Reforming For Results In The U N System A Study Of Unops:

Reforming for Results in the UN System Dennis Dijkzeul, 2000 Criticism of UN organizations is widespread yet it is often based on inadequate knowledge of their functioning This book addresses this void by examining the United Nations Office for Project Services UNOPS the only UN organization that is exclusively demand based UNOPS generates its income through fees for project management provision of services in all development and humanitarian fields UNOPS almost went out of business during a disruptive merger process With considerable staff initiative it engaged in a reform process and has repeatedly surpassed its business targets This book describes and analyses the reform its problems and its successes It indicates how UN organizations can become more effective in their operational activities It compares UNOPS reform with New Public Management reform and provides an illuminating example of an actual change process too often absent in New Public Management literature The book is required reading for everyone who has an interest in the UN system organizational change and improving development cooperation and humanitarian relief **Reform for Result in the UN System D.**

Dijkzeul, 2000-06-05 The United Nations Office for Project Services UNOPS is the only UN organization that is self financing through fees earned on project management provision of services in all development and humanitarian fields Following a disruptive merger process its future looked in doubt Combining perspectives from the disciplines of international relations business and public administration this book describes and analyses the ensuing reform its problems and successes as well as its relevance to other UN organizations and New Public Management theory Reforming the United Nations Joachim Mueller, 2016-05-23 The UN celebrated its 70th anniversary in 2015 In the Volume *Reforming the UN A Chronology* by Joachim M ller an exciting story is told describing the evolution of the UN through the main change initiatives applied by each Secretary General characterized by political confrontations crises of confidence and organizational constraints Initiatives included approving the Sustainable Development Goals strengthening peacekeeping enlarging the Security Council establishing mechanisms to protect human rights improving aid efficiency and reforming management practices This story is completed by a Chronology of Reform Events to enhance the transparency of parallel multi layer reform tracks Lessons learned highlight the main drivers of changes the interests and constraints and the dynamics of the reform process valuable insight for capitalizing on future change opportunities *REINVENTING THE UNITED NATIONS* AMIT K.

BANERJEE, MURARI R. SHARMA, 2007-10-05 Established after World War II the United Nations strives to save successive generations from the scourge of war This vital world body has undoubtedly succeeded in resolving many conflicts through its political and peacekeeping missions and nurtured peace through its development support though not always with the efficiency and effectiveness expected of it The world is vastly different today from the days when the United Nations was set up The challenges that the United Nations faces in the 21st century are much more complex and deadly than they were 60 years ago Reforming and reinventing the United Nations should therefore be a matter of great interest to the international

community To tackle the challenges ahead the United Nations needs to re engineer its organizational arrangements reorient its processes revamp its decision making systems and reform its human resource and financial management to get the best results from them This book suggests measures for restructuring the Security Council rationalizing the constituent systems of the General Assembly the ECOSOC and the Secretariat and strengthening the peacekeeping corruption control and accountability mechanisms The book is a collaborative endeavour involving contributions from international authority figures in areas such as peace and security development assistance resource management leadership and ethics The vision projected by them on the major issues inscribed on the United Nations agenda is meant to encourage fresh thinking on the part of opinion leaders diplomats academics experts in foreign affairs and UN staff so that this intergovernmental institution could be effectively geared to respond to the emerging challenges of the 21st century Reinventing the United Nations would be of interest to the public and particularly the postgraduate students of political science international law and international relations as well as diplomats public affairs professionals and social science scholars at various levels *United Nations Development Programme and System (UNDP)* Stephen Browne, 2012-06-25 This volume provides a short and accessible introduction to the organization that serves as the primary coordinator of the work of the UN system throughout the developing world the United Nations Development Programme UNDP The book traces the origins and evolution of UNDP outlining how a central UN funding mechanism and field network developed into a more comprehensive development agency evaluates the UNDP s performance and results both in its role as system coordinator and as a development organization in its own right considers the return of the UNDP to a more central role within the UN development system in order to review the successive attempts at UN development system reform the reasons for failure and the future possibilities for a more effective system with the UNDP at the centre Offering a clear comprehensive overview and analysis of the organization this work will be of great interest to students and scholars of development studies international organizations and international relations

Rethinking International Organizations Dennis Dijkzeul, Yves Beigbeder, 2003 The management of international organisations is attracting growing attention This text provides a fundamental rethinking of current approaches criticism and cures for these organisations **International Organizations as Self-Directed Actors** Joel Oestreich, 2012-05-23 This exciting new text illustrates and advances the argument that International Organizations IOs need to be taken seriously as actors in world affairs Bringing together an international line up of distinguished contributors the text examines recent theories that suggest how IOs are able to set their own policies and implement them in meaningful ways The chapters review these theoretical positions and then present a series of case studies which focus on how these theories play out when IOs are charged with solving global problems including development peacekeeping and environmental policy coordination Examining and analysing both positive and negative examples of this independence this text is a valuable resource on the topic of the internal workings of IOs providing the richest and most focused textbook so far dealing with the capacity of IOs for

independent action in international politics It is essential reading for all students of international organizations

International Handbook of Public Procurement Khi V. Thai, 2017-09-25 Since the 1990s government at all levels is under increasing pressure to do more with less However despite the U S government spending about 15 to 20 percent of its GDP on contracts for goods and services there is a paucity of reference books for public procurement officials and very few textbooks for courses on the subject Filling this void the International Handbook of Public Procurement provides the knowledge necessary to understand how procurement works and how to improve the cost effectiveness of procurement systems Taking a multidisciplinary approach the book focuses on the managerial economic political and legal aspects of this topic It begins with a conceptual framework and highlights various reforms occurring in certain countries By examining these improvements readers are able to apply this knowledge to their own strategies The next section presents selected cases that illustrate the public procurement process examining systems in various nations including Germany China South Africa Cambodia Uganda and Estonia The book also discusses the rise of electronic procurement systems E procurement and reviews the benefits of these efficient systems Other topics presented in this comprehensive volume include practical discussions on contract negotiations bidding price strategies and cost analysis and an insightful chapter on the market s response to contract award announcements A virtual encyclopedia from numerous international experts this book was assembled by Khi V Thai Professor at Florida Atlantic University and Editor of the Journal of Public Procurement Dr Thai has provided technical assistance in the area of public procurement to governments across the world Empowering those on all sides of the issue this volume dispenses advice valuable to government officials and contractors as well as providing a comprehensive text for public administration students
