Muckraking Three Landmark Articles

Stephen L. Vaughn

Muckraking Three Landmark Articles:

Muckraking Ellen F. Fitzpatrick, 1994-04-15 Printed together for the first time since their original publication in 1903 Ray Stannard Baker's piece on the coal strike The Right to Work Lincoln Steffens exposé of political corruption The Shame of Minneapolis and Ida Tarbell's story of corporate villainy The Oil War of 1872 along with an editorial from S S McClure and the narrative of Ellen Fitzpatrick invite students to explore and understand muckraking

The Evolution of American Investigative Journalism James L. Aucoin, 2007-01-31 Beginning with America's first newspaper investigative reporting has provided journalism with its most significant achievements and challenging controversies Yet it was an ill defined practice until the 1960s when it emerged as a potent voice in newspapers and on television news programs In *The Evolution of American Investigative Journalism* James L Aucoin provides readers with the first comprehensive history of investigative journalism including a thorough account of the founding and achievements of Investigative Reporters and Editors IRE Aucoin begins by discussing in detail the tradition of investigative journalism from the colonial era through the golden age of muckraking in the 1900s and into the 1960s Subsequent chapters examine the genre's critical period from 1960 to 1975 and the founding of IRE by a group of journalists in the 1970s to promote investigative journalism and training methods Through the organization's efforts investigative journalism has evolved into a distinct practice with defined standards and values Aucoin applies the social moral development theory of Alasdair MacIntyre who has explored the function development and value of social practices to explain how IRE contributed to the evolution of American investigative journalism Also included is a thorough account of IRE's role in the controversial Arizona Project After Arizona Republic reporter Don Bolles a founding member of IRE was murdered while investigating land fraud scores of reporters from around the country descended on the area to continue his work The Arizona Project brought national attention and stature to the fledgling IRE and was integral to its continuing survival Emerging investigative reporters and editors as well as students and scholars of journalism history will benefit from the detailed presentation and insightful discussion provided in this book

Term Paper Resource Guide to Twentieth-Century United States History Ron Blazek, Teri Maggio, Robert Muccigrosso, 1999-05-30 Students will write more effective term papers with this guide to 500 term paper ideas as well as a listing of appropriate print and nonprint sources on twentieth century U S history This guide presents entries on 100 of the most important events and developments in twentieth century U S history organized in chronological order Each entry consists of a short description of the event followed by five specific suggestions for term papers about the event and a wide ranging annotated bibliography of 15-35 books articles videos and a web site appropriate for student research In every case the emphasis is on recent and up to date material as well as landmark works and primary sources Every entry contains a video and concludes with a recommended web site producing a multimedia approach designed to appeal to the current information gathering habits and preferences of young people From the Spanish American War to the creation of NAFTA the 100 events and developments cover political

social economic and cultural issues The work has been designed to meet the needs of the U S history curriculum Term paper topic ideas offer students thought provoking suggestions that are challenging and develop critical thinking skills The annotated bibliography is organized into reference sources general sources specialized sources biographical sources periodical articles recommended videos and World Wide Web sites All items are readily available in school public and academic library collections This unique guide is valuable not only to students but to teachers and librarians who guide students in research and is an excellent purchasing guide for librarians who serve student needs Encyclopedia of American Journalism Stephen L. Vaughn,2007-12-11 The Encyclopedia of American Journalism explores the distinctions found in print media radio television and the internet This work seeks to document the role of these different forms of journalism in the formation of America s understanding and reaction to political campaigns war peace protest slavery consumer rights civil rights immigration unionism feminism environmentalism globalization and more This work also explores the intersections between journalism and other phenomena in American Society such as law crime business and consumption The evolution of journalism s ethical standards is discussed as well as the important libel and defamation trials that have influenced journalistic practice its legal protection and legal responsibilities Topics covered include Associations and Organizations Historical Overview and Practice Individuals Journalism in American History Laws Acts and Legislation Print Broadcast Newsgroups and Corporations Technologies *The Right and Labor in America* Nelson Lichtenstein,Elizabeth Tandy Shermer,2016-04-05 This collection of essays by leading American historians explains how and why the fight against unionism has long been central to the meaning of contemporary conservatism Encyclopedia of Women and American Politics, Third Edition Lynne Ford,2021-07-01 Encyclopedia of Women and American Politics Third Edition contains all the material a reader needs to understand the role of women throughout America s political history This informative A to Z volume contains hundreds of entries covering the people events and terms involved in the history of women and politics Entries include Abortion Alexandria Ocasio Cortez The birth control movement Black Lives Matter Hillary Rodham Clinton Deb Haaland Domestic violence Equal Rights Amendment ERA Glass ceiling League of Women Voters MeToo movement Michelle Obama Sonia Sotomayor Elizabeth Warren and many more *Encyclopedia of U.S. Political History* Andrew Robertson,Michael A. Morrison,William G. Shade,Robert Johnston,Robert Zieger,Thomas Langston,Richard Valelly,2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s

understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader s guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877 VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt s presidency the Supreme Court s conservative traditions and a new judicial outlook VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the

New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War

VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present

Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered

Encyclopedia of U.S. Political History Andrew Whitmore Robertson, 2010

VOLUME 1 Colonial Beginnings through Revolution 1500 1783

Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840

Volume Editor Michael A Morrison Purdue University No period in the history of the United

States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system **A Group of Their Own** Katherine H. Adams,2001-02-22 A Group of Their Own is the fascinating story of the first generations of women who went to college to learn to be writers and then launched their careers writing poetry and prose This unprecedented group included Elizabeth Bishop Ruby Black Pearl Buck Emma Bugbee Willa Cather Zona Gale Mildred Gilman Zora Neale Hurston Mary McCarthy Marianne Moore Eudora Welty and Margaret Walker **The A to Z of the Progressive Era** Catherine Cocks,Peter C. Holloran,Alan Lessoff,2009-09-24 The Progressive Era the period in the United States between 1898 and 1917 was a time of great social political and industrial change Following the Spanish American War of 1898 an event that signaled the emergence of the United States as a great power the country soon was involved in its first overseas guerrilla war in the Philippines Vast changes in communications and transportation immigration and migration patterns social mores gender roles family structure class structure work patterns business methods education intellectual life religion the professions technology science medicine and much else were transforming the scope and feel of people s lives and relationships In many ways what happened in this era set the agenda for the rest of the 20th century The A to Z of the Progressive Era is the most comprehensive and coherent reference work on the Progressive Era Through its chronology introductory essay bibliography appendixes and hundreds of cross referenced dictionary entries on the key events people organizations and ideas of the period this resource is a lively complete and accessible overview of this significant era **The Weekly War** James Landers,2004 *Pox* Michael Willrich,2011-03-31 The untold story of how America s Progressive era war on smallpox sparked one of the great civil liberties battles of the twentieth century At the turn of the last century a powerful smallpox epidemic swept the United States from coast to coast The age old disease spread swiftly through an increasingly interconnected American landscape from southern tobacco plantations to the dense immigrant neighborhoods of northern cities to far flung villages on the edges of the nascent American empire In *Pox* award winning historian Michael Willrich offers a gripping chronicle of how the nation s continentwide fight against smallpox launched one of the most important civil liberties struggles of the twentieth century At the dawn of the activist Progressive era and during a moment of great optimism about modern medicine the government responded to the deadly epidemic by calling for universal compulsory vaccination To enforce the law public health authorities relied on quarantines pesthouses and virus squads corps of doctors and club wielding police Though these measures eventually contained the disease they also sparked a wave of popular resistance among Americans who perceived them as a threat to their health and to their rights At the time anti vaccinationists were often dismissed as misguided cranks but Willrich argues that they belonged to a wider legacy of American dissent that attended the rise of an increasingly powerful government While a well organized anti vaccination movement sprang up during these years many Americans resisted in subtler ways by concealing sick family members or

forging immunization certificates Pox introduces us to memorable characters on both sides of the debate from Henning Jacobson a Swedish Lutheran minister whose battle against vaccination went all the way to the Supreme Court to C P Wertenbaker a federal surgeon who saw himself as a medical missionary combating a deadly and preventable disease As Willrich suggests many of the questions first raised by the Progressive era antivaccination movement are still with us How far should the government go to protect us from peril What happens when the interests of public health collide with religious beliefs and personal conscience In Pox Willrich delivers a riveting tale about the clash of modern medicine civil liberties and government power at the turn of the last century that resonates powerfully today

The Origins of Southern College

Football Andrew McIlwaine Bell, 2020-08-12 College football is a massive enterprise in the United States and southern teams dominate poll rankings and sports headlines while generating billions in revenue for public schools and private companies Southern football fans worship their teams often rearranging their personal lives in order to accommodate season schedules The Origins of Southern College Football sheds new light on the South's obsession with football and explores the sport's beginnings below the Mason Dixon Line in the decades after the Civil War Military defeat followed by a long period of cultural unrest compelled many southerners to look to northern ideas and customs for guidance in rebuilding their beleaguered society Ivy League universities considered bastions of enlightenment and symbols of the modernizing spirit of the age provided a particular source of inspiration for southerners in the form of organized or scientific football that featured standardized rules and scoring Transported to the South by men educated at northern universities scientific football reinforced cultural values that had existed in the region for centuries among them a tolerance for violence respect for martial displays and support for traditional gender roles The game also held the promise of a New South that its supporters hoped would transform the region into an industrial powerhouse Students and townspeople alike embraced the new sport which served as a source of pride for a region that lagged woefully behind its northern counterpart in terms of social equity and economic prowess The Origins of Southern College Football is an entertaining history of the South's most popular sport cast against a broader narrative of the United States during the Gilded Age and Progressive Era two momentous periods of change that gave rise to the game we recognize today

How the Other Half Lives

Jacob A. Riis, 2011 Jacob Riis's famed 1890 photo text addressed the problems of tenement housing immigration and urban life and work at the beginning of the Progressive era David Leviatin edited this complete edition of How the Other Half Lives to be as faithful to Riis's original text and photography as possible Uncropped prints of Riis's original photographs replace the faded halftones and drawings from photographs that were included in the 1890 edition Related documents added to the second edition include a stenographic report of one of Riis's lantern slide lectures that demonstrates Riis's melodramatic techniques and the reaction of his audience and five drawings that reveal the subtle but important ways Riis's photographs were edited when they were reinterpreted as illustrations in the 1890 edition The book's provocative introduction now addresses Riis's ethnic and racial

stereotyping and includes a map of New York's Lower East Side in the 1890s. A new list of illustrations and expanded chronology questions for consideration and selected bibliography provide additional support. **U.S. History** P. Scott Corbett, Volker Janssen, John M. Lund, Todd Pfannestiel, Sylvie Waskiewicz, Paul Vickery, 2024-09-10. U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history considering the people, events, and ideas that have shaped the United States from both the top-down politics, economics, diplomacy, and bottom-up eyewitness accounts of lived experience. U.S. History covers key forces that form the American experience with particular attention to issues of race, class, and gender.

The Improbable First Century of Cosmopolitan Magazine James Landers, 2010-11-01. Today, monthly issues of Cosmopolitan magazine scream out to readers from checkout counters and newsstands. With bright covers and bold, sexy headlines, this famous periodical targets young single women aspiring to become the quintessential Cosmo girl. Cosmopolitan is known for its vivacious character and frank, explicit attitude toward sex, yet because of its reputation, many people don't realize that the magazine has undergone many incarnations before its current one, including family literary magazine and muckraking investigative journal, and all are presented in *The Improbable First Century of Cosmopolitan Magazine*. The book boasts one particularly impressive contributor: Helen Gurley Brown herself, who rarely grants interviews but spoke and corresponded with James Landers to aid in his research. When launched in 1886, Cosmopolitan was a family literary magazine that published quality fiction, children's stories, and homemaking tips. In 1889, it was rescued from bankruptcy by wealthy entrepreneur John Brisben Walker, who introduced illustrations and attracted writers such as Mark Twain, Willa Cather, and H.G. Wells. Then, when newspaper magnate William Randolph Hearst purchased Cosmopolitan in 1905, he turned it into a purveyor of exposé journalism to aid his personal political pursuits. But when Hearst abandoned those ambitions, he changed the magazine in the 1920s back to a fiction periodical featuring leading writers such as Theodore Dreiser, Sinclair Lewis, and William Somerset Maugham. His approach garnered success by the 1930s, but poor editing sunk Cosmo's readership as decades went on. By the mid-1960s, executives considered letting Cosmopolitan die, but Helen Gurley Brown, an ambitious and savvy businesswoman, submitted a plan for a dramatic editorial makeover. Gurley Brown took the helm and saved Cosmopolitan by publishing articles about topics other women's magazines avoided. Twenty years later, when the magazine ended its first century, Cosmopolitan was the profit center of the Hearst Corporation and a culturally significant force in young women's lives. *The Improbable First Century of Cosmopolitan Magazine* explores how Cosmopolitan survived three near-death experiences to become one of the most dynamic and successful magazines of the twentieth century. Landers uses a wealth of primary source materials to place this important magazine in the context of history and depict how it became the cultural touchstone it is today. This book will be of interest not only to modern Cosmo aficionados but also to journalism students, news historians, and anyone interested in publishing.

Daily Life in the Progressive Era Steven L. Piott, 2011-08-03. This book provides a historical examination of

everyday life to reveal how and why Americans during the Progressive Era structured their world and made their lives meaningful. The Progressive Era represented a tumultuous time for Americans as they attempted to come to terms with a rapidly emerging modern urban and industrial society and ultimately the dislocations caused by World War I. Steven L. Piott's *Daily Life in the Progressive Era* tells the story of how all Americans, black and white, women and men, rural inhabitants and urban residents, workers and employers, consumers and producers, contended with new cultural attitudes, persistent racial and class tensions, and the power struggles of evolving classes. This book provides a broad examination of American society between 1900 and 1920. Organized thematically, it covers rural and urban America, the changing nature of work, race relations, popular culture, citizen activism, and society during wartime. Appropriate for general readers as well as students of history, *Daily Life in the Progressive Era* provides an informed and compelling narrative history and analysis of daily life within the context of broad historical patterns.

The Year That Defined American Journalism W. Joseph Campbell, 2013-10-08. The Year that Defined American Journalism explores the succession of remarkable and decisive moments in American journalism during 1897, a year of significant transition that helped redefine the profession and shape its modern contours. This defining year featured a momentous clash of paradigms pitting the activism of William Randolph Hearst's participatory journalism of action against the detached, fact-based antithesis of activist journalism as represented by Adolph Ochs of the New York Times and an eccentric experiment in literary journalism pursued by Lincoln Steffens at the New York Commercial Advertiser. Resolution of the three-sided clash of paradigms would take years and result ultimately in the ascendancy of the Times counter-activist model, which remains the defining standard for mainstream American journalism. *The Year That Defined American Journalism* introduces the year study methodology to mass communications research and enriches our understanding of a pivotal moment in media history.

The Reasoning State Edward H. Stiglitz, 2022-06-30. Develops a theory of the modern state based on trust, drawing on Law, History, and Social Science.

[Politics and the Media in Twenty-First Century Indonesia](#) Krishna Sen, David Hill, 2010-11. This book examines the media in the post-authoritarian politics of twenty-first century Indonesia. It considers how the media is being transformed, its role in politics, and its potential impact in enabling or hampering the development of democracy in Indonesia.
