of the beholder Is Jena Parker a cold person Does something dark curl within her waiting to spring It doesn't appear so on the surface Actually Jena Parker seems blessed She is young and beautiful She has parents who love her and a supportive best friend Jake Paterson who always has her back Even so there is a creeping sensation she feels inside something hopeless something dark Worse it seems her neighbor is spying on her One day Jena catches the strange Mr McNeil watching her The man has always made Jena uncomfortable but now more than ever she feels something bad might happen Her life takes a dark turn just as Jake reveals he loves her But Jena doesn't see Jake that way and is worried he could ruin their friendship forever with his confession Things take another turn for the worse when Jena's father's life is in jeopardy Someone is out to get her and she knows it Even her dreams are warning her to beware but what does Jena have to fear more predators who mean to harm or her internal monster poised to attack Even a nice normal girl can be pushed over the edge by horrendous circumstance What is Jena willing to do to stop this darkness from happening With no one left to trust Jena Parker may lose more than a parent she could possibly lose her mind
