Defining Greek Narrative Douglas Cairns, 2014-03-24 An examination of what is distinct what is shared and what is universal in Greek narrative traditions of a wide range of ancient Greek literary genres [The Histories](#) Herodotus, 2014-05-15 Herodotus is not only the father of the art and the science of historical writing but also one of the Western tradition's most compelling storytellers In tales such as that of Gyges who murders Candaules the king of Lydia and usurps his throne and his marriage bed thereby bringing on generations later war with the Persians he laid bare the intricate human entanglements at the core of great historical events In his love for the stranger more marvelous facts of the

world he infused his magnificent history with a continuous awareness of the mythic and the wonderful *Reconceptualizing Plato's Socrates at the Limit of Education* James M. Magrini, 2016-11-25 Bridging the gap between interpretations of Third Way Platonic scholarship and phenomenological ontological scholarship this book argues for a unique ontological hermeneutic interpretation of Plato and Plato's Socrates *Reconceptualizing Plato's Socrates at the Limit of Education* offers a re-reading of Plato and Plato's Socrates in terms of interpreting the practice of education as care for the soul through the conceptual lenses of phenomenology philosophical hermeneutics and ontological inquiry Magrini contrasts his re-reading with the views of Plato and Plato's Socrates that dominate contemporary education which for the most part emerge through the rigid and reductive categorization of Plato as both a realist and idealist in philosophical foundations texts teacher education programs This view also presents what he terms the questionable Socrates as teacher model which grounds such contemporary educational movements as the Paideia Project which claims to incorporate through a scripted curriculum with Socratic lesson plans the so-called Socratic Method into the Common Core State Standards Curriculum as a technical skill that can be taught and learned as part of the students' critical thinking skills After a careful reading incorporating what might be termed a Third Way of reading Plato and Plato's Socrates following scholars from the Continental tradition Magrini concludes that a so-called Socratic education would be nearly impossible to achieve and enact in the current educational milieu of standardization or neo-Taylorism Social Efficiency However despite this he argues in the affirmative that there is much educators can and must learn from this non-doctrinal re-reading and re-characterization of Plato and Plato's Socrates

The Long Shadow of Antiquity Gregory S. Aldrete, Alicia Aldrete, 2019-02-07 A vivid exploration of the many ways the classical world remains relevant today this is a passionate justification of why we continue to read about and study the lives and works of the ancient Greeks and Romans Challenging the way the phrase 'That's just ancient history' is used to dismiss something as being irrelevant Greg and Alicia Aldrete demonstrate just how much ancient Greece and Rome have influenced and shaped our world today in ways both large and small From the more commonly known influences on politics law literature and timekeeping through to the everyday rituals and routines we take for granted when we exercise dine marry and dress we are rooted in the ancient world Even the political upheaval celebrity obsession and blurring of public and private boundaries that we see in current news betray ancient characteristics now brought to the fore here in a new final chapter If you have ever wondered how far exactly we still walk in the footsteps of the ancients or wanted to understand how study of the classical world can inform and explain our lives today this is the book for you *Antiquity Now* Thomas E. Jenkins, 2015-05-14 Written in a lively and accessible style *Antiquity Now* opens our gaze to the myriad uses and abuses of classical antiquity in contemporary fiction film comics drama television and even internet forums With every chapter focusing on a different aspect of classical reception including sexuality politics gender and ethnicity this book explores the ideological motivations behind contemporary American allusions to the classical world Ultimately this kaleidoscope of receptions from

calls for marriage equality to examinations of gang violence to passionate pleas for peace or war reveals a classical antiquity that reconfigures itself daily as modernity explains itself to itself through ever expanding technologies and media Antiquity Now thus examines the often surprising redeployment of the art and literature of the ancient world a geography charged with especial value in the contemporary imagination

Inaugural Wounds Robert E. Lougy, 2004 Desire Jacques Lacan suggests is a condition or expression of our wounded nature But because such desire is also unconscious it can be expressed only indirectly for what we consciously desire is hardly ever what we really want Desire makes itself known but disguises its presence appearing for example in unconscious but repetitive and sometimes even self destructive patterns of behavior Informed by the voices of Freud and Lacan regarding the nature of language and desire Inaugural Wounds examines the ways in which five major nineteenth century English writers explored the trajectories and shapes of desire Arguing that we need to give to novels the same kind of close scrutiny we give to poetry author Robert Lougy suggests that when we do so we discover that they often astound us by the resonance and range of their language as well as by their ability to take us to strange and haunting places The five narratives examined Charles Dickens's Martin Chuzzlewit William Thackeray's Journey from Cornhill to Grand Cairo Elizabeth Gaskell's Ruth Wilkie Collins's The Woman in White and Thomas Hardy's Jude the Obscure testify to the mysterious origins of desire Although each of the novels tells its own story in its own way they share a fascination with the nature of desire itself Drawing upon recent work that has challenged historicist approaches toward nineteenth century British literature Professor Lougy uses the insights of psychoanalysis to enable us to more fully appreciate the depth and power of these novels Of great value to Victorian and psychoanalytic scholars Inaugural Wounds will be useful for teaching undergraduates as well

Queen Salome Kenneth Atkinson, 2014-01-10 As the ruler of Judea from 76 to 67 B C E Queen Salome Alexandra ca 141 B C E 67 B C E appointed the kingdom's high priest led its men in battle subjugated neighboring kings and stopped the religious violence that plagued her society Presiding over Judea's greatest period of peace and prosperity she shaped the Judaism of Jesus day as well as our own Virtually unknown today Queen Salome remained so unique that historians have largely ignored her rather than try to explain the perplexing circumstances that brought her to power This volume recreates Queen Salome's fascinating life and the time in which she lived an age when women ruled the Middle East

Modern Greek Literature Gregory Nagy, Anna Stavrakopoulou, 2004-06-01 The essays collected in Modern Greek Literature represent the work of young scholars as they expand the range of approaches to modern Greek literature The contributors vary in their focus from comparative studies to the study of religion or the literature of diaspora The theoretical questions that the essays raise address both classic and contemporary debates from genre explorations to the relationship between literature and national identity Each contribution to this volume represents a fresh look at Greek literature and opens a distinct pathway for further research and consideration From this collection will arise innumerable opportunities to gain a newer and deeper understanding of a great literary tradition

Young William

James Thinking Paul J. Croce, 2018 Ultimately Young William James Thinking reveals how James provided a humane vision well suited to our pluralist age The Aestheticization of History and the Butterfly Effect Nancy Wellington Bookhart, 2023-10-10 The Aestheticization of History and the Butterfly Effect Visual Arts Series introduces the audience to philosophical concepts that broach the beginning of the history of Western thought in Plato and Aristotle to that of more modern thought in the theoretician Jacques Rancière in which the main conceptual framework of this anthology is predicated The introduction is mainly concerned with Rancière's concept of the distribution of the sensible which is the arrangement of things accessible to our senses what we experience in real time and space compartmentalization and categorization of all things These things do not just involve tangible items but audible speech written language and visibilities Rancière's theory of the regimes of art is undertaken as the unfolding of the distribution Such is evoked in the various genres of visual art forms from two dimensional paintings to three dimensional sculptures and architectures Understanding the aesthetic regime of art is crucial for grasping how art performs time travel One way of understanding this phenomenon is in terms of embodied philosophy imbued vis vis art forms which are subsequently challenged by contemporary artists The contributing essays examine these reiterations reevaluations performances Aesthetics is a term deriving from the 18th century European Enlightenment It is here that aesthetics as the study of beauty is probed for its political potential after the failure of the French Revolution Many major thinkers during this period signed on to the aesthetic moment recognizing that Reason in its present state failed to develop humankind beyond barbarism J E B Stuart's statue is part of an equestrian theme that approximates the Western canon of power and class in the pursuit of domination But such power and domination will be dethroned in the restaging of history and the redistribution of said canon This reimagining of the form not only alters perception but constitutes a new narrative **The Odyssey** Homer, 1997-11-01 The great epic of Western literature translated by the acclaimed classicist Robert Fagles Soon to be a major motion picture directed by Christopher Nolan A Penguin Classic Robert Fagles winner of the PEN Ralph Manheim Medal for Translation and a 1996 Academy Award in Literature from the American Academy of Arts and Letters presents us with Homer's best loved and most accessible poem in a stunning modern verse translation Sing to me of the man Muse the man of twists and turns driven time and again off course once he had plundered the hallowed heights of Troy So begins Robert Fagles magnificent translation of the Odyssey which Jasper Griffin in the New York Times Book Review hails as a distinguished achievement If the Iliad is the world's greatest war epic the Odyssey is literature's grandest evocation of an everyman's journey through life Odysseus reliance on his wit and wiliness for survival in his encounters with divine and natural forces during his ten year voyage home to Ithaca after the Trojan War is at once a timeless human story and an individual test of moral endurance In the myths and legends retold here Fagles has captured the energy and poetry of Homer's original in a bold contemporary idiom and given us an Odyssey to read aloud to savor and to treasure for its sheer lyrical mastery Renowned classicist Bernard Knox's superb

introduction and textual commentary provide insightful background information for the general reader and scholar alike intensifying the strength of Fagles's translation. This is an Odyssey to delight both the classicist and the general reader to captivate a new generation of Homer's students. This Penguin Classics Deluxe Edition features French flaps and deckle edged paper. For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world. With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators. The Aeneid Virgil, 2006. Recounts the adventures of the Trojan prince Aeneas who helped found Rome after the fall of Troy.

The Pedagogical Contract Yun Lee Too, 2010-05-25. The Pedagogical Contract explores the relationship between teacher and student and argues for ways of reconceiving pedagogy. It discloses this relationship as one that since antiquity has been regarded as a scene of give and take where the teacher exchanges knowledge for some sort of payment by the student and where pedagogy always runs the risk of becoming a broken contract. The book seeks to liberate teaching and learning from this historical scene and the anxieties that it engenders, arguing that there are alternative ways of conceiving the economy underlying pedagogical activities. Reading ancient material together with contemporary representations of teaching and learning. Yun Lee Too shows that apart from being conceived as a scene of self interest in which a professional teacher or sophist is the charlatan who cheats his pupil, pedagogy might also purport to be a disinterested process of socialization or a scene in which lack and neediness are redeemed through the realization that they are required precisely to stimulate the desire to learn. The author also argues that pedagogy ideally ignores the imperative of the conventional marketplace for relevance, utility and productivity inasmuch as teaching and learning most enrich a community when they disregard the immediate material concerns of the community. The book will appeal to all those who understand scholarship as having an important social and or political role to play; it will also be of interest to literary scholars, literary and cultural theorists, philosophers, historians, legal theorists, feminists, scholars of education, sociologists and political theorists. Yun Lee Too is Assistant Professor of Classics, Columbia University. She is the author of *Rethinking Sexual Harassment: The Rhetoric of Identity in Socrates' Text*, *Power, Pedagogy and The Idea of Ancient Literary Criticism* (forthcoming) and coeditor with Niall Livingstone of *Pedagogy and Power: Rhetorics of Classical Learning*. *Fun for the Crippled in Paris* Carlo Federico Scarafioti, 2011-07-28. *Fun for the crippled in Paris and other stories* by Carlo Federico Scarafioti.

Oldest Dead White European Males And Other Reflections On The Classics: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Oldest Dead White European Males And Other Reflections On The Classics : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
