Pinnacle Club Pinnacle Club, Shirley Angell, 1988 *Mountaineering Women* David Mazel, 1994 Sixteen of their stories sometimes published under the name of a male relative sometimes under anonymous bylines such as a Lady are here recovered and collected for the first time **Dictionary of British Women's Organisations, 1825-1960** David Doughan, Professor Peter Gordon, Peter Gordon, 2014-06-03 This dictionary is the first attempt to identify systematically the large heterogeneous group of women's organisations that grew up from the early 19th century up to the beginning of the modern women's movement from women abolitionists and Chartists through Social workers nurses suffragists and sexual reformers to women pilots journalists and cricketers The work brings together over 500 separate entities on a wide variety of societies associations clubs unions and other professional social and political bodies organised by women or for men

Democracy's Mountain Ruth M. Alexander, 2023-09-26 At 14 259 feet Longs Peak towers over Colorado's northern Front Range A prized location for mountaineering since the 1870s Longs has been a place of astonishing climbing feats and unsurprisingly of significant risk and harm Careless and unlucky climbers have experienced serious injury and death on the peak while their activities equipment and trash have damaged fragile alpine resources As a site of outdoor adventure attracting mostly white people Longs has mirrored the United States tenacious racial divides even into the twenty first century In telling the history of Longs Peak and its climbers Ruth M Alexander shows how Rocky Mountain National Park like the National Park Service NPS has struggled to contend with three fundamental obligations to facilitate visitor enjoyment protect natural resources and manage the park as a site of democracy Too often it has treated these obligations as competing rather than complementary commitments reflecting national discord over their meaning and value Yet the history of Longs also shows us how over time climbers the park and the NPS have attempted to align these obligations in policy and practice By putting mountain climbers and their relationship to Longs Peak and its rangers at the center of the story of Rocky Mountain National Park Alexander exposes the significant role outdoor recreationists have had as both citizens and privileged adventurers in shaping the peak's meaning use and management Since 2000 the park has promoted climber enjoyment and safety helped preserve the environment facilitated tribal connections to the park and attracted a more diverse group of visitors and climbers Yet Alexander argues more work needs to be done Alexander's nuanced account of Longs Peak reveals the dangers of undermining national parks fundamental obligations and presents a powerful appeal to meet them fairly and fully *Women and Nature* Glenda Riley, 1999-01-01 Long before Rachel Carson's fight against pesticides placed female environmental activists in the national spotlight women were involved in American environmentalism In *Women and Nature Saving the Wild West* Glenda Riley calls for a reappraisal of the roots of the American conservation movement This thoroughly researched study of women conservationists provides a needed corrective to the male dominated historiography of environmental studies The early conservation movement gained much from women's widespread involvement Florence

Merriam Bailey classified the birds of New Mexico and encouraged appreciation of nature and concern for environmental problems Ornithologist Margaret Morse Nice published widely on Oklahoma birds In 1902 Mary Knight Britton established the Wild Flower Preservation Society of America Women also stimulated economic endeavors related to environmental concerns including nature writing and photography health spas and resorts and outdoor clothing and equipment From botanists birders and nature writers to club women and travelers untold numbers of women have contributed to the groundswell of support for environmentalism **Well-Behaved Women Seldom Make History** Laurel Thatcher Ulrich,2008-09-23 From admired historian and coiner of one of feminism s most popular slogans Laurel Thatcher Ulrich comes an exploration of what it means for women to make history In 1976 in an obscure scholarly article Ulrich wrote Well behaved women seldom make history Today these words appear on t shirts mugs bumper stickers greeting cards and all sorts of Web sites and blogs Ulrich explains how that happened and what it means by looking back at women of the past who challenged the way history was written She ranges from the fifteenth century writer Christine de Pizan who wrote *The Book of the City of Ladies* to the twentieth century s Virginia Woolf author of *A Room of One s Own* Ulrich updates their attempts to reimagine female possibilities and looks at the women who didn t try to make history but did And she concludes by showing how the 1970s activists who created second wave feminism also created a renaissance in the study of history

British Mountaineering, 1850-1914 Peter Holger Hansen,1991 *The Boardman Tasker Omnibus* Peter Boardman,Joe Tasker,1995 Collects four out of print classic climbing books Tasker s *Savage Arena* and *Everest the Cruel Way* and Boardman s *The Shining Mountain* and *Sacred Summits* **Women Together** New Zealand. British Sport: a Bibliography to 2000 Richard Cox,2013-12-16 Volume one of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian **Women in Sports History** Carol Osborne,Fiona Skillen,2014-06-03 Women are and have been for many years actively involved as players supporters and co ordinators in a range of sports and yet they are often missing from or sidelined in accounts of the history of these sports Commenting first on the lack of inclusion of women in British sports history the book goes on to examine aspects of women s participation between the late nineteenth century and the mid twentieth century more broadly It draws together some of the latest research undertaken by international scholars working in the field and includes case studies about golf bridge rowing figure skating and athletics Between them the chapters demonstrate that women enjoyed mixed fortunes in sport They positively highlight the scope of participation as well as the complex interactions and responses that participation generated on account of life stage social class ethnicity and national identity across time and place The incorporated methodological and theoretical approaches invite readers to reconsider existing sport historiography and point

to new directions for future research This book was first published as a special issue of *Sport in History* **All the Rage** Virginia Nicholson, 2024-04-11 Sits you at the dressing table of history a place of dreams doubts self harm and hopes Sunday Times At the heart of this history is the female body The century span between the crinoline and the bikini witnessed more mutations in the ideal western woman's body shape than at any other period In this richly detailed account Virginia Nicholson described as one of the great social historians of our time Amanda Foreman and a truly brilliant researcher has produced a most remarkable social history revealing the power the pain and the pleasure involved in adorning the female body She asks how custom colour class and sex fit into the picture and shrewdly charts how the advances made by feminism collided with the changing shape of desirability Full of surprising facts the feminist plastic surgeon the radioactive corset alongside stories of the New Women who discovered freedom by bobbing their hair those who were the early adopters of trousers and early Black beauty entrepreneurs this book chronicles the codes the contradictions the lies and the highs of beauty Virginia Nicholson shows how the pursuit of beauty can be oppressive but also a way of negotiating the world and that adornment can be a deep pleasure It's complicated This is a fascinating book funny unexpected forgiving political personal glamorous and yes quietly angry Read it for the amazing stories stay for the self knowledge Or the Revolution Louisa Young Prospect *Unjustifiable Risk?* Simon Thompson, 2012-03-06 To the impartial observer Britain does not appear to have any mountains Yet the British invented the sport of mountain climbing and for two periods in history British climbers led the world in the pursuit of this beautiful and dangerous obsession *Unjustifiable Risk* is the story of the social economic and cultural conditions that gave rise to the sport and the achievements and motives of the scientists and poets parsons and anarchists villains and judges ascetics and drunks that have shaped its development over the past two hundred years The history of climbing inevitably reflects the wider changes that have occurred in British society including class gender nationalism and war but the sport has also contributed to changing social attitudes to nature and beauty heroism and death Over the years increasing wealth leisure and mobility have gradually transformed climbing from an activity undertaken by an eccentric and privileged minority into a sub division of the leisure and tourist industry while competition improved technology and information and increasing specialisation have helped to create climbs of unimaginable difficulty at the leading edge of the sport But while much has changed even more has remained the same Today's climbers would be instantly recognisable to their Victorian predecessors with their desire to escape from the crowded complexity of urban society and willingness to take unjustifiable risk in pursuit of beauty adventure and self fulfilment *Unjustifiable Risk* was shortlisted for the Boardman Tasker prize in 2011 **Rebel women between the wars** Sarah Lonsdale, 2020-10-27 What did it mean to be a rebel woman in the interwar years Taking the form of a multiple biography this book traces the struggles passions and achievements of a set of fearlessly determined women who stopped at nothing to make their mark in the traditionally masculine environments of mountaineering politics engineering and journalism From the motorist Claudia Parsons to the star

reporter Margaret Lane the mountaineer Dorothy Pilley and the journalist Shiela Grant Duff the women charted in this book challenged the status quo in all walks of life alongside writing vivid eye witness accounts of their adventures Recovering their voices across a range of texts including novels poems journalism and diaries Rebel women between the wars reveals their inch by inch gains won through courageous and sometimes controversial and dangerous actions *Climbing Down* Graham Wilson,2014-02-20 Graham Wilson s *Climbing Down* selected as a Travel Book of the Week in The Guardian features long distance walks in the Scottish Welsh and English hills but in manageable chunks Wilson makes an entertaining companion once he was fit enough for the Bob Graham Round now he s the victim of a crumbling hip So he breaks the walks into sections and instead of calling on a shuttle service of friends with cars takes to public transport The walks include an Alternative Snowdon Horseshoe a Scottish Coast to Coast and the Yorkshire Centurion as well as several Peak District rounds And a new gentler activity is proposed for the compulsive list ticker island bagging Wilson s experiences are recounted in his own inimitable style with the usual eccentric digressions into topics such as coffin roads and cut hopping Munros and mobile phones solo climbing and slippered pigs Wonderfully illustrated with drawings by Gerry Dale *Sport in Britain* Richard William Cox,1991 *Sporting Females* Jennifer Hargreaves,2002-09-11 1994 North American Society for the Sociology of Sport Annual Book Award An outstanding contribution to feminist analysis of sport from the nineteenth century to the present day Jennifer Hargreaves views sport as a battle for control of the physical body and an important area for feminist intervention Placing women at the centre of discussion no other book is as comprehensive **Understanding Lifestyle Sport** Belinda Wheaton,2004-08-26 This collection of innovative studies represents the first serious academic investigation of lifestyle or postmodern sports such as snowboarding skateboarding and surfing *A World of Women* Rosemary Auchmuty,1999 In this book Rosemary Auchmuty looks at school novels with popular female heroines such as the Abbey Girl books and the Chalet School series She questions their ability to portray strong independent women and asks why the female authors often resort to the conventions of society marrying the characters off into a life of domesticity *Behind Everest* Kate Nicholson,2024-07-31 Behind Everest embarks on a captivating exploration that intertwines the remarkable life of Ruth Mallory wife of legendary Everest climber George Mallory with a parallel journey a century later Through examining Ruth s attitude to danger a century ago Kate Nicholson explores our evolving attitudes towards risk and responsibility Kate s quest to understand Ruth takes her to forgotten corners of archives in the UK and USA to conversations with the few remaining people who knew both George and Ruth and into private recollections and precious private collections Using two decades of research the author unveils the real story behind Ruth and George Mallory s marriage shedding light on George s relationships with women such as Jelly d Aranyi Mary Ann O Malley and Stella Cobden Sanderson Stella like Ruth hailed from Arts and Crafts royalty both women were daughters of strong feminists but only Ruth chose to climb Ruth was a natural and accomplished climber a founder member of the first all female rock climbing club in the UK the Pinnacle Club As Kate

experiences the challenges and triumphs of rock climbing with that still thriving club she discovers not only the elusive key to George Mallory but also an inspiring and resilient companion in Ruth This book goes beyond expeditions to Everest offering readers a profound glimpse into the real story of the Mallorys Through Ruth s lens the book explores the complexities of marriage the indomitable spirit of early female climbers and the enduring impact of the First World War the League of Nations and the Empire on individual lives This is a non fiction masterpiece that intertwines personal and historical narratives inviting readers to scale the heights of human experience
