directions many times but she always stayed true to her journal Some people find it hard to deny their nature Martha found it impossible Her inner conflicts and tortured decisions affected her life far more than events happening in the world around her Author Thomas Isaac Franklin served as both editor of Martha s journals and writer of this chronicle of her early life All of the most fantastic events and deeply felt emotions in the book came directly from her journals Her entries were often graphic uncensored and raw They are intended for mature readers Franklin had to supplement the sometimes sparse journal entries with research He interviewed Martha s relatives friends and noteworthy characters that appear in her journals He found it necessary to expand the least descriptive portions of the journals to add imagery form and continuity to his writing As you open Martha s Journals Book One you will be privy to her deepest held thoughts and desires She will tell you secrets she would never verbalize to even her closest friends This narrative follows Martha s life from birth to womanhood You will accompany her as she explores her mind body and desires like few woman could or would Read the first three chapters of Martha s story online at Xlibris com      *Letters from the Earth* Mark Twain,2013-03-26 The most impressive contribution to books by Mark Twain since *The Mysterious Stranger* of 1916 The attitude is that of Swift the intellectual contempt is that of Voltaire and the imagination is that of one of the great masters of American writing New York Times Book Review Virtually none of the material in *Letters from the Earth* was published in Twain s lifetime and the manuscript was only approved by his executors in 1962 This is vintage Twain sharp witty imaginative wildly funny His voice is as vigorous and blistering as ever capable of surprising truth and provoking laughter in the most unlikely places In this collection he presents himself as the Father of History reviewing and interpreting events from the garden of Eden through the Fall and the Flood translating the papers of Adam and his descendants down through the generations There are comments on James Fenimore Cooper English architecture and the civilization of the French as well as proposals for a simplified alphabet and a parody of books on etiquette *Letters from the Earth* an exuberantly eclectic collection      **View from Another Closet** Janet Bode,1976      **Los**

**Angeles Magazine** ,2005-07 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian

**Exploitation Poster Art** Tony Nourmand,Graham Marsh,2005 Sex drugs delinquency Black power alternative culture and of course rock and roll these are just a few of the themes which have attracted the attention of the cinema s bottom feeders over the past eighty years A few of the resulting films have become cult classics but most were simply tacky few would probably now want to sit through two hours of *High School Hellcats* 1958 or *Hot Rod Rumble* 1957 The posters produced to promote them on the other hand are wonderful period pieces that vividly evoke the social fears temptations and

taboos of bygone eras Up until the introduction of the Hayes Code in 1934 Hollywood had few inhibitions the poster for *Girl Without a Room* 1933 for example left audiences in little doubt about how the young woman would find accommodation Later in the decade it became necessary to adopt the old tabloid trick of pretending that titillating content had a redeeming social message thus the producers of *Marijuana* were obliged to present it as a warning about the dangers of drug addiction threaten middle class values and of course attracted middle class kids to the drive in screens Then in the 60s and 70s came Blaxploitation movies like *Shaft* the first of Russ Meyer's mammary obsessed epics *Faster Pussycat Kill Kill* and even an animated sexploitation story *Fritz the Cat* The posters for these films from Albert Vargas venture into the genre for *Ladies They Talk About* 1933 to Alan Aldridge's photomontage for Warhol's *Chelsea Girls* 1966 are masterpieces of visual innuendo offering in most cases far more than the movies actually delivered      **The Werewolf Filmography** Bryan Senn, 2017-02-06

From the horrific to the heroic cinematic werewolves are metaphors for our savage nature symbolizing the secret bestial side of humanity that hides beneath our civilized veneer Examining acknowledged classics like *The Wolf Man* 1941 and *The Howling* 1981 as well as overlooked gems like *Dog Soldiers* 2011 this comprehensive filmography covers the highs and lows of the genre Information is provided on production cast and filmmakers along with critical discussion of the tropes and underlying themes that make the werewolf a terrifying but fascinating figure      **Los Angeles Magazine** , 2003-03 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian      *New Statesman Society* , 1994-07
