*Shadow of the Firefly* M S Khokhar,2016-11-28 Shadow of the Firefly is an abstract depiction of M S Khokhar's challenges as a young brain haemorrhage survivor and the ensuing journey that comes to define his life Finding himself lost alone and disoriented he has to rapidly learn how to manage his newly acquired disability and reinterpret everything that he previously took for granted to make sense of what has happened The journey takes him to foreign lands and seemingly primitive places where he encounters a host of fellow travellers With the help and camaraderie of his new companions a sense of confidence starts to develop generating a new sense of purpose to help and assist his new friends in their cause A cause which instinctively becomes his own The path gradually congeals before him leading towards the ultimate goal and into the midst of a seemingly blissful state But before he can react his new utopia inexplicably begins to fall apart One safe haven remains an unexpected bastion of calm and balance that leads him into a familiar space and the light of the fireflies But with the world disintegrating outside confusion abounds once more Except for one thing Another presence Something that was lost to him Something that meant the world to him And now it has returned to remind him of the significance of his fantastic journey allowing him to emerge from its shadow and accept his new reality For anyone who feels lost that the world is against them and whatever they do nothing quite seems to go according to plan Shadow of the Firefly is an example of how by adopting a different perspective and daring to venture beyond the self imposed boundaries of the modern world it can all be seen to have a deeper more satisfying purpose Shadows of Doom Ed Greenwood,2011-11-08 When the gods are stripped of their powers Elminster must carry the weight of Mystra's magic upon his mortal shoulders It was the eve of the Time of Troubles The chaos of spilled blood lawless strife monsters unleashed and avatars roaming Faer n was still to come Unbeknownst to mortals the gods had been summoned together and among them was Mystra grown proud and willful in the passing eons With the others she was about to be stripped of her godhood The secret of her power gave her an idea She made certain preparations looking always for one who would be her successor But until that person's ascension her power must be preserved A lone mortal must carry the greater share of her divine energy until the power could be reclaimed and it was the fate of this mortal to risk being destroyed or driven wild involuntarily and without warning This was the occasion of Elminster's Doom Cumulative Paperback Index, 1939-1959 R.
