Long Stay In A Distant Land:

A Long Stay in a Distant Land Chieh Chieng, 2008-12-01 The Lums are cursed Their early deaths come randomly strangely and often be it by tainted cheeseburger or speeding ice cream truck The most recent victim is Louis Lum s mother Now Louis must move back home with his gangsta rap obsessed father Sonny to prevent him from enacting the revenge he promises But soon Louis s concern shifts to his uncle Bo Lum who has disappeared in Hong Kong As Louis s search progresses the tragicomic story of three generations of Lums in America is revealed Chieh Chieng graduated from the creative writing program at the University of California Irvine and has been published in Glimmer Train the Threepenny Review and the Santa Monica Review Chosen for Barnes and Noble s Discover Great New Writers Program This is a dazzling debut poignant prickly and deliciously absurd Booklist Chieng is a fresh comic voice a touching and auspicious debut Orange Country Register Los Angeles Magazine ,2005-05 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian An Affair of the South Seas Leigh Hadley Irvine, 1901 **Orange Coast Magazine** ,2005-04 Orange Coast Magazine is the oldest continuously published lifestyle magazine in the region bringing together Orange County s most affluent coastal communities through smart fun and timely editorial content as well as compelling photographs and design Each issue features an award winning blend of celebrity and newsmaker profiles service journalism and authoritative articles on dining fashion home design and travel As Orange County s only paid subscription lifestyle magazine with circulation figures guaranteed by the Audit Bureau of Circulation Orange Coast is the definitive guidebook into the county s luxe lifestyle

Los Angeles Magazine ,2005-05 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian

At the Margins of Orthodoxy Paul W. Werth, 2018-05-31 In a period of dramatic social change when Orthodoxy and nationalism were the twin pillars of the Russian state how did the tsarist bureaucracy govern an expansive realm inhabited by the peoples of many nations and ethnicities professing various faiths Did the nature of tsarist rule change over time and did it vary from region to region Paul W Werth considers these large questions in his survey of imperial Russian rule in the vast Volga Kama region First conquered in the sixteenth century the Volga Kama lands were by the nineteenth century both

part of the Russian heartland and resolutely other the home of a mix of Slavic Finnic and Turkic peoples where the urge to assimilate was always counterbalanced by determined efforts to preserve cultural and religious differences The Volga Kama thus poses the dilemmas of empire in especially complex and telling ways Drawing on a wide range of printed and archival sources Werth untangles and reconstructs this complicated history focusing on the ways in which the tsarist state and Orthodox missions used conversion in their ongoing and regularly frustrated efforts to transform the region's Muslim and animist populations into imperial Orthodox citizens He shows that the regime became less concerned with religion and more concerned with secular attributes as the marker of cultural differences an emphasis that would change dramatically in the early years of Soviet rule **The Irish Monthly**, 1882 Asian American Fiction After 1965 Christopher T.

Fan, 2024-04-23 After the 1965 Immigration and Nationality Act loosened discriminatory restrictions people from Northeast Asian countries such as South Korea Taiwan Japan and eventually China immigrated to the United States in large numbers Highly skilled Asian immigrants flocked to professional managerial occupations especially in science technology engineering and math Asian American literature is now overwhelmingly defined by this generation's children who often struggled with parental and social expectations that they would pursue lucrative careers on their way to becoming writers Christopher T Fan offers a new way to understand Asian American fiction through the lens of the class and race formations that shaped its authors both in the United States and in Northeast Asia In readings of writers including Ted Chiang Chang rae Lee Ken Liu Ling Ma Ruth Ozeki Kathy Wang and Charles Yu he examines how Asian American fiction maps the immigrant narrative of intergenerational conflict onto the two cultures conflict between the arts and sciences Fan argues that the self-consciousness found in these writers' works is a legacy of Japanese and American modernization projects that emphasized technical and scientific skills in service of rapid industrialization He considers Asian American writers' attraction to science fiction the figure of the engineer and notions of the postracial modernization theory and time travel and what happens when the dream of a stable professional identity encounters the realities of deprofessionalization and proletarianization Through a transnational and historical materialist approach this groundbreaking book illuminates what makes texts and authors Asian American **Historical Dictionary of Asian American Literature and Theater** Wenying Xu, 2012-04-12 Asian American literature is one of the most recent forms of ethnic literature and is already becoming one of the most prominent given the large number of writers the growing ethnic population from the region the general receptivity of this body of work and the quality of the authors In recent decades there has been an exponential growth in their output and much Asian American literature has now achieved new levels of popular success and critical acclaim Nurtured by rich and long literary traditions from the vast continent of Asia this literature is poised between the ancient and the modern between the East and West and between the oral and the written The Historical Dictionary of Asian American Literature and Theater covers the activities in this burgeoning field First its history is traced year by year from 1887 to the present in a chronology and the introduction

provides a good overview The most important section is the dictionary with over 600 substantial and cross referenced entries on authors books and genres as well as more general ones describing the historical background cultural features techniques and major theatres and clubs More reading can be found through an extensive bibliography with general works and those on specific authors The book is thus a good place to get started or to expand one's horizons about a branch of American literature that can only grow in importance

Rising Above Brent N. Bozeman, 2018-05-01 Dr Brent Bozeman shares his writings with the world about things he learned the hard way The thoughts and ideas contained in these meditations were originally intended for his two sons and they are sometimes intense with raw passion and vulnerability Written from the perspective of his own struggles with addiction shame and a real doubt of God's love he reminds us all that falling down is not the end of our story but the beginning of grace This book offers 365 personal meditations intended to challenge your mind and inspire hope By surrendering to the relentless love of God you too can rise above

A Commentary on Euripides' Iphigenia in Tauris Poulheria Kyriakou, 2012-02-14

This work is the first major commentary on Euripides Iphigenia in Tauris to appear in English in more than 65 years It offers detailed analysis of a fascinating play that scholars so far had considered mainly as a source of information about Athenian cult and viewed as a romantic adventure story with happy end Apart from including sober assessments of textual linguistic and metrical problems the commentary sheds new light on the play's treatment of myth its intricate structure presentation of character and place in Euripides work In particular it offers fresh insights into the play's relationship to the literary tradition especially its treatment of the crimes of the Pelopids and its presentation of the complex ambiguous relationship of humans and gods as well as that of Greeks and barbarians Unlike most other tragedies Iphigenia in Tauris does not feature any villain and avoids concentrating on past crimes and their corrosive influence on the characters present The Taurians are not portrayed simply as savage and slow barbarians and Iphigenia the most intelligent character fails to transcend her limitations Religion and cult in both myth and contemporary Athens are a mixture of traditional and invented elements and the play as a whole turns out to be an intriguing and unique experiment in Euripides career

In Vivo Gabor Csepregi, 2019-04-30 The course of human life punctuated by unexpected and transformative moments is never uniform What are the characteristics of such life defining moments what responses do they evoke and how do they transform the lives of those who experience them In Vivo explores foundational questions and pivotal moments of the human experience engagement with a foreign culture the decision to break free from unfortunate experiences a generous action undertaken in the context of an otherwise regular day in terms of their life altering potential Through illustrative examples both real and fictional Csepregi reveals the primacy of personal feelings in shaping human life and demonstrates the formative power of spontaneity outside the traditional context of formal education These moments and particularly the way they disrupt ordinary temporal order Csepregi argues are the

lived experiences of our vitality In an age marked by increasing anxiety about the homogenizing tendencies of contemporary life In Vivo is timely and revelatory Informed by a range of philosophical thinking and examples from art music and literature it illustrates opportunities for meaningful reflection that are available to everyone and urges the reader to engage with them
