Render Unto God James Newton Poling, 2012-03-01 What marks principles and values from our study of Jesus can guide our reflections about the church and its witness in a world of economic injustice What kinds of principles ought to be part of an ecclesiology in a world where family violence is epidemic So asks author James Poling in his exploration of the role of faith and religious practice as a resource for those who are economically vulnerable to domestic violence In this groundbreaking work Poling focuses his research on women and children in working class and poor communities of three cultures analyzing the forces that define and sustain economic vulnerability and detailing how such vulnerability affects the daily lives of people within these communities He looks at how the church can function as a source of healing and empowerment for persons who are trapped by domestic violence and economic vulnerability and develops models for prevention of violence and of practical ministry for pastoral care of the victims and perpetrators

**The Spirit and the Song** Steven Félix-Jäger, Chris E. W. Green, 2024-09-16 The Spirit and the Song Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God s Spiritedness Can the experience of music speak to human spiritedness the world s transcendentalty or a person s own self transcendence in ways nothing else does or can Second this book explores how the Spirit functions within and even determines culture through music Because music is a profound human expression it can find itself in a rich dialogue with the Spirit Third and finally this book explores the contested status of music in Christian spiritual traditions It deals with music as inspired by the Spirit music as participation in Spiritedness and music as temptation of the flesh As such this book also engages music s placement in Christian spiritual traditions The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music

Place Anne Muir,2012-09-13 In 2004 the Iona Community became concerned that many of those who could bear witness to its early days were by then in their 70s or 80s As a result they commissioned an oral history project so that their testimonies would not be lost This book is based on the recordings of their stories of how a man called George MacLeod and a group of like minded friends and colleagues had a vision of how to put the church with its message of good news to the poor speak again to ordinary people     *Evangelicals in Mexico* Dinorah B. Méndez,Dinorah Mendez,2008 Hymns as a potential tool of theological contextualisation have never been fully explored This study looks at this function of hymnody in relation to Mexican culture A sample of hymnody used by evangelicals of different traditions was selected to examine its theology and to compare which kind of hymns or songs were more reliable and appropriate to communicate the evangelical faith in the Mexican context     Join the Movement Alvin L. Reid, Many of history s greatest movements of spiritual renewal have been based in radical Christian obedience And while generally overlooked the truth is that many of history s great awakenings started with young adults Written by youth expert Alvin Reid Join the Movement is an invitation and a challenge to young adults to wholeheartedly commit to seeing God change the world through them     *Reimagining Worship* Anna De Lange,Trevor Lloyd,2017-12-05 Worship is a dynamic living encounter that should never be static In the Church of England although Common Worship provides texts for every season and occasion the church constantly needs to refresh its worship just as it reshapes its presence in local communities In this comprehensive volume a wide range of experienced liturgists musicians and pastoral practitioners consider the principles that will determine the character and quality as well as the content of our worship in the future The contributors are all members of the Group for the Renewal of Worship a broadly evangelical group within the Church of England and including senior clergy musicians theological college tutors in liturgy and former members of the Liturgical Commission     Songs of Pilgrimage Horace Lorenzo Hastings,1888
