Savage Girls and Wild Boys Michael Newton,2025-08-22 *Savage Girls and Wild Boys* is a fascinating history of extraordinary children brought up by animals raised in the wilderness or locked up for long years in solitary confinement Wild or feral children have fascinated us through the centuries and continue to do so today In a haunting and hugely readable study Michael Newton deftly investigates a number of infamous cases He looks at Peter the Wild Boy who gripped the attention of Swift and Defoe and at Victor of Aveyron who roamed wild in the forests of revolutionary France He tells the story of a savage girl lost on the streets of Paris of two children brought up by wolves in the jungles of India and of a Los Angeles girl who emerged from thirteen years locked in a room to international celebrity He describes too a boy brought up among monkeys in Uganda and in Moscow the child found living with a pack of wild dogs *Savage Girls and Wild Boys* examines the lives of these children and of the adults who rescued them looked after them educated or abused them How can we explain the mixture of disgust and envy that such children can provoke And what can they teach us about our notions of education civilization and man s true nature Out of Bounds Alan G. Johnson,2011-03-31 *Out of Bounds* focuses on the crucial role that conceptions of iconic colonial Indian spaces jungles cantonments cities hill stations bazaars clubs played in the literary and social production of British India Author Alan Johnson illuminates the geographical rhetorical and ideological underpinnings of such depictions and from this argues that these spaces operated as powerful motifs in the acculturation of Anglo India He shows that the bicultural intrinsically ambivalent outlook of Anglo Indian writers is acutely sensitive to spatial motifs that insofar as these condition the idea of home and homelessness alternately support and subvert conventional colonial perspectives Colonial spatial motifs not only informed European representations of India but also shaped important aesthetic notions of the period such as the sublime This book also explains how and why Europeans rhetorical and visual depictions of the Indian subcontinent whether ostensibly administrative scientific or aesthetic constituted a primary means of memorializing Empire creating an idiom that postcolonial India continues to use in certain ways Consequently Johnson examines specific motifs of Anglo Indian cultural remembrance such as the hunting memoir hill station life and the Mutiny all of which facilitated the mythic iconography of the Raj He bases his work on the premise that spatiality the physical as well as

social conceptualization of space is a vital component of the mythos of colonial life and that the study of spatiality is too often a subset of a focus on temporality Johnson reads canonical and lesser known fiction memoirs and travelogues alongside colonial archival documents to identify shared spatial motifs and idioms that were common to the period Although he discusses colonial works he focuses primarily on the writings of Anglo Indians such as Rudyard Kipling John Masters Jim Corbett and Flora Annie Steel to demonstrate how conventions of spatial identity were rhetorically maintained and continually compromised All of these considerations amplify this book's focus on the porosity of boundaries in literatures of the colony and of the nation Out of Bounds will be of interest to not only postcolonial literary scholars but also scholars and students in interdisciplinary nineteenth century studies South Asian cultural history cultural anthropology women's studies and sociology

Children's Fiction, 1786-1914 Tess Cosslett,2017-03-02 In her reappraisal of canonical works such as Black Beauty Beautiful Joe Wind in the Willows and Peter Rabbit Tess Cosslett traces how nineteenth century debates about the human and animal intersected with or left their mark on the venerable genre of the animal story written for children Effortlessly applying a range of critical approaches from Bakhtinian ideas of the carnivalesque to feminist postcolonial and ecocritical theory she raises important questions about the construction of the child reader the qualifications of the implied author and the possibilities of children s literature compared with literature written for adults Perhaps most crucially Cosslett examines how the issues of animal speech and animal subjectivity were managed at a time when the possession of language and consciousness had become a vital sign of the difference between humans and animals Topics of great contemporary concern such as the relation of the human and the natural masculine and feminine child and adult are investigated within their nineteenth century contexts making this an important book for nineteenth century scholars children s literature specialists and historians of science and childhood **Kipling's Choice** Geert Spillebeen,2007-06 Now available in paperback this moving historical novel examines the lost days of Rudyard Kipling s son John who was killed in his first battle of World War I
