dismisses the idea as another one of his friends conspiracy theories But using their new drone he spies the custodian acting suspiciously around school As Tom and his friends search for evidence that the custodian is the missing hacker the signs become impossible to ignore when Tom gets threatening messages that warn him away from investigating And when someone releases a virus in the school servers all bets are off as the adjoining servers at tech giant Swift Enterprises come under fire Can Tom and his friends uncover the true culprit before it s too late **Entelechy** Charles Duane

Todder,2018-03-05 Entelechy is the saga of a scrabbled slice of Kentucky A place so revered by its nineteenth century immigrant owners that even the meager returns and days of back break and heart break cannot dissuade the loyalty of these homesteaders toward the ornery hills and creek they so loved till at last the reluctant land rewards cleverness and tenacity with an abundance of storied proportions Noah Gottlieb is the precocious son of this land who is able to rise from humble beginnings to remarkable heights of importance and riches His life is a dizzying ride that allows a wonderful vicarious glimpse into a world of powerful boardrooms and the even more powerful social salons of the early twentieth century Keeping a childhood promise to his mother Noah proceeds to build a major estate on the Kentucky land to be named Entelechy from the Greek definition the innate knowing of one s destiny A tragic accident arrests at that moment the fullness of this very tale After thirty years of pampered emptiness Entelechy s purpose and reason for being are finally fulfilled by a karmic reappearance of Noah the builder and Charlie his genius architect Fate returns these two familiar characters to the estate as new story carriers Parker and Hank By understanding their ties and affinity to Entelechy they are able to complete the interrupted circle of potential to the land and all those affected by it Spanning almost one hundred years this is a tale of reincarnation for the disbelieving Entelechy is the story of life s continuum into other times and how ordinary incidents are crucial to history s unfolding When viewed from a new and different perspective happenstance is shown to be not that at all
