The World Politics of Disco Elysium Vic Castro, Nicholas Kiersey, 2025-06-30 The World Politics of Disco Elysium analyzes the distinctive political claims and original arguments on a wide range of international political issues of the highly acclaimed Marxist video game Disco Elysium 2019 which takes place in a speculative fictional world anchored in a post Soviet Estonian perspective Disco Elysium 2019 has been repeatedly acclaimed as one of the best video games of all time This detective role playing game unfolds in a city ruined by a failed communist revolution and occupied by a foreign coalition Furthering recent work in International Relations and popular culture this book claims that the cognitive estrangement of speculative fiction can produce theoretical and political novelty beyond merely reflecting existing political dynamics By placing a metaphor for the Estonian capital Tallinn at the centre of a world Disco Elysium produces an estranged Estonian perspective on world politics that challenges dominant Anglo American views of International Relations while also undermining the opposition between a coherent West and a colonized Rest The contributors from International Relations and Cultural Studies discuss the game s claims on topics such as capitalism neo liberalism foreign intervention law enforcement fascism colonialism gender disability violence memory revolutionary politics the European Union political realism and international security The World Politics of Disco Elysium will be of great interest to students and scholars researching the politics of popular culture post Soviet politics non Western International Relations

as well as game studies and cultural studies *You Should Quit Reddit* Jacob Desforges,2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit s r NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple *You Should Quit Reddit* is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit s flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

Gaming Democracy Adrienne L. Massanari,2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In *Gaming Democracy* Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley s emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming *Gaming Democracy* is a novel contribution to our understanding of online platforms and far right political activism **Beginner's Reddit**
