American Literature: The Essential Glossary Stephen Matterson, 2002-12-27 Each entry is succinct and because of the suggestions for further reading the glossary can be used both to check facts and start further research It offers a useful reference companion for anyone with an interest in American literature and should also prove useful in related areas such as American history and American Studies who needs a concise guide to literature The book s Index of Works and Writers makes it doubly useful as a reference work allowing the reader to find information quickly on hundreds of works of writers not listed in individual entries

A Reference Guide to English, American and Canadian Literature Inglis Freeman Bell, Jennifer Forbes, 1971 To anyone who has crossed the Canadian prairies the title of this book *Vertical Man Horizontal World* will strike a responsive chord man stands alone in seemingly limitless landscape as empty as nightmare The stark isolation of man against the prairie s landscape is so obvious the author says that except for passing comments in two studies of Canadian prairie fiction no one has made a sustained analysis of the use of the prairie in Canadian fiction or argued at any length for what most immediately unifies the literature of the prairie region Author Ricou argues that man is intimidated by the vastness which surrounds him and he will almost certainly wish to meet the challenge of this land to say Look look in whatever way he can by raising a crop or a monument by interpreting his experience in paint or words Ricou traces this recurrent theme in prairie fiction from writers such as Frederick Philip Grove and Wallace Stegner Edward McCourt and W O Mitchell to Margaret Laurence and Robert Kroetsch In tracing the relationship of man and land from the earliest writers of prairie fiction to the most recent Ricou shows how the calm and benign relationship of man and land as exemplified for instance in the fiction of Robert Stead and W O Mitchell has changed in recent novels to a more dramatic confrontation The novelists find in the landscape an ideal mirror for the dilemma and often the strength of existential man Critic Henry Keisel once wrote To conquer a piece of the continent to put one s imprint upon virgin land to say Here I am for that I came is as much a way of proving one s existence as is Descartes cogito ergo sum *Vertical Man Horizontal World* is an affirmation of Keisel s statement Slowly and cumulatively Ricou traces the image of man leaving his mark on the empty sometimes nightmarish land of the Canadian prairie How do we fit our time and our place is a question posed by all the writers Ricou examines The answer he says at this point in the evolution of Canadian prairie fiction delivered with conviction is abruptly and uneasily but brazenly and delightfully This book is a sustained and penetrating look at the interrelationship of man and landscape in Canadian prairie fiction
