Rees Trio 25 Activities For Teams:

25 Activities for Teams Fran Rees, 1993-03-10 Now anyone can develop and lead a successful team with these experiential activities. *25 Activities For Teams* is a useful collection of activities and assessment tools for leading and developing high performing work teams. Designed to complement the popular *How to Lead Work Teams*, this resource can also stand alone to help team leaders get everyone actively involved in the team's development. *25 Activities For Teams* is a valuable resource that promotes fun experiential team learning. Best of all, it can be used by even novice team leaders and facilitators or by professional trainers. This collection brings together exercises from a variety of resources that will help teams develop skills, build cohesiveness, and accomplish important tasks. Reinforcing Fran Rees' LEAD model, the activities in this book will help the team leader lead with a clear purpose, Empower participants, Aim for consensus, and Direct the process. Team leaders will use this practical resource to energize team meetings and keep them on track for maximum results. *Stranded in the Himalayas, Leader's Manual* Lorraine L. Ukens, 1998-03-16 Build teams that move mountains. Activity participants enjoy a simulated mountain adventure. In this imaginary setting, they must arrive at consensus in order to succeed, and they experience the magic of group power synergy. Participants face fatigue, dehydration, an avalanche, and more. First, they make decisions on their own. Then, joining the group, they compare answers and attempt to agree on the best course of action. Participants will listen closely to coworkers, recognize the benefits of soliciting opinions, understand the power of synergy, and much more. The leader and participants will have a perfect opportunity to examine the impact of their interpersonal behaviors on one another, on the group's effectiveness, and on the outcome of their adventure. Every step in preparation, facilitation, and follow-up is carefully detailed in the *Leader's Manual*. The activity contains the engaging simulation every participant will need. A copy of *Leaders will watch teams develop and prosper when they are stranded in the Himalayas* (Rees Trio, *How to Lead, 25 Activities, Teamwork Start to Finish, Set (3 books)*, *Set of How to Lead Work Teams, 25 Activities For Teams, Teamwork from Start to Finish*) Fran Rees, 1997-04-25 Improve group results as a successful leader/facilitator. Now you can reap the benefits of a more facilitative/participative style of leadership. *How to Lead Work Teams* will help you increase cooperation and job satisfaction, raise productivity and quality levels, and gain a more favorable view of your leadership abilities through facilitation. It describes exactly what facilitation is and what it is not, and how to do it effectively. It shows you how to involve others, build consensus, and get commitment. Help others solve problems and make decisions. Use the knowledge and experience of all employees. Develop and lead a team. Use group process to run effective team meetings. This book is especially helpful for someone who is new to managing or leading a team. It will also help experienced team leaders refine the role of leader/facilitator. And it will help team members understand how facilitation works and how they can enhance the process.
