American Fiction** Grant Burns, 2015-01-28 Nothing better represented the early spirit of American expansion than the
railroad Dominant in daily life as well as in the popular imagination the railroad appealed strongly to creative writers For
many years fiction of railroad life and travel was plentiful and varied As the nineteenth century receded the railroad's allure
faded as did railroad fiction Today it is hard to sense what the railroad once meant to Americans The fiction of the railroad
often by railroaders themselves recaptures that sense and provides valuable insights on American cultural history This
extensively annotated bibliography lists and discusses in 956 entries novels and short stories from the 1840s to the present in
which the railroad is important Each entry includes plot and character description to help the reader make an informed
decision on the source's merit A detailed introduction discusses the history of railroad fiction and highlights common themes
such as strikes hoboes and the roles of women and African Americans Such writers of pure railroad fiction as Harry Bedwell
Frank Packard and Cy Warman are well represented along with such literary artists as Mark Twain Thomas Wolfe Flannery O
Connor and Ellen Glasgow Work by minority writers including Jean Toomer Richard Wright Frank Chin and Toni Morrison
also receives close attention An appendix organizes entries by decade of publication and the work is indexed by subject and

television viewers And perhaps the best of them all was *Thriller* hosted by Boris Karloff In *Thriller* the horror was gothic with
a darker bleaker vision of life than its contemporaries The show's origins and troubled history is first discussed here followed
