Ruben Gallo

Salinas A Juicio:

The Mexico City Reader Ruben Gallo, 2009-09-29 Mexico City is one of Latin America's cultural capitals and one of the most vibrant urban spaces in the world. The Mexico City Reader is an anthology of *Cronicas* short hybrid texts that are part literary essay, part urban reportage about life in the capital. This is not the City of Palaces of yesteryear but the vibrant chaotic anarchic urban space of the 1980s and 1990s: the city of garbage mafias, necrophiliac artists and kitschy millionaires. Like the visitor wandering through the city streets, the reader will be constantly surprised by the visions encountered in this mosaic of writings: a textual space brimming with life and crowded with flâneurs, flirtatious students, Indian dancers, food vendors, fortune tellers, political activists and peasant protesters. The essays included in this anthology were written by a panoply of writers from well-known authors like Carlos Monsivís and Jorge Ibagóitia to younger figures like Fabrizio Mejía Madrid and Juieta García González, all of whom are experienced practitioners of the city. The texts collected in this anthology are among the most striking examples of this concomitant theory and practice of Mexico City that most delirious of megalopolises. An exciting literary journey. Carolyn Malloy, *Multicultural Review*

Great North American Stage Directors Volume 8 James Peck, 2024-01-25 The three directors gathered in this volume all approach theatre making in part as an act of citizenship. Jesusa Rodríguez, Peter Sellars and Reza Abdoh differ markedly in many important respects but they all come to the theatre as an intervention in the public sphere. Rodríguez, Sellars and Abdoh blend a spirit of social critique with acts of democratic community building. These essays examine how theatre for them is not a sphere of aesthetic experience insulated from the divisions, antagonisms and alliances of a conflicted society. It is a way to forge fleeting but consequential communities that might reverberate through that society and affect its future development. The Great North American Stage Directors series provides an authoritative account of the art of directing in North America by examining the work of twenty-four major practitioners from the late 19th century to the present. Each of the eight volumes examines three directors and offers an overview of their practices, theoretical ideas and contributions to modern theatre. The studies chart the life and work of each director, placing his or her achievement in the context of other important theatre practitioners and broader social history. Written by a team of leading experts, the series presents the genealogy of directing in North America while simultaneously chronicling crucial trends and championing contemporary interpretation.

Gallo, 2004-08-20 Since the 1980s there has been considerable interest in Mexico and its art as one can see from the sheer number of exhibitions catalogues and articles devoted to the subject. Despite this interest there are few books

devoted to contemporary Mexican art *New Tendencies in Mexican Art* is the first book length study devoted to a generation of Mexican artists who have had enormous international success It focuses on several tendencies Gallo has identified as prominent themes in the work of these artists including orientalism perversion and a fascination with urban culture
