and approaches that are weaving themselves into an anti nuclear and peace movement in India and Pakistan In these essays written before during and after the May 1998 nuclear explosions scholars and activists from both countries attempt to understand and challenge the nuclearisation of South Asia The essays are an act of resistance against governments that see nuclear weapons as a currency of power as symbols of prestige as sources of security as moments of glory in an otherwise dismal contemporary history The collection includes Mahatma Gandhi s response to the atomic bombing of Hiroshima and recent writings by renowned scholars Eqbal Ahmad Rajni Kothari Ashis Nandy and

Amartya Sen as well as Arundhati Roy and veteran anti nuclear activists academics and journalists The volume also contains the texts of many of the historic public statements protesting the May 1998 nuclear tests which helped mobilise public opposition to the bomb in South Asia There is a resource guide to books films and websites on nuclear weapons as well as information on many organisations now working on this issue *In the Shadow of 'just Wars'* Médecins sans frontières (Association),2004 Essays written by scholars journalists and humanitarian relief workers look at humanitarian crises of the past five years for their successes and failures and suggest that humanitarian action has often failed to live up to its ideals These essays expose the shortcomings of the various humanitarian organizations particularly the U N and illuminate the complex moral and political debate that surrounds even the most basic relief operations *In Levittown's Shadow* Tim Keogh,2023-11-03 Named one of the best nonfiction books of 2023 by Publishers Weekly There is a familiar narrative about American suburbs after 1945 white residents left cities for leafy affluent subdivisions and the prosperity they seemed to embody In *Levittown's Shadow* tells us there's more to this story offering an eye opening account of diverse poor residents living and working in those same neighborhoods Tim Keogh shows how public policies produced both suburban plenty and deprivation and why ignoring suburban poverty doomed efforts to reduce inequality Keogh focuses on the suburbs of Long Island home to Levittown often considered the archetypal suburb Here military contracts subsidized well paid employment welding airplanes or filing paperwork while weak labor laws impoverished suburbanites who mowed lawns built houses scrubbed kitchen floors and stocked supermarket shelves Federal mortgage programs helped some families buy orderly single family homes and enter the middle class but also underwrote landlord efforts to cram poor families into suburban attics basements and sheds Keogh explores how policymakers ignored suburban inequality addressing housing segregation between cities and suburbs rather than suburbanites demands for decent jobs housing and schools By turning our attention to the suburban poor Keogh reveals poverty wasn't just an urban problem but a suburban one too In *Levittown's Shadow* deepens our understanding of suburbia's history and points us toward more effective ways to combat poverty today

Under the Shadow of Napoleon Michael Bonura,2012-05-07 The way an army thinks about and understands warfare has a tremendous impact on its organization training and operations The central ideas of that understanding form a nation's way of warfare that influences decisions on and off the battlefield From the disasters of the War of 1812 Winfield Scott ensured that America adopted a series of ideas formed in the crucible of the Wars of the French Revolution and epitomized by Napoleon Reflecting American cultural changes these French ideas dominated American warfare on the battlefields of the Mexican American War the American Civil War the Spanish American War and World War I America remained committed to these ideas until cultural pressures and the successes of German Blitzkrieg from 1939 1940 led George C Marshall to orchestrate the adoption of a different understanding of warfare Michael A Bonura examines concrete battlefield tactics army regulations and theoretical works on war as they were presented in American army education manuals professional journals

and the popular press to demonstrate that as a cultural construction warfare and ways of warfare can be transnational and influence other nations
