Meditations On the Signs of the Zodiac John Jocelyn, 1991-01-15 The sights of our century are on cosmic space The greatest triumph in cosmic conquest will come when man recognizes that he himself as a being of body soul and spirit is united with the cosmos as an evolving whole This book is unique in this field It presents the spiritual nature of the Zodiac for meditation and relates it to self knowledge He who wishes can thus find his place in the universe and understand the reasonableness of reincarnation Each incarnation is a new opportunity to advance a grade in the earth school How advance can be made in each zodiac sign influence is the good news which this book offers Meditation on these MEDITATIONS and practice of the suggestions will be instimably soul revealing and rewarding Through such study one can comprehend with loving understanding and compassion his fellow men Much of the misunderstanding between individuals groups and nations will disappear when mankind learns to view everything not from one standpoint only but from twelve viewpoints This book is a tool not only for the serious student of spiritual life but for every human being in his association with others be it family life in work as a teacher psychologist doctor business man or any other human relationship The Right use of these MEDITATIONS may enable one to achieve harmonious wholeness within oneself and in one's environment Such an approach to the divine design of the cosmos and man's place in it awakens wonder and develops increasing humility and reverence in the presence of the infinitely sublime divinity of the Zodiac Imbued with these thoughts and feelings and knowing that every thought feeling and deed has an effect upon the whole one willingly and gladly assumes his responsibility as a creator in the creative process of the cosmos
