Shakespeare: the Perspective of Value Robert Elliot Fitch,1969

Shakespeare: the Perspective of Value, by Robert E. Fitch Robert Elliot Fitch,1969 **Shakespeare's Tragic**

Perspective Larry S. Champion,2012-04 This work directs attention to the various structural devices by which Shakespeare creates and sustains anticipation in his audience while simultaneously provoking them to participate in the tragic protagonist's anguish

Shakespeare: A Modern Perspective Pasquale De Marco,2025-03-23 Shakespeare A Modern Perspective offers a captivating exploration of the enduring legacy of William Shakespeare the literary colossus whose works have enthralled audiences for centuries This comprehensive volume delves into the depths of Shakespeare's tragedies comedies and histories unveiling the timeless insights they offer into the human condition With a focus on their relevance to contemporary readers the book delves into the intricacies of Shakespeare's language examining his masterful use of metaphor imagery and wordplay It explores the ways in which Shakespeare's plays have been adapted for the stage and screen tracing the evolution of his works from their original theatrical context to their modern cinematic interpretations Furthermore the book investigates Shakespeare's profound influence on film theater and literature revealing the myriad ways in which his works have inspired and shaped subsequent generations of artists and writers It examines the challenges and rewards of teaching and learning Shakespeare highlighting the enduring value of his works in education Additionally the book explores Shakespeare's portrayal of gender race and identity examining the ways in which his plays reflect the social and cultural contexts of his time and continue to resonate with audiences today It concludes by considering Shakespeare's enduring relevance in the modern world emphasizing the universality of his themes and the ongoing fascination with his works Through this comprehensive exploration Shakespeare A Modern Perspective provides readers with a fresh understanding of Shakespeare's enduring significance and the myriad ways in which his works continue to enrich our understanding of the human experience It is an indispensable resource for students scholars and anyone with an interest in the works of this literary giant If you like this book write a review

Learning to See the Theological Vision of Shakespeare's King Lear Greg Maillet,2016-09-23 This book follows the recent turn to religion that has been so important to English Studies in the 21st century and builds on many of the recent biographies of Shakespeare that have explored the playwright's religious views While noticing biography the focus of this book is upon the onstage action of King Lear arguing that its theodicy can be understood as the expansion of theological vision The book makes this argument by drawing on an approach to literature known as theological aesthetics an approach pioneered by Hans Urs Von Balthasar Engaging with not only W R Elton but also other Shakespeare scholars such as Jan Kott and Kenneth Muir it combines theological argument performance criticism and dramatic analysis to argue for a theological reading of King Lear

Shakespeare's World/world Shakespeares International Shakespeare Association. World Congress,2008 This collection offers 29 essays by many of the

world's major scholars of the extraordinary diversity and richness of Shakespeare studies today. It ranges from examinations of the society Shakespeare himself lived in to recent films, plays, novels, and operatic adaptations in Europe, Africa, Asia, Australia, and the Middle East. *The Shakespearean International Yearbook* Tom Bishop, Alexa Joubin, 2018-10-03. Currently in its seventeenth year and formerly published by Ashgate, *The Shakespearean International Yearbook* surveys the present state of Shakespeare studies, addressing issues that are fundamental to our interpretive encounter with Shakespeare's work and his time across the whole spectrum of his literary output. Contributions are solicited from among the most active and insightful scholars in the field from both hemispheres of the globe. New trends are evaluated from the point of view of established scholarship and emerging work in the field, encouraged to present a view of what is happening all around the world. Each issue includes a special section under the guidance of a specialist Guest Editor as well as a review of recent critical work in Shakespeare studies. An essential reference tool for scholars of early modern literature and culture, this annual captures from year to year current and developing thought in Shakespeare scholarship and theater practice worldwide. *Shakespearean Perspectives* David Lucking, 2017-03-14. David Lucking sees Shakespeare's plays as negotiating tensions between a number of alternative and sometimes mutually antagonistic perspectives. Some of these perspectives are associated with particular languages, cultures, and texts, while others involve philosophical issues such as the nature of personal ontology and distinctions between reality and dream, being and nothingness. In elaborating his insights, Lucking draws extensive comparisons with Lucretius' *De Rerum Natura* and between Sophocles' Theban plays and *King Lear*, and he also pays close attention to *A Midsummer Night's Dream*, *Henry V*, *Julius Caesar*, *Hamlet*, and *Antony and Cleopatra*. Reassessing a wide range of earlier commentary, his nine essays confirm the lasting value of apposite contextualization in tandem with detailed close reading. **Vision and Rhetoric in Shakespeare** A. Thorne, 2000-08-01. This major new interdisciplinary study argues that Shakespeare exploited long-established connections between vision, space, and language in order to construct rhetorical equivalents for visual perspective. Through a detailed comparison of art and poetic theory in Italy and England, Thorne shows how perspective was appropriated by English writers who reinterpreted it to suit their own literary concerns and cultural context. Focusing on five Shakespearean plays, she situates their preoccupation with issues of viewpoint in relation to a range of artistic forms and topics, from miniatures to masques. *Shakespeare's Theory of International Relations* William M. Hawley, 2022-08-11. This book treats William Shakespeare's romances as international relations (IR) theory plays depicting paths to peace abroad, showing that the playwright sounds the depths of human emotions and resolves diplomatic crises threatening entire populations overseas. Remarkably, Shakespeare vindicates Renaissance concepts of IR, classical realism, as well as our modern definitions of IR, realism, defensive realism, and constructivism. These late plays reveal the playwright at the height of his aesthetic powers, for by virtue of his art, his antagonistic state actors restore frayed international alliances and reap the benefits of a renewed sense of universal well-being. Shakespeare Collection Folger Shakespeare Library, 1972 **Shakespeare Survey** Kenneth Muir, 2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback *Shakespeare and Religion: Global Tapestry, Dramatic Perspectives* Margie Burns, 2025-01-07 Twelve research articles deal with aspects of religion in the plays of William Shakespeare from early in the dramatist's career to the end Ordered by chronology two chapters focus on history plays three chapters focus on comedies and three on tragedies one deals with *Troilus and Cressida* and three chapters deal with the late romances The anthology does not cover all of Shakespeare's plays and collaborations or the lyric poems The collection is ecumenical and transnational While the contributors all recognize that Shakespeare wrote in a Renaissance Christian universe Christianity is not the only world religion dealt with Approaches involve history and philosophy as well as theology and individual perspectives vary One thing the collection makes clear is that religion in some sense operates in every Shakespearean work and its large spectrum ranges through plot and character from shallow to deep self interested to elevated bloody to harmonious Religion and religious differences were also part of the fabric and history of the playwright's world manifesting in the plays in situation language and iconography From various perspectives a common denominator is that the authors approach aspects of religion as one element in an informed analysis of the works Disability, Health, and Happiness in the Shakespearean Body Sujata Iyengar, 2014-12-05 This book considers early modern and postmodern ideals of health vigor ability beauty well being and happiness uncovering and historicizing the complex negotiations among physical embodiment emotional response and communally sanctioned behavior in Shakespeare's literary and material world The volume visits a series of questions about the history of the body and how early modern cultures understand physical ability or vigor emotional competence or satisfaction and joy or self fulfillment Individual essays investigate the purported disabilities of the crook back King Richard III or the corpulent Falstaff the conflicts between different health care belief systems in *The Taming of the Shrew* and *Hamlet* the power of figurative language to delineate or even instigate puberty in the *Sonnets* or *Romeo and Juliet* and the ways in which the powerful or moneyed mediate the access of the poor and injured to cure or even to care Integrating insights from Disability Studies Health Studies and Happiness Studies this book develops both a detailed literary historical analysis and a provocative cultural argument about the emphasis we place on popular notions of fitness and contentment today *Staging Shakespeare: Theatrical Genius in the Written Word* Motaher Hossain, *Staging Shakespeare Theatrical Genius in the Written Word* by Motaher Hossain is a captivating exploration into the timeless brilliance of William Shakespeare This book embarks on a multidimensional journey through the socio political dynamics of the Elizabethan era the intricate creative process behind the Bard's works and the universal themes that have made Shakespearean drama resonate across centuries From the quill to the curtain Motaher Hossain unveils the alchemy that transforms the written word into a mesmerizing theatrical experience Readers are invited to witness the collaborative spirit between literature and theater celebrating the enduring legacy of Shakespeare's genius Whether you are a seasoned enthusiast or a newcomer to

the world of Shakespeare this book promises a fresh and immersive perspective on the magic that unfolds when the quill meets the stage *Shakespeare, Aphra Behn and the Canon* Lizbeth Goodman, W.R. Owens, 2013-08-21 A clear introduction to the idea of the canon exploring the process by which certain works and not others receive high cultural status The work of Shakespeare and Aphra Behn is used to illustrate and challenge this process New Perspectives on Asset Price Bubbles Douglas D. Evanoff, George G. Kaufman, A. G. Malliaris, 2012-02-08 This volume critically re examines the profession's understanding of asset bubbles in light of the global financial crisis of 2007-09 It is well known that bubbles have occurred in the past with the October 1929 crash as the most demonstrative example However the remarkably well behaved performance of the US economy from 1945 to 2006 and in particular during the Great Moderation period of 1984 to 2006 assured the economics profession and monetary policymakers that asset bubbles could be effectively managed with little or no real economic impact The recent financial crisis has now triggered a debate about the emergence of a sequence of repeated bubbles in the Nasdaq market housing market credit market and commodity markets The realities of the crisis have intensified theoretical modeling empirical methodologies and debate on policy issues surrounding asset price bubbles and their potentially adverse economic impact if poorly managed Taking a novel approach the editors of this book present five classic papers that represent accepted thinking about asset bubbles prior to the financial crisis They also include original papers challenging orthodox thinking and presenting new insights A summary essay highlights the lessons learned and experiences gained since the crisis **Shakespeare's God** Ivor Morris, 2004-12-23 First published in 1972 Shakespeare's God investigates whether a religious interpretation of Shakespeare's tragedies is possible The study places Christianity's commentary on the human condition side by side with what tragedy reveals about it This pattern is identified using the writings of Christian thinkers from Augustine to the present day The pattern in the chief phenomena of literary tragedy is also traced Shakespeare Studies Leeds Barroll, Susan Zimmerman, 2002-11 Shakespeare Studies is an international volume published every year in hardcover containing more than three hundred pages of essays and studies by critics from both hemispheres
