Sage Saint And Sophist:

Sage, Saint and Sophist Graham Anderson, 2014-01-27 Holy men both pagan and Christian are persistent and puzzling figures in the religious life of the Roman Empire In this first historical study of Holy Men for more than half a century Dr Anderson applies techniques of literary analysis to throw light on the lifestyles and behaviour of these figures from Jesus Christ to Peregrinus Proteus to Dio Chrysostom stressing their individuality as much as their common features Sage Saint and Sophist examines the variety of services real or imaginary that these colourful figures had to offer and how they maintained their credibility to become the objects of successful religious cults

Sage, Saint and Sophist Graham Anderson, 2014-01-27 Very broad range of texts and examples draws on extensive scholarship Embraces both Christian and Pagan Holy Men Combines social context history with literary analysis Entertaining portraits of individual men

The Sage in Jewish Society of Late Antiquity Richard Kalmin, 2002-02-07 The Sage in Jewish Society of Late Antiquity explores the social position of rabbis in Palestinian Roman and Babylonian Persian society from the period of the fall of the Temple to late antiquity The author argues that ancient rabbinic sources depict comparable differences between Palestinian and Babylonian rabbinic relationships with non Rabbis

The Second Sophistic Tim Whitmarsh, 2005-09 Explores the various ways in which modern scholarship has approached the oratorical culture of the Early Imperial period

The Social Worlds of Ancient Jews and Christians, 2022-11-21 This volume contains fifteen essays in honor of L Michael White whose work has been influential in exploring the social histories of ancient Jews and Christians within the Graeco Roman world Following an introduction that highlights some of White's main scholarly contributions the essays are grouped into three topic areas Paul and his Legacy Social Relations and Material Culture The essays are united by an interest in reconstructing the social worlds of ancient Jews and Christians through careful analysis of literary sources and material culture in their most precise ancient contexts

Early Christian Monastic Literature and the Babylonian Talmud Michal Bar-Asher Siegal, 2013-12-23 This book examines literary analogies in Christian and Jewish sources culminating in an in depth analysis of striking parallels and connections between Christian monastic texts the *Apophthegmata Patrum* or The Sayings of the Desert Fathers and Babylonian Talmudic traditions The importance of the monastic movement in the Persian Empire during the time of the composition and redaction of the Babylonian Talmud fostered a literary connection between the two religious populations The shared literary elements in the literatures of these two elite religious communities sheds new light on the surprisingly inclusive nature of the Talmudic corpora and on the non polemical nature of elite Jewish Christian literary relations in late antique Persia

The Early Christian Centuries Philip Rousseau, 2014-06-06 Charting the first six hundred years of the Christian movement THE EARLY CHRISTIAN CENTURIES carries the reader from the world of second temple Judaism to the Byzantine age the rise of Islam and the beginnings of medieval European polities With a combination of rare tact and acuity Philip Rousseau takes the measure of a generation of scholarship on early Christianity and the late Roman world He stresses

the importance of shifting historical consciousness the continuity and development of ideas and the urge for social respectability Paying the greatest attention to the inner components of Christian life the resulting story captures fully the major figures Paul the gospel writers the early apologists and the great figures of the patristic age including the Cappadocian Fathers Augustine and Gregory the Great *Paroles d'Apollon* Aude Busine,2005-12-01 This book deals with the making and the reuses of the divine words which were ascribed to Apollo from the 2nd to the 6th centuries AD and which have now become available in both epigraphical and literary sources The larger part has been issued by the sanctuaries of Claros and Didyma This comprehensive and historical approach analyses the oracles of Apollo according to the various contexts ancient authors used to resort to the sacred words The first part of the book examines in the context of the Graeco Roman city states the oracular texts in relation to the sanctuaries where they had originally been produced The second part explores the different ways in which the Apollinian oracles were reappropriated by pagan and Christian authors for philosophical polemical and apologetic purposes This study of the sacred texts reveals in an original manner the cultural political and religious life of pagans and Christians in the Roman Empire Greek Narratives of the Roman Empire under the Severans

Adam M. Kemezis,2014-10-23 The political instability of the Severan Period AD 193 235 destroyed the High Imperial consensus about the Roman past and caused both rulers and subjects constantly to re imagine and re narrate both recent events and the larger shape of Greco Roman history and cultural identity This book examines the narratives put out by the new dynasty and how the literary elite responded with divergent visions of their own It focuses on four long Greek narrative texts from the period by Cassius Dio Philostratus and Herodian each of which constructs its own version of the empire each defined by different Greek and Roman elements and each differently affected by dynastic change especially that from Antonine to Severan Innovative theories of narrative are used to produce new readings of these works that bring political literary and cultural perspectives together in a unified presentation of the Severan era as a distinctive historical moment

Crossing Confessional Boundaries John Renard,2020-01-28 Arguably the single most important element in Abrahamic cross confessional relations has been an ongoing mutual interest in perennial spiritual and ethical exemplars of one another s communities Ranging from Late Antiquity through the Middle Ages *Crossing Confessional Boundaries* explores the complex roles played by saints sages and Friends of God in the communal and intercommunal lives of Christians Muslims and Jews across the Mediterranean world from Spain and North Africa to the Middle East to the Balkans By examining these stories in their broad institutional social and cultural contexts *Crossing Confessional Boundaries* reveals unique theological insights into the interlocking histories of the Abrahamic faiths
