Redefining Russian Society And Polity:

Redefining Russian Society And Polity Mary E.a. Buckley,1993-10-31 Offering a reflection of the complexities of the situation in Russia today this book aims to show how glasnost provided citizens with an initially intoxicating freedom and glut of information yet in a context of failed economic reform also brought some extreme reactions *School,Reform and Society in the New Russia* S. Webber,1999-10-11 The Russian school system should have an important role to play in the process of democratisation and the revival and modernisation of the economy in that country Is it in a position to respond to this task In this book an analysis is conducted of the attempts to reform the Russian school system in the 1990s setting the progress made and problems encountered by the schools against the broader context of political economical and social flux in Russia as a whole **The 1989 Revolutions in Central and Eastern Europe** Kevin McDermott,Matthew Stibbe,2015-11-01 This important book reassesses a defining historical political and ideological moment in contemporary history the 1989 revolutions in central and eastern Europe Adopting a multi disciplinary approach the authors reconsider such crucial themes as the broader historical significance of the 1989 events the complex interaction between external and internal factors in the origins and outcomes of the revolutions the impact of the Gorbachev phenomenon the West and the end of the Cold War the political and socio economic determinants of the revolutionary processes in Poland Hungary the German Democratic Republic Czechoslovakia Romania and Bulgaria and the competing academic cultural and ideological perceptions of the year 1989 as communism gave way to post communist pluralism in the 1990s and beyond Concluding that the contentious term revolution is indeed apt for the momentous developments in eastern Europe in 1989 this book will be essential reading for undergraduates postgraduates and specialists alike **The American Bibliography of Slavic and East European Studies for 1994** Patt Leonard,Rebecca Routh,1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs Imaging Russia 2000 Anna M. Lawton,2004 Anna Lawton deftly tells two stories one about the evolution of Russian film since the collapse of the Soviet Union in 1991 and the other about Russian life during that same period She managed to capture a vivid portrait of Moscow of the 1990s and to remind us that the Soviet past remains omnipresent in the new Russia *Russia 2000 Film and Facts* is a must read for anyone who cares about Russia or about film Blair Ruble Director The Kennan Institute of the Woodrow Wilson Center **Post-Soviet Women** Mary Buckley,1997-07-13 This volume is the first to to take a systematic look at the position of women in the post Soviet states of the former USSR Capitalism with a Human Face William Gay,T. A. Alekseeva,1996 Combining the theoretical perspectives of a leading Russian political scientist and an American political philosopher who have collaborated for years *Capitalism with a Human Face* analyzes the relation between economics and politics in Russia as it moves toward modernization Throughout the book the authors contrast Western media accounts of the

Russian situation with less accessible but more relevant data gathered in Russia since 1991 They advocate a new notion of centrism for Russia one that combines democratic politics and a market economy without abandoning the social guarantees on which many Russians have long relied and without which their political and economic life is likely to remain in turmoil This will be an important work for scholars and students of social and political philosophy international relations comparative politics and economics

Inappropriate Relationships Robin Goodwin, Duncan Cramer, 2005-04-11 In one of the great euphemisms of our time an embattled President Clinton admitted to an inappropriate relationship with his White House intern Monica Lewinsky But what exactly is an inappropriate relationship For that matter what is an appropriate relationship And how can an understanding of the rules of appropriateness help us understand personal relationships in our modern world Contributors to this book discuss the personal boundaries and taboos of modern relationships Together they examine the power struggles that can occur when individuals are involved in inappropriate relationships and the ways individuals in such a relationship may attempt to buffer themselves against sanctions or even embrace this relationship as an agent of social change Representing work from a range of disciplines this collection will appeal to scholars researchers students and professionals working on relationships issues in areas across the social sciences including those working in the fields of social psychology family studies social anthropology cultural studies and communication

The Politics of Gender after Socialism Susan Gal, Gail Kligman, 2012-01-06 With the collapse of communism a new world seemed to open for the peoples of East Central Europe The possibilities this world presented and the costs it exacted have been experienced differently by men and women

Susan Gal and Gail Kligman explore these differences through a probing analysis of the role of gender in reshaping politics and social relations since 1989. The authors raise two crucial questions: How are gender relations and ideas about gender shaping political and economic change in the region? And what forms of gender inequality are emerging as a result? The book provides a rich understanding of gender relations and their significance in social and institutional transformations. Gal and Kligman offer a systematic comparison of East Central European gender relations with those of western welfare states and with the presocialist bourgeois past. Throughout this essay, the authors attend to historical comparisons as well as cross-regional interactions and contrasts. Their work contributes importantly to the study of postsocialism and to the broader feminist literature that critically examines how states and political economic processes are gendered and how states and markets regulate gender relations.

The Palgrave Handbook of Women and Gender in Twentieth-Century Russia and the Soviet Union Melanie Ilic, 2017-11-30. This handbook brings together recent and emerging research in the broad areas of women and gender studies focusing on pre-revolutionary Russia, the Soviet Union, and the post-Soviet Russian Federation. For the Soviet period, in particular, individual chapters extend the geographic coverage of the book beyond Russia itself to examine women and gender relations in the Soviet East: Tatarstan, Central Asia, Kazakhstan, Tajikistan, and Uzbekistan, and the Baltic States: Estonia, Latvia, and Lithuania. Within the boundaries of the Russian Federation, the scope moves beyond the typically studied urban centres of Moscow and St. Petersburg to examine the regions of Krasnodar, Novosibirsk, rural societies, and village life. Its chapters examine the construction of gender identities and shifts in gender roles during the twentieth century, as well as the changing status and roles of women vis-à-vis men in Soviet political institutions, the workplace, and society more generally. This volume draws on a broad range of disciplinary and methodological approaches currently being employed in the academic field of Russian studies. The origins of the individual contributions can be identified in a range of conventional subject disciplines: history, literature, sociology, political science, cultural studies, but the chapters also adopt a cross- and inter-disciplinary approach to the topic of study. This handbook therefore builds on and extends the foundations of Russian women's and gender studies as it has emerged and developed in recent decades and demonstrates the international, indeed global, reach of such research.

Women and Political Change Sue Bridger, 2016-07-27. This collection of essays looks at the impact on women of the political changes which have taken place in East Central Europe since the 1930s. It is unusual in combining a strong contemporary focus with re-evaluations of what the socialist experience has meant for women. It brings together specialists from both East and the West to offer insights into women's lives and responses to change in countries which have a shared legacy of state socialism yet are as culturally diverse as Russia and Germany, Poland, and Estonia.

Media and the Politics of Failure L. Roselle, 2006-09-02. Roselle analyzes how political leaders of powerful states use media to explain military defeats. The cases of the United States in Vietnam and the Soviet Union in Afghanistan highlight the role of great power identity, domestic politics, and media structure.

Democracy and the Media Richard Gunther, Anthony Mughan, 2000-08-28 This book presents a systematic overview and assessment of the impacts of politics on the media and of the media on politics in authoritarian transitional and democratic regimes in Russia Spain Hungary Chile Italy Great Britain Germany Japan the Netherlands and the United States Its analysis of the interactions between macro and micro level factors incorporates the disciplinary perspectives of political science mass communications sociology and social psychology These essays show that media's effects on politics are the product of often complex and contingent interactions among various causal factors including media technologies the structure of the media market the legal and regulatory framework the nature of basic political institutions and the characteristics of individual citizens The authors' conclusions challenge a number of conventional wisdoms concerning the political roles and effects of the mass media on regime support and change on the political behavior of citizens and on the quality of democracy
