Graduated approach to content based learning. The program is designed in two volumes to transition students from the beginning to the intermediate. Book I includes a graduated approach that introduces students to content based instruction. By the time they reach semester two students are working with fully content based materials. Effective integration of culture appreciation and language skills. Each chapter focuses on a broad cultural theme and a set of related ideas effectively integrated with language skills. Constant recycling of communicative functions and grammar. Mini lectures offer creative listening comprehension techniques. These features teach students how to listen to the lecturing discourse which predominates in upper division courses. Emphasis on reading comprehension. Students are encouraged to reflect before reading while reading and after reading. The text also features a variety of reading genres while emphasizing expository texts. The emphasis on reading is greater in Book 2 than in Book 1. However book 1 presents a gradual reading difficulty that matches the gradual complexity of the topics presented in successive units. Strong connection between reading and writing and an emphasis on expository writing. For example see Ponlo por escrito sections. Integration of grammar and content. Whenever possible the examples used in grammar explanations and the grammar exercises are linked to the content of the unit. Opportunities to discuss current issues pertaining to different Hispanic cultures. These opportunities include pre and post reading activities and pre and post mini lecture activities. Opportunities to discuss art in an interactive format. For example see Color y forma sections. Attention to vocabulary building. Mas alla includes glosses and vocabulary activities before and after each reading or mini lecture. In activities designed to focus on a specific speaking function students are assisted with limited lists of expressions. Book 1 dedicates a specific section Como lo dices to the practice of functions. Motivational approach to reading literature. Understanding literature is essential to understanding different cultures and Mas alla integrates the sustained reading of Laura Freixas's *Final absurdo* throughout the 5 chapters in Book I and the literary sections in Book II are also thematically integrated within the chapters. Readings are followed by accompanying activities. Light material and humor. While most intermediate texts can be overwhelmingly serious Mas alla includes humor through cartoons and activities. See *Curiosidades*. Easy to follow organization. Each book consists of 5 units with each unit being broken down further into 4 Temas. In Book II Grammar appendices. These are connected to the grammar presented within the chapters either to review first year grammatical topics or to add more detailed information about some topics.
