Looking For Moral Guidance Dilemma And The Bible:

Looking for Moral Guidance James A. Fischer, 1992 Beginning by employing image with story and by outlining a method for using scripture in ethical decision making Fischer moves from the image to the real conflict that defines a life situation or scripture story He then addresses finding the faith and the community of support for the leap in the dark that expresses faith This he claims will culminate in discovering the person God and oneself revealed in the process of comparing biblical story and our own story Fischer avoids a naive or doctrinaire approach to scripture instead offering an open minded exploration of concrete examples from everyday life

New Testament Ethics Frank J. Matera, 1996-01-01 Neither Jesus nor Paul developed a formal ethical system yet each left a moral legacy that forms the core of New Testament ethics In this book Frank Matera examines the ethic found in the teachings of Jesus and Paul He explores the broad range of moral concerns found in these writings and finds an identifiable unity that underlies the ethical teachings of both Elenchus of Biblica, 1995

Ethical Dilemmas Martin Cohen, 2004-08-02 First published in 2003 Routledge is an imprint of Taylor Francis an informa company

A Time To Die Dr. Wally Morris, 2014-01-17 Death comes to everyone sooner or later For some death comes quickly without any warning For others death comes more slowly Many people wonder how to make difficult decisions about medical treatment especially when the cost of medical care increases every year Eighty percent of Americans have not clearly and legally expressed their wishes about medical care Families struggle with making decisions about treatment

of those they love and pastors struggle with what advice to give families about a decision that will probably be irreversible and have permanent consequences This book focuses on the historical ethical legal medical and Biblical aspects of the often difficult decisions individuals and families must make about the medical treatment of someone who is dying The book reviews preparations people can make before they find themselves in the hospital and gives suggestions for end of life preparations Because the Bible is the final authority in all matters of life and death we have a reliable guide provided by One who already knows the answers and has anticipated our questions

Library Journal ,1992 **Survival Guide for Christians on Campus** Tony Campolo,William Willimon,2010-06-15 The contemporary college campus is filled with spiritual surprises daily dilemmas and difficult questions and this book offers the help and heart to walk into the jungle of campus life as a Christian Will the Christian faith hold up under the scrutiny of the new knowledge and ideas that bombarded students on the college campus Tony Campolo and Dr Will Willimon college professors and seasons authors and speakers insist that the Christian faith is not threatened by tough questions They maintain that some of the greatest minds the human race has produced have put hard questions to Jesus and come away stronger in their faith and more convinced of its truth than ever before Whether you are a committed Christian or one who is still exploring the Christian faith this book will provide sound answers to difficult questions Open this book and find the help and heart to walk into the jungle of campus life and walk out more than a conqueror **Wrestling with Life's Tough**

Issues Claire Disbrey,2008 All Christians want to live ethical lives that reflect the truth of the Bible and our faith So why is it so difficult to figure out how to take what is in the Bible and apply it to the tough issues we encounter in daily life Claire Disbrey presents the ancient concept of virtue ethics as a way to work through this difficulty She share stories about people who face dilemmas and then consider three ways to resolve them the first based on keeping the law the second based on doing what is most loving and finally a third approach that is based on asking What would a virtuous person do By telling her readers to ask themselves this question Disbrey helps us develop a clear sense of how to use the Bible and virtue ethics to wrestle with the tough issues in our lives **BOOK JACKET** *Sticking Up for What Is Right* Gwendolyn Mitchell Diaz,2008-12

Accessible to both parents and teens *Sticking Up for What Is Right* answers common questions that teens ask about moral issues It presents biblical truths in a simple honest and sometimes humorous way **Thinking Critically About Abortion** Nathan Nobis,Kristina Grob,2019-06-19 This book introduces readers to the many arguments and controversies concerning abortion While it argues for ethical and legal positions on the issues it focuses on how to think about the issues not just what to think about them It is an ideal resource to improve your understanding of what people think why they think that and whether their and your arguments are good or bad and why It s ideal for classroom use discussion groups organizational learning and personal reading From the Preface To many people abortion is an issue for which discussions and debates are frustrating and fruitless it seems like no progress will ever be made towards any understanding much less resolution or even compromise Judgments like these however are premature because some basic techniques from critical thinking such as carefully defining words and testing definitions stating the full structure of arguments so each step of the reasoning can be examined and comparing the strengths and weaknesses of different explanations can help us make progress towards these goals When emotions run high we sometimes need to step back and use a passion for calm cool critical thinking This helps us

better understand the positions and arguments of people who see things differently from us as well as our own positions and arguments And we can use critical thinking skills help to try to figure out which positions are best in terms of being supported by good arguments after all we might have much to learn from other people sometimes that our own views should change for the better Here we use basic critical thinking skills to argue that abortion is typically not morally wrong We begin with less morally controversial claims adults children and babies are wrong to kill and wrong to kill fundamentally because they we are conscious aware and have feelings We argue that since early fetuses entirely lack these characteristics they are not inherently wrong to kill and so most abortions are not morally wrong since most abortions are done early in pregnancy before consciousness and feeling develop in the fetus Furthermore since the right to life is not the right to someone else s body fetuses might not have the right to the pregnant woman s body which she has the right to and so she has the right to not allow the fetus use of her body This further justifies abortion at least until technology allows for the removal of fetuses to other wombs Since morally permissible actions should be legal abortions should be legal it is an injustice to criminalize actions that are not wrong In the course of arguing for these claims we 1 discuss how to best define abortion 2 dismiss many common question begging arguments that merely assume their conclusions instead of giving genuine reasons for them 3 refute some often heard everyday arguments about abortion on all sides 4 explain why the most influential philosophical arguments against abortion are unsuccessful 5 provide some positive arguments that at least early abortions are not wrong 6 briefly discuss the ethics and legality of later abortions and more This essay is not a how to win an argument piece or a tract or any kind of apologetics It is not designed to help anyone win debates everybody wins on this issue when we calmly and respectfully engage arguments with care charity honesty and humility This book is merely a reasoned systematic introduction to the issues that we hope models these skills and virtues Its discussion should not be taken as absolute proof of anything much more needs to be understood and carefully discussed always Choosing the Good Dennis P. Hollinger,2002-09-01 An intelligent discussion of the foundations and methods in ethics and ways to apply a Christian worldview to our secular culture

Pursuing Moral Faithfulness Gary Tyra,2015-04-15 In response to the moralism and relativism that characterize the present age Gary Tyra presents an evangelical ethic for everyday moral faithfulness arguing that Christians can have confidence in their Christ centered Spirit enabled ability to discern and do the will of God in any moral situation

Commandments and Concerns Michael Rosenak,2011-01-01 In this cutting edge study Michael Rosenack provides a new understanding of the challenges inherent in teaching Judaism today His ground breaking theories are based on close examination of religious experience in individual s lives consulting sources from all Jewish denominations from Israel and the Diaspora and from the non Jewish world Rosenak uses his research and a wealth of academic theories to formulate and present proposals for an honest new approach to teaching religion in our contemporary secular world Ethical Issues in Six Religious Traditions Peggy Morgan,2007-02-16 How do Hindus view euthanasia Is there a Sikh view of advertising Do

Jews and Muslims share the same attitude to marriage How do Christian and Buddhist views on the environment differ This book draws together authors respected in six traditions to explore in parallel the ethical foundations for Hindu Buddhist Sikh Jewish Christian and Muslim faiths Each section introduces a different religion and asks specific topical questions set in a wider context The issues addressed are religious identity and authority the personal and the private marriage and family influences on and use of time money and other personal resources the quality and value of life questions of right and wrong equality and difference conflict and violence and global issues The contributors to this expanded edition are Peggy Morgan Clive Lawton Werner Menski Eleanor Nesbitt Alan Brown and Azim Nanji Additions for this new edition include subsections on reproduction vegetarianism just war and terrorism and
