Fishing for Heritage Jane Nadel-Klein,2020-05-26 Castles lochs seascapes Coastal Scotland is one of the world's most romanticized tourist destinations yet it is in the midst of severe economic decline The North Atlantic fisheries crisis has hit Scottish communities hard and local fisherfolk are faced with chronic insecurity anxiety over the decline of fishing and doubts about their cultural survival The decline of this traditional industry has been accompanied by growing tourism along Scottish shores Fishing villages are marketed for tourist consumption and culture has become a commodity Drawing upon fieldwork novels folk music and travel literature Nadel Klein explores how these influences have affected locals sense of identity and presence within a modern European nation How is identity linked to power What role do memory and authenticity play in the creation of Scottish heritage How do locals feel about the onslaught of tourists The topical nature of these issues and their relevance to other regions facing similar tensions make this book an important contribution to contemporary anthropology

Insurrection James Hunter,2019-12-10 The author of *On the Other Side of Sorrow* gives a detailed account of the causes and effects of the Scottish potato famine that began in 1846 When Scotland's 1846 potato crop was wiped out by blight the country was plunged into crisis In the Hebrides and the West Highlands a huge relief effort came too late to prevent starvation and death Farther east meanwhile towns and villages from Aberdeen to Wick and Thurso protested the cost of the oatmeal that replaced potatoes as the people's basic foodstuff Oatmeal's soaring price was blamed on the export of grain by farmers and landlords cashing in on even higher prices elsewhere As a bitter winter gripped and families feared a repeat of the calamitous famine then ravaging Ireland grain carts were seized ships boarded harbors blockaded a jail forced open and the military confronted The army fired on one set of rioters Savage sentences were imposed on others But crowds of thousands also gained key concessions Above all they won cheaper food Those dramatic events have long been ignored or forgotten Now in *James Hunter* they have their historian The story he tells is by turns moving anger making and inspiring In an era of food banks and growing poverty it is also very timely Praise for *Insurrection* Hunter never forgets that history is first of all narrative and this book is rich in stories or that is subject is the experience of individual men and women creatures of flesh and blood not abstractions *Insurrection* is fascinating reading both painful and uplifting Allan Massie the Scotsman UK

Beyond Cannery Row Carol Lynn McKibben,2010-10-01 Presenting a nuanced story of women migration community industry and civic life at the turn of the twentieth century Carol Lynn McKibben's *Beyond Cannery Row* analyzes the processes of migration and settlement of Sicilian fishers from three villages in Western Sicily to Monterey California and sometimes back again McKibben's analysis of gender and gender roles shows that it was the women in this

community who had the insight the power and the purpose to respond and even prosper amid changing economic conditions Vividly evoking the immigrants everyday experiences through first person accounts and detailed description McKibben demonstrates that the cannery work done by Sicilian immigrant women was crucial in terms of the identity formation and community development These changes allowed their families to survive the challenges of political conflicts over citizenship in World War II and intermarriage with outsiders throughout the migration experience The women formed voluntary associations and celebrated festas that effectively linked them with each other and with their home villages in Sicily Continuous migration created a strong sense of transnationalism among Sicilians in Monterey which has enabled them to continue as a viable ethnic community today

[A Short History of Britain's Fisheries](#) Mike Smylie,2024-02-22 Wherever you fit into the debate about food vegan vegetarian pescatarian flexitarian or carnivore you cannot argue against the fact that fish have influenced our diet for millennia and for many continue to do so today We are after all an island nation surrounded by seas that were once extremely rich and diverse in its variety of both fish and shellfish and it s well known that early man was as much a hunter gatherer on water as on land for fish are a great supplier of protein Yet only in the last couple of centuries has fishing become an established occupation and the last forty years has seen a multitude of change in what is now an industry Outside the industry little has been written about how this seafood is caught landed and then reaches us the consumer We all know about fish and chip shops but do we know the difference between a beam and otter trawl What is the difference between a lobster pot and a lobster creel Did you know oysters and salmon were once caught in such huge amounts they were regarded as poor man s food We all like ambling around colorful fishing harbors gazing at the boats but just how much do we know about those that go out in such a dangerous environment and bring back the catch With fish much talked about in today s news alongside the unhealthy state of the oceans here we have the definitive guide to Britain s commercial fisheries
