This translation of collected articles by Yan Chen 1916-2016 examines the role of the Maritime Silk Road in the formation of world civilizations Analyzing the Maritime Silk Road's political economic cultural and technological influence Chen argues that this expansive trade network was vital to the spread of traditional Chinese culture **Made By China: A New World**

Order Terrance Thomas, Is a global conflict involving China inevitable Terrance Thomas lived in China for nine years During that time he experienced the fear of living under an authoritarian regime Three years of Terrance's time in China were spent in the naval city of Sanya Terrance saw the Chinese military prepare for a war every day for three years From aerial operations to arm China's illegally built islands in the South China Sea to the deployments of China's Type 094 ballistic missile submarines Terrance saw China preparing for a New World Order with his own eyes Terrance was even present in 2019 for the commission of China's Type 002 aircraft carrier the Shandong Terrance recorded much of the activity he saw while in China and interviewed countless people around Asia to comprehensively assess China's intentions for the world Terrance also has prepared an in depth analysis of the possible pathways to peace The author also highlights several disturbing facts about China's increase in its military capabilities and why that is a threat to America and its allies This book stresses the need to maintain and expand U.S. military strength in Asia while forging closer ties with like minded allies worldwide Terrance was not on the outside looking in he was there and this book was written from within China [China's](#)

[Military Transformation](#) You Ji, 2016-01-25 China's military transformation is one of the major geo strategic developments of the 21st Century Billions of dollars are being spent modernizing The People's Liberation Army PLA as China seeks to upgrade and expand its military capabilities to rival the US In this cutting edge analysis You Ji a leading expert on China's military affairs explores the changes taking place within the PLA today covering its ground aerospace and maritime forces its ability to meet asymmetric threats and the growing role played by the People's Armed Police in quelling dissent in China He shows how these transformations in personnel technology and strategic goals are slowly driving a wedge between China's two most powerful institutions Until recently relations between the CCP and PLA were harmonious but as the PLA becomes increasingly professionalized and autonomous so its unconditional loyalty to the ruling Party may weaken The changing relationship between the CCP and PLA he argues is likely to have profound implications for China's own political development and the balance of power in the Asia Pacific region Comprehensive and incisive this timely book is a valuable resource for anyone interested in the nature and consequences of China's military rise [Handbook of US-China Relations](#)

Andrew T.H. Tan, 2016-08-26 This Handbook addresses the key questions surrounding US China relations what are the historical and contemporary contexts that underpin this complex relationship How has the strategic rivalry between the two evolved What are the key flashpoints in their relationship What are the key security issues between the two powers The international contributors explore the historical political economic military and international and regional spheres of the US China relationship The topics they discuss include human rights Chinese public perception of the United States US China strategic rivalry China's defence build up and cyber war
