Shakedown How The New Economy Is Changing Our Lives:

The Mountie Michael Dawson,1998-04-01 Historian Michael Dawson digs deep into the written and pictorial record to reveal how the RCMP since its inception has constructed and zealously guarded its public image Drawing on previously untapped sources Dawson documents how consultants and entrepreneurs deliberately transformed and modernized the traditional symbolism of the Mountie His trenchant analysis extends to the ironies of the recent licensing of the hallowed Mountie image to the ultimate dream merchants Disney **So This Is Where We Stand?** Giovanni Burrascano,2016-09-15 Giovanni Burrascano investigates why and how Western thinking has changed over the last five hundred years affecting the human condition natural world and you This timely report is a powerful and insightful treatment of today s many social and environmental concerns Linking historical and more contemporary facts of the last five hundred years So This Is Where We Stand provides a concise and clear picture of who we were and of who we are today This is must read for anyone seeking answers wanting a clearer understanding of the underlying dynamics at work affecting you and our world today If you do not already have some grasp of whats covered in this book youre missing the big picture about living in this day and age

Straight Talk Stéphane Dion,1999 From the book At the invitation of Prime Minister Jean Chr tien I entered the Federal Cabinet on January 25 1996 without any direct political experience but driven by my convictions on Canadian unity and determined to defend them in complete frankness and in all circumstances These convictions have become stronger and clearer over the course of my dialogue with Canadians They have guided my actions as Minister of Intergovernmental Affairs and have nourished my writings and speeches on national unity I have submitted them for public debate throughout the country in both official languages even in places where I knew full well that they would be unpopular *Fragile Social Fabric?* Raymond Breton,Norbert J. Hartmann,Jos Lennards,2004-01-21 The authors examine two sides of the social covenant what Canadians expect from their society fairness recognition for their contribution to society trust that others will not take advantage of them and a sense of belonging and what is expected from them a sense of indebtedness to society that reflects an appreciation of how they have benefited as members of their society a sense of obligation to help others and a willingness to contribute to the functioning of the community and society Based on this analysis the authors identify a number of steps that can be taken to strengthen the Canadian social fabric This study is especially pertinent today given the pervasive market culture that is eroding the civic culture underlying the social covenants in contemporary Western societies It goes beyond conventional assessments that focus on economic and material dimensions of our society **Children and Families at Risk New Issues in Integrating Services** OECD,1999-01-13 This book examines the necessity to provide greater coordination among family and educational services to improve their efficiency and effectiveness and to provide a seamless support to meet the holistic needs of students and their families **Kickstart** Alexander Herman,Paul Matthews,Andrew Feindel,2008-02-25 Kickstart reveals how more than 50 successful Canadiand started their careers Their collective wisdom

just might help you kickstart something of your own **Who Killed the Queen?** Holly Dressel, 2008-04-11 The Queen Elizabeth Hospital of Montreal an exemplary Canadian community hospital that had been the site of many national and international medical firsts was suddenly closed in the mid 1990s It was not alone **Changing Politics of Canadian Social Policy** Michael J. Prince, James J. Rice, 2000-03-18 No one is content with the state of health and social programs in Canada today The Right thinks that there is too much government involvement and the Left thinks there is not enough In Changing Politics of Canadian Social Policy James Rice and Michael Prince track the history of the welfare state from its establishment in the 1940s through its development in the mid 1970s to the period of deficit crisis and restraint that followed in the late 1970s and 1980s Taking a historical perspective the authors grapple with the politics of social policy in the 1990s Globalization and the concomitant corporate mobility affect government's ability to regulate the distribution of wealth while the increasing diversity of the population puts increasingly complex demands on an already overstressed system Yet in the face of these constraints the system still endures and is far from irrelevant Some social programs have been dismantled but the government has organized and maintained others Greater democratization of welfare programs and social policy agencies could make the system thrive again Changing Politics provides the much needed groundwork for students and policy makers while also proposing real solutions for the future **The Changing Family and Child Development** Claudio Violato, Elizabeth Oddone-Paolucci, 2017-11-22 This title was first published in 2000 This book is based on selected papers from a major international congress of the same name that was held at the University of Calgary in July 1997 The contributors come from Canada England Italy United States Hong Kong and New Zealand where they are researchers at major universities The papers are organized into four sections 1 Context of Families 2 Family Adjustment and Transitions 3 Child and Adolescent Development and Attachment The book sets out to bring together advanced research by psychologists social workers physicians sociologists and other social scientists on the interface between society the family children adolescents and other family members **Changing Politics of Canadian Social Policy** James J. Rice, Michael J. Prince, 2013-01-01 Changing Politics of Canadian Social Policy is a one of a kind resource in the fields of political science and social work How Canadians Communicate David Taras, Frits Pannekoek, Maria Bakardjieva, 2003 **Shakedown** Angus Reid, 1997 A NATION ON THE BRINK As the end of the millennium draws near Canada finds itself trapped in a frightening new era of shrinking incomes corporate downsizing and declining government services The economy booms but jobless rates remain high The top 20 percent are getting richer while the bottom 80 percent are getting poorer Technology and globalization seem to be killing more jobs than they are creating Now Angus Reid a passionate observer of the Canadian scene head of Canada's leading polling firm draws on twenty years of market and social opinion research to paint a provocative portrait of where Canada has been where it is now and where it is going With its invaluable insights into what Canadians must do to survive and thrive in the global economy of the 21st century Shakedown is essential reading for all
