DHAR,2017-06-01 The book is a brief introduction to Indian History for the children written in simple language The aim of the book is primarily to generate interest in the child on the study of history than to present an array of facts To achieve this objective emphasis has been given on the narration and no dates have been used although a sequence of events has been maintained through out the book *Around The World With Mark Twain* Robert Cooper,2012-04-12 On July 14 1895 Samuel

Langhorne Clemens fifty nine years old and deeply in debt boarded a night train to Cleveland launching a performance tour designed to alleviate his financial woes and more importantly resuscitate his alter ego Mark Twain The journey took him to Fiji Australia New Zealand India and South Africa and led to the resurrection of Twain as a celebrity Equal parts travelogue social history and biography *Around the World with Mark Twain* paints a decidedly different portrait of Clemens a more tragic darker figure who faced financial ruin and personal loss throughout his life *Around the World with Mark Twain* delights while deepening our understanding of this magnificent personality **The Making of Bhishma - Fall of The**

Social Analysis ,1990 Childhood in Animation Jane Batkin,2024-08-01 Childhood in Animation Navigating a Secret World explores how children are viewed in animated cinema and television and examines the screen spaces that they occupy The image of the child is often a site of conflict one that has been captured preserved and recollected on screen but what do these representations tell us about the animated child and how do they compare to their real counterparts Is childhood simply a metaphor for innocence or something far more complex that encompasses agency performance and othering Childhood in Animation focuses on key screen characters such as DJ Norman Lilo the Lost Boys Marji Parvana Bluey Kirikou Robyn Mebh Cartman and Bart amongst others to see how they are represented within worlds of fantasy separation horror politics and satire as well as viewing childhood itself through a philosophical sociological and global lens Ultimately this book navigates the rabbit hole of the elsewhere to reveal the secret space of childhood where anything and everything is possible This volume will be of great interest to scholars and students of animation childhood studies film and television studies and psychology and sociology **Autonomy** Aparna Rao,1998 The question of individuality in non European and especially South Asian societies is a controversial one Studies in anthropology and psychology undertaken in recent years on concepts of person and self approach the problem by concentrating on ideologies the question of practice remains largely neglected This is the first study to examine the individual dividual debate empirically from the emic perspective of decision making observed over a two year period among the Bakkarwal Himalayan Muslim pastoralists Of particular significance is the fact that the author bases her approach on the life cycle and on gender and status differences **The World of Nomads** Shyam Singh Shashi,2006 **Drum** ,1995 **Krishna's Lineage** ,2019 Forming the final part of the Sanskrit Mahabharata the Harivamsha s main business is to supply narrative details about the great god Vishnu s avatar Krishna Vasudeva who has been a comparatively minor character in the previous parts of the Mahabharata despite having taken centre stage in the Bhagavad Gita Krishna is born in Mathura some 85 miles south of present day Delhi As an infant he is smuggled out of Mathura for his own safety He and his brother Baladeva grow up among cowherds in the forest where between them they perform many miraculous deeds and kill many dangerous demons before returning to Mathura where they kill the evil King Kamsa and his cronies Thereafter Krishna is the hero and unofficial leader of his people the Yadava Vrishnis When Mathura is besieged by enemies Krishna leads his people to abandon the town and migrate west founding the dazzling new city of Dvaraka by the sea Krishna then repeatedly travels away from that base repeatedly to perform heroic deeds benefitting those

in need including his own people his more immediate family and the gods After narrating the stories of Krishna the Harivamsha ends by finishing the story of Janamejaya with which the Mahabharata began The Harivamsha is a powerhouse of Hindu mythology and a classic of world literature It begins by contextualising Vishnu s appearance as Krishna in several ways in the process presenting a variety of cosmogonical cosmological genealogical mythological theological and karmalogical materials It then narrates Krishna s birth and adventures in detail Presenting a wide variety of exciting stories in a poetic register that makes extensive use of natural imagery the Harivamsha is a neglected literary gem and an ideal starting point for readers new to Indian literature
