the World an Icon Tom Cheetham, 2012-07-03 All the World an Icon is the fourth book in an informal quartet of works by Tom Cheetham on the spirituality of Henry Corbin a major twentieth century scholar of Sufism and colleague of C G Jung whose influence on contemporary religion and the humanities is beginning to become clear Cheetham's books have helped spark a renewed interest in the work of this important creative religious thinker Henry Corbin 1903 1978 was professor of Islamic religion at the Sorbonne in Paris and director of the department of Iranic studies at the Institut Franco Iranien in Teheran His wide ranging work includes the first translations of Heidegger into French studies in Swedenborg and Boehme writings on the Grail and angelology and definitive translations of Persian Islamic and Sufi texts He introduced such seminal terms as the imaginal realm and theophany into Western thought and his use of the Shi'ite idea of ta wil or spiritual interpretation influenced psychologist James Hillman and the literary critic Harold Bloom His books were read by a broad range of poets including Charles Olson and Robert Duncan and his impact on American poetry says Cheetham has yet to be fully appreciated His published titles in English include Creative Imagination in the Sufism of Ibn Arabi Avicenna and the Visionary Recital and The Man of Light in Iranian Sufism As the religions of the Book place the divine Word at the center of creation the importance of hermeneutics the theory and practice of interpretation cannot be overstated In the theology and spirituality of Henry Corbin the mystical heart of this tradition is to be found in the creative active imagination the alchemy of spiritual development is best understood as a story of the soul's search for the Lost Speech Cheetham eloquently demonstrates Corbin's view that the living interpretation of texts whether divine or human or indeed of the world itself seen as the Text of Creation is the primary task of spiritual life In his first three books on Corbin Cheetham explores different aspects of Corbin's work but has saved for this book his final analysis of what Corbin meant by the Arabic term ta wil perhaps the most important concept in his entire oeuvre Any consideration of how Corbin's ideas were adapted by others has to begin with a clear idea of what Corbin himself intended writes Cheetham his own intellectual and spiritual cosmos is already highly complex and eclectic and a knowledge of his particular philosophical project is crucial for understanding the range and implications of his work Cheetham lays out the implications of ta wil as well as the use of language as integral part of any artistic or spiritual practice with the view that the creative imagination is a fundamentally linguistic phenomenon for the Abrahamic religions and as Corbin tells us prayer is the supreme form of creative imagination [Commune with the Angels](#) Jane M. Orlov,2024-10-01 In this insightful book Andrei A Orlov examines the symbolism of the image of God found in early Jewish pseudepigraphical accounts paying special attention to the cultic traditions in the Apocalypse of Abraham The study demonstrates that the Jewish pseudepigrapha transform various biblical characters including Enoch Abraham Jacob Moses and Aseneth into eschatological embodiments of the imago Dei The book argues that these cultic metamorphoses preserve memories of ancient Near Eastern and Egyptian rituals involving the vivification of cultic statues The Apocalypse of Abraham and other early Jewish pseudepigraphical accounts attempt to polemically refashion the concept of cultic statues by envisioning their protagonists as divine representations in the form of the eschatological image of God **Through the Angels' Eyes** Vartan Tasmajian,2012-07 Is there life after death Are there angels or demons Martin Herzog was one of those people who adamantly opposed any notion of a spiritual life until the day he got a very timely surprise visit by an angel named Dominic The angel saves his life and takes him on a tour of the spiritual realm and makes it possible for him to see the earth just as angels see it Martin discovers a world that was twice as crowded a world where angels and demons lived side by side with humans and worked through them to get their work accomplished Much to his surprise though he finds a world that is heavily dominated by evil forces He builds up a strong hatred toward demons and accepts to return Dominic s favor by taking on a mission to stop a large development near the village of Estes Park in the state of Colorado Throughout the eight month tenure his mission becomes more adventurous Danger creeps up and surrounds him like a fiery maze With a threat against his life and the likelihood of being drawn into a nasty war against brutal and viciously organized crime families will Martin Herzog decide to stay and fight the demons and their human allies or will he return home and leave his mission unfinished Hope on the Horizon Gail Stoewer,2011 Gail Stoewer was born and raised in San Diego California Her journey would travel thousands of miles with no distance covered until she found the exit to her true purpose and destiny Gail s course was set by a deep early love for God and then a deeper doubt of Him as she circumvented her life as a human here on earth Gail faced the battles of human existence as all her identity and meaning were being stripped away It became evident during the battles what the truth really was and its significance When her road was filled with potholes detours and human discouragement Gail discovered who was really in charge and the power they held to change her destiny
