## **Shakespeare Just For A Laugh:**

Shakespeare Just for a Laugh Malcolm Darby, 2003      **Staged Transgression in Shakespeare's England** R. Loughnane, E. Semple, 2016-01-03 Staged Transgression in Shakespeare's England is a groundbreaking collection of seventeen essays drawing together leading and emerging scholars to discuss and challenge critical assumptions about the transgressive nature of the early modern English stage These essays shed new light on issues of gender race sexuality law and politics Staged Transgression was followed by a companion collection Staged Normality in Shakespeare's England 2019 also available from Palgrave <https://link.springer.com/book/10.1007/978-3-030-00892-5>      **A Preface to Shakespeare's Comedies** Michael Mangan, 2014-06-06 This is an informative and interesting guide to the comedies of love The Two Gentlemen of Verona The Taming of the Shrew Love's Labour's Lost A Midsummer Night's Dream Much Ado About Nothing As You Like It and Twelfth Night which were written in the early part of Shakespeare's career As well as supplying dramatic and critical analysis this study sets the plays within their wider social and artistic context Michael Mangan begins by considering the social function of laughter the use of humour in drama for handling social tensions in Elizabethan and Jacobean society and the resulting expectations the audience would have had about comedy in the theatre In the second section he discusses the individual plays in the light of recent critical and theoretical research The useful reference section at the end gives the reader a short bibliographic guide to key historical figures relevant to a study of Shakespeare's comedies and a detailed critical bibliography      **My Remarkable Little Monkey** Mark Lages, 2017-04-27 Marty Anderson is looking for some companionship and decides he must have a monkey It is a decision that will soon change his life The capuchin monkey he purchases turns out to be more than just an ordinary little tree swinging pet This monkey named Shakespeare is exceptionally bright Marty does everything he can think of to accommodate his furry brilliant friend but it just doesn't seem to be enough Join Marty and his group of unforgettable friends as they try to give Shakespeare a proper upbringing in an unpredictable human oriented world In My Remarkable Little Monkey the outlandish becomes a reality and the status quo becomes unbelievable Once you are done reading you'll put this book down while scratching your head and wondering what just happened      Shakespeare's Speaking Properties Frances N. Teague, 1991 This book is the first attempt to discuss systematically the properties in Shakespeare's plays and analyzes the properties that Shakespeare specifies either explicitly in stage directions or implicitly in speeches Property lists for all of Shakespeare's plays and frequency tables for various categories of property are included      **Shakespeare's Sugared Sonnets** Katharine M. Wilson, 2021-03-30 In the course of some research into the musical element in English poetry Dr Wilson read the work of the Elizabethan sonneteers chronologically and was struck by a suspicion that Shakespeare's sonnets were parodies Later she carried out a more thorough investigation and this book originally published in 1974 is the product her early impressions had been justified beyond all expectation Her investigation involved examining the background of each of Shakespeare's sonnets and this in

itself is a contribution to scholarship A surprising number of them are shown to be direct parodies of particular sonnets all of them guy the sonnet convention and the more difficult ones are easily explained by this hypothesis Fresh correspondences between Shakespeare and his predecessors have come to light and his relationship with them is seen to be mocking This is demonstrated in his borrowings from Ovid also while the opening seventeen sonnets gain point as parody of Erasmus on marriage The book opens with a short note on the origin of the sonnet in song chivalric love and Plato The sonnet theme in Shakespeare's early comedies is treated freshly and the author throws light on the plays from a new angle In the final chapter among other themes the implication of dating is considered and here too some new material is discussed However Dr Wilson is aiming at a wider readership than that of scholars alone She has a view of Shakespeare as a young man catering for young man laughter as she puts it and she never loses sight of this aspect in her study Although the academic basis is there the presentation is not academic Her aim is clearly to share the joke with her readers
