Meridien De Sang Blood Meridian:

Blood Meridian Cormac McCarthy, 1992-05-05 25th ANNIVERSARY EDITION From the bestselling author of *The Passenger* and the Pulitzer Prize winning novel *The Road* an epic novel of the violence and depravity that attended America's westward expansion brilliantly subverting the conventions of the Western novel and the mythology of the Wild West One of *The Atlantic's* Great American Novels of the Past 100 Years Based on historical events that took place on the Texas Mexico border in the 1850s *Blood Meridian* traces the fortunes of the Kid a fourteen year old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving **Blood Meridian** Cormac McCarthy, 2022-02-17 Brutally violent *Blood Meridian* is the story of one teenage runaway in the nineteenth century American South as a sadistic gang unleashes its massacre across the desert land It is the work that sealed Cormac McCarthy's reputation as one of the twentieth century's greatest writers his magnum opus A brilliant uncompromising work of fiction imagine if the authors of the King James Bible their hands guided by Satan wrote a western The Times Through the hostile landscape of the Texas Mexico border wanders the Kid a fourteen year old Tennessean who is quickly swept up in the relentless tide of blood A group known as the Glanton gang hunt Indigenous Americans collecting scalps as their bloody trophies At the centre of this violence stands Judge Holden a massive hairless man mysterious if not supernatural erudite and cold blooded He is singularly extreme in his sadistic violence But the apparent chaos is not without order the Glanton gang too are stalked as prey Read as both a brilliant subversion of the Western novel and a blazing example of that form it is a powerful mesmerizing and savagely beautiful novel and one of the most important works in American fiction of the last century In *Blood Meridian* McCarthy reaches the peak of his style spare and ornate at once repetitious but endlessly readable Guardian Praise for Cormac McCarthy His prose takes on an almost biblical quality hallucinatory in its effect and evangelical in its power Stephen King author of *The Shining* and the *Dark Tower* series McCarthy worked close to some religious impulse his books were terrifying and absolute Anne Enright author of *The Green Road* and *The Wren* In presenting the darker human impulses in his rich prose McCarthy showed readers the necessity of facing up to existence Annie Proulx author of *Brokeback Mountain* Part of the Picador Collection a series showcasing the best of modern literature *Notes on Blood Meridian* John Sepich, 2008-09-01 *Blood Meridian* 1985 Cormac McCarthy's epic tale of an otherwise nameless kid who in his teens joins a gang of licensed scalp hunters whose marauding adventures take place across Texas Chihuahua Sonora Arizona and California during 1849 and 1850 is widely considered to be one of the finest novels of the Old West as well as McCarthy's greatest work The New York Times Book Review ranked it third in a 2006 survey of the best work of American fiction published in the last twenty five years and in 2005 Time chose it as one of the 100 best novels published since 1923 Yet *Blood Meridian's* complexity as well as its sheer bloodiness makes it difficult for some readers To guide all its readers and help them appreciate the novel's wealth of historically verifiable characters places and events John Sepich compiled

what has become the classic reference work Notes on BLOOD MERIDIAN Tracing many of the nineteenth century primary sources that McCarthy used Notes uncovers the historical roots of Blood Meridian Originally published in 1993 Notes remained in print for only a few years and has become highly sought after in the rare book market with used copies selling for hundreds of dollars In bringing the book back into print to make it more widely available Sepich has revised and expanded Notes with a new preface and two new essays that explore key themes and issues in the work This amplified edition of Notes on BLOOD MERIDIAN is the essential guide for all who seek a fuller understanding and appreciation of McCarthy s finest work
