## **Shakespeare The Comedies A Collection Of Critical Essays:**

**Shakespeare: the Comedies** Kenneth Muir, 1965 From the Back Cover Despite differences between Shakespeare's time and ours in language in taste in mores his comedies still produce that sure sign of success uninhibited laughter But as the critics in this volume ably contend the world of Shakespearean comedy is made of more than make believe quick action and brilliant repartee Shakespeare's genius was to probe delicately but deeply subtle and enduring characteristics of humanity Each play is set in a land of its own yet through these lands move characters recognizable in our own world The reality of these characters is only enhanced by ethereal creatures of the imagination like Puck and Ariel who weave about them poetic merriment unsurpassed in comic literature Among the essays in this volume are As You Like It Helen Gardener Winter's Tale Derek Traversi Helena G Wilson Knight Shakespeare's Method The Merchant of Venice J Middleton Murry **Shakespeare - the comedies : a collection of critical essays** K. Editor Muir, 1965 **Shakespeare**, 1964 **Shakespeare** Clifford Dowdey, 1965 **Shakespeare** Alfred Harbage, 1964 **Shakespeare. The Comedies. A Collection of Critical Essays. Edited by Kenneth Muir** Kenneth Muir, 1965 **The Comedy of Errors** Robert S. Miola, 2001 This comprehensive guide to The Comedy of Errors brings together the most significant and authoritative insights on this early Shakespearean comedy The texts presented chronologically represent the best writings on the play from a 1594 review of a performance at Gray's Inn to contemporary feminist and new historicist interpretations Important textual analyses by Samuel Taylor Coleridge George Bernard Shaw and Harry Levin among others are included with five previously unpublished essays by leading Shakespeare experts **The Moral Universe of Shakespeare's Problem Plays** Vivian Thomas, 2021-03-30 What is it that makes Shakespeare's problem plays problematic Many critics have sought for the underlying vision or message of these puzzling and disturbing dramas Originally published in 1987 the key to Viv Thomas's new synthesis of the plays is the idea of fracture and dissolution in the universe From the collapse of degree in Troilus and Cressida to the corruption at the heart of innocence in Measure for Measure to the puzzling status of virtue and valour in All's Well the most obvious feature of these plays in their capacity to prompt new questions In a detailed discussion of each play in turn the author traces the dominant themes that both distinguish and unite them and provides numerous insights into the sources background texture and morality of the plays **Shakespeare: Three Problem Plays** Nicholas Marsh, 2017-04-11 Written in 1602-4 between Hamlet and the other great tragedies Shakespeare's three Problem Plays are so called because they do not fit easily into the other groups of plays They are awkward dramas full of unresolved controversies which leave audiences and readers unsettled by contradictory responses Nicholas Marsh uses close analysis of extracts from the plays to explore how Shakespeare maintains competing discourses within a single text In the first part of his study Marsh highlights the multiple interpretations these plays provoke and provides useful sections on methods of analysis to encourage readers to develop their views independently The second part of the book discusses the Problem Plays in relation to the playwright's other works and

examines their cultural and historical contexts A comparison of five modern critical views and helpful suggestions for further reading provide a bridge to continuing study In this essential guide to a complex set of plays Marsh does not seek to reconcile the thorny issues these dramas leave open rather he equips the reader with the necessary critical tools to fashion their own synthesis

**Much Ado about Nothing** William Shakespeare,2003-04-21 The New Cambridge Shakespeare appeals to students worldwide for its up to date scholarship and emphasis on performance The series features line by line commentaries and textual notes on the plays and poems Introductions are regularly refreshed with accounts of new critical stage and screen interpretations This second edition of Much Ado About Nothing retains the text and introduction prepared by F H Mares and features a new section by Angela Stock on recent film stage and critical interpretations of the play Mares pays special attention in the Introduction to the range of theatrical interpretations that have flourished since the first documented production of the play in the early seventeenth century In particular he explores notable performances of the roles of Benedick and Beatrice from David Garrick to John Gielgud and Peggy Ashcroft to Judi Dench The commentary explicates the many sexual jokes in the text that are obscured by the complexity of Elizabethan English

Shakespeare's Pluralistic Concepts of Character Imtiaz H. Habib,1993 The presentation of a complex character such as Shylock bears resemblance to the technique of anamorphic portraiture and trick perspective in the sense that seen one way he appears a villain but seen another way he appears a persecuted victim The clashing and merging of opposed frames of ideological reference that cannot be held apart or resolved and that remain in a kind of uneasy balance may be a technique of comic characterization that exploits relativism and ambiguity in the presentation of human personality and self on stage A similar technique can be seen at work in the Histories in the characters of Richard and Bolingbroke who as has long been noted compete contrarily for the audience s ideological sympathies over the course of the play

**Shakespeare and Commedia dell'Arte** Artemis Preeshl,2017-07-14 Shakespeare and Commedia dell Arte examines the ongoing influence of commedia dell arte on Shakespeare s plays Exploring the influence of commedia dell arte improvisation sight gags and wordplay on the development of Shakespeare s plays Artemis Preeshl blends historical research with extensive practical experience to demonstrate how these techniques might be applied when producing some of Shakespeare s best known works today Each chapter focuses on a specific play from A Midsummer Night s Dream to The Winter s Tale drawing out elements of commedia dell arte style in the playscripts and in contemporary performance Including contemporary directors notes and interviews with actors and audience members alongside Elizabethan reviews criticism and commentary Shakespeare and Commedia dell Arte presents an invaluable resource for scholars and students of Renaissance theatre

**A Selective Bibliography of Shakespeare** James G. McManaway,Jeanne Addison Roberts,1978-07 This bibliography provides easy access to the most important Shakespeare studies in the past four decades Brief annotations a detailed table of contents cross references and a complete index make this bibliography especially useful

**Shakespeare's Middle Tragedies** David Young,1993 For all
