Children of Earth and Sky Guy Gavriel Kay, 2016-05-10 The bestselling author of *The Fionavar Tapestry* weaves a world inspired by the conflicts and dramas of Renaissance Europe. Against this tumultuous backdrop, the lives of men and women unfold on the borderlands where empires and faiths collide. From the small coastal town of Senjan, notorious for its pirates, a young woman sets out to find vengeance for her lost family. That same spring, from the wealthy city state of Seressa, famous for its canals and lagoon, come two very different people: a young artist traveling to the dangerous east to paint the grand khalif at his request and possibly to do more; and a fiercely intelligent, angry woman posing as a doctor's wife but sent by Seressa as a spy. The trading ship that carries them is commanded by the accomplished younger son of a merchant family, ambivalent about the life he's been born to live. And farther east, a boy trains to become a soldier in the elite infantry of the khalif to win glory in the war everyone knows is coming. As these lives intertwine, their fates and those of many others will hang in the balance when the khalif sends out his massive army to take the great fortress that is the gateway to the western world.

Byzantium in the Popular Imagination Markéta Kulhánková, Przemysław Marciniak, 2023-08-10 What is the contemporary cultural legacy of Byzantium or The Eastern Roman Empire? This book explores the varied reception history of the Byzantine Empire across a range of cultural production. Split into four sections, the origins of Byzantomania in France, modern media, literature, and politics, it provides case studies which show the numerous ways in which the empire's legacy can be felt today. Covering television, video games, and contemporary political discourse, contributors also consider a wide range of national and geographical perspectives, including Russian, Turkish, Polish, Greek, and Hungarian. It will be essential reading for scholars and students of the reception and cultural history of the Byzantine Empire.

Narrativizing Theories Benjamin John Peters, 2020-02-06 Ours is an age of offense, a time of reactionary shock always received, never given. Ours is an age that has forgone cultural narratives, a time of individualism wherein personal identities trump the collective spirit. Ours is an age of failing earth, a time of ecological collapse yet the consumption of global capitalism continues to run amok. But don't fear. You have the correct worldview, the best solutions. It's not your fault; these things are happening. It's the president's, the immigrant's, and the Islamicist's. Or perhaps it's the socialist's, the tree hugger's, and the baby killer's. But it's not your fault. Never yours. For the world exists as you see it, in an echo chamber lined with golden pixels. Do I still have your attention? Then join me. Within the covers of *Narrativizing Theories*, I dive into ambiguity and aesthetics to depict how clashing worldviews exist side by side yet remain mutually incompatible. I examine how cultures distinguish between acceptable and unacceptable beliefs, embodiments, and identities. And I outline an aesthetic theory of ambiguity that highlights, through the twists and turns of literature, the
