Sex Variants A Study Of Homosexual Patterns:

Sex Variants George William Henry,1950 **Sex Variants. A Study of Homosexual Patterns** Committee for the Study of Sex Variants (New York, City of),1950 *Sex Variants* George W. Henry,1948 **Sex Variants** George William Henry,1948 *Sex Variants* George William Henry,Committee for the Study of Sex Variants,1952 *Sex Variants* George William Henry,1960 *Sex Variants* George William Henry,Committee for the Study of Sex Variants,1941 **Sex Variants, a Study of Homosexual Patterns, With... Specialists in Particular Fields** George W.. Henry,1948 **Sex Variants. A study of homosexual patterns. By G. W. Henry ... With sections contributed by specialists in particular fields, etc** George William Henry,1941 **Sex Variant Woman** Joanne Passet,2008-06-10 A stunning biography of the long neglected firebrand author of the bible of lesbian literature Jeannette Howard Foster *Just Methods* Alison M. Jaggar,2015-11-17 The supplemented edition of this important reader includes a substantive new introduction by the author on the changing nature of feminist methodology It takes into account the implications of a major new study included for this first time in this book on poverty and gender in equality and it includes an article discussing the ways in which this study was conducted using the research methods put forward by the first edition This article begins by explaining why a new and better poverty metric is needed and why developing such a metric requires an alternative methodological approach inspired by feminism Feminist research is a growing tradition of inquiry that aims to produce knowledge not biased by inequitable assumptions about gender and related categories such as class race religion sexuality and nationality Just Methods is designed for upper level undergraduate and graduate students in a range of disciplines Rather than being concerned with particular techniques of inquiry the interdisciplinary readings in this book address broad questions of research methodology They are designed to help researchers think critically and constructively about the epistemological and ethical implications of various approaches to research selection and research design evidence gathering techniques and publication of results A key theme running through the readings is the complex interrelationship between social power and inequality on the one hand and the production of knowledge on the other A second and related theme is the inseparability of research projects and methodologies from ethical and political values **Female Genital Cosmetic Surgery** Camille Nurka,2018-08-21 Examining the fascinating history of female genital cosmetic surgery Camille Nurka traces the origins of contemporary ideas of genital normality Over the past twenty years Western women have become increasingly worried about the aesthetic appearance of their labia minora and are turning to cosmetic surgery to achieve the ideal vulva a clean slit with no visible protrusion of the inner lips Long labia minora are described by medical experts as hypertrophied a term that implies deformity and the atypical But how far back does the diagnosis of labial hypertrophy go and where did it originate Female Genital Cosmetic Surgery tells the story of the female genitalia from the alien world of ancient Greek gynaecology to the colonial period of exploration and exploitation up to the present day Bringing together historical medical and theoretical

documentation and commentary Nurka uncovers a long tradition of pathologizing female anatomy a history sure to be of interest to any reader who wishes to know more about how medicine shapes our commonly held ideals **Dishonorable Passions** William N. Eskridge Jr.,2008-05-01 From the Pentagon to the wedding chapel there are few issues more controversial today than gay rights As William Eskridge persuasively demonstrates in Dishonorable Passions there is nothing new about this political and legal obsession The American colonies and the early states prohibited sodomy as the crime against nature but rarely punished such conduct if it took place behind closed doors By the twentieth century America s emerging regulatory state targeted degenerates and later homosexuals The witch hunts of the McCarthy era caught very few Communists but ruined the lives of thousands of homosexuals The nation s sexual revolution of the 1960s fueled a social movement of people seeking repeal of sodomy laws but it was not until the Supreme Court s decision in Lawrence v Texas 2003 that private sex between consenting adults was decriminalized With dramatic stories of both the hunted Walt Whitman and Margaret Mead and the hunters Earl Warren and J Edgar Hoover Dishonorable Passions reveals how American sodomy laws affected the lives of both homosexual and heterosexual Americans Certain to provoke heated debate Dishonorable Passions is a must read for anyone interested in the history of sexuality and its regulation in the United States [More](#)

Butch Heroes Ria Brodell,2025-04-29 The much anticipated sequel to Butch Heroes an ingenious retelling of history that combines portraits and texts to recover and celebrate queer subjects from around the world Ingeniously conceived Ria Brodell s Butch Heroes books recover and celebrate queer subjects obscured or misrepresented within the dominant narratives of history More Butch Heroes presents 15 original paintings and biographies in the style of the first volume Butch Heroes slyly subverted Catholic holy cards featuring individuals who were assigned female at birth but who presented as masculine In this book we meet queer individuals in their everyday lives relaxing or working enduring their struggles which sometimes led to death or punishment or simply living their lives with their partners or pets Esther Eng stands with her camera in front of the Mandarin Theatre in San Francisco where she worked in the box office as a child Tom fishes on the Fraser River in British Columbia Joe sits astride his horse ready for a day s work in southwestern Idaho Brodell uses the format of the holy card in its traditional sense as a means of remembrance and reverence but also as a way to memorialize those who were often unjustly persecuted by the church Each deeply researched portrait draws from social class occupation clothing and environmental details of the time period as well as artifacts maps journals drawings prints or photos For Brodell who was raised Catholic these queer holy figures act as retrospective replacements for the role models they wish they had known **Queerly Phrased** Anna Livia,Kira Hall,1997-11-20 This pioneering collection of previously unpublished articles on lesbian gay bisexual and transgender language combines queer theory and feminist theory with the latest thinking on language and gender The book expands the field well beyond the study of gay slang to consider gay dialects such as Polari in England early modern discourse on gay practices and late twentieth century descriptions of homosexuality These essays

examine the conversational patterns of queer speakers in a wide variety of settings from women's friendship groups to university rap groups and electronic mail postings Taking a global rather than regional approach the contributors herein study the language usage of sexually liminal communities in a variety of linguistic and cultural contexts such as lesbian speakers of American Sign Language Japanese gay male couples Hindi speaking hijras eunuchs in North India Hausa speaking yan daudu feminine men in Nigeria and French and Yiddish gay groups The most accessible and diverse collection of its kind **Queerly Phrased Language Gender and Sexuality** sets a new standard in the study of language's impact on the construction of sexuality

Body Talk Jane Ussher, 2002-01-04 Psychology has traditionally examined human experience from a realist perspective focusing on observable facts This is especially so in areas of psychology which focus on the body such as sexuality madness or reproduction In contrast many sociologists anthropologists and feminists have focused exclusively on the cultural and communicative aspects of the body treating it purely as an object constructed within socio-cultural discourse This new collection of sophisticated discursive analyses explores this divide from a variety of theoretical standpoints including psychoanalysis social representations theory feminist theory critical realism post-structuralism and social constructionism **Body Talk** reconciles the divide by putting forward a new materialist discursive approach It also provides an introduction to social constructionist and discursive approaches which is accessible to those with limited previous knowledge of socio-linguistic theory and showcases the distinctive contribution that psychologists can make to the field

Sexual and Gender Minority Health Brea L. Perry, Allen J. LeBlanc, 2021-01-15 This volume of *Advances in Medical Sociology* showcases rich theoretical and empirical contributions on SGM health and wellbeing The chapters address a variety of topics drawing from classic and contemporary sociological frameworks and constructs and reflecting intersecting interdisciplinary approaches to SGM health

Not June Cleaver Joanne Jay Meyerowitz, 1994 In the popular stereotype of post-World War II America women abandoned their wartime jobs and contentedly retreated to the home This work unveils the diversity of postwar women showing how far women departed from this one-dimensional image

Science and Homosexualities Vernon A. Rosario, M.D., 2013-01-11 *Science and Homosexualities* is the first anthology by historians of science to examine European and American scientific research on sexual orientation since the coining of the word homosexual almost 150 years ago This collection is particularly timely given the enormous scientific and popular interest in biological studies of homosexuality and the importance given such studies in current legal legislative and cultural debates concerning gay civil rights However scientific and popular literature discussing the biology of sexual orientation have been short-sighted in representing it as objective new scientific work This volume demonstrates that the quest for the biological cause of homosexuality and other sexualities is as old as the term itself These essays explore the active role experimental subjects played in shaping scientific theories of homosexuality and cultural perceptions of sexuality and sexual identity Finally this anthology studies the way in which this doctor-patient interaction shaped not only scientific theories of

homosexuality but also cultural perceptions and self identities as well Contributors include Garland E Allen Erin G Carlston Julian Carter Alice D Dreger Anne Fausto Sterling Margaret Gibson Stephanie Kenen Hubert Kennedy Harry Oosterhuis James Steakley Richard Pillard Jennifer Terry Social Services for Senior Gay Men and Lesbians Jean K Quam,2014-02-25

Social Services for Senior Gay Men and Lesbians is an important new reference that provides those in the helping professions with practical information on how to work with the older gay and lesbian population Although older gays and lesbians are the same in many ways as their heterosexual counterparts they have an extra layer of concerns that are unique to their sexual orientation including coming out to family and medical professionals fear of discrimination isolation and loneliness This new book helps social service providers address these and other concerns of the aging homosexual Social Services for Senior Gay Men and Lesbians examines the history of homosexuality and how practitioners have developed ways to better serve this population The book features case studies of topics that face practitioners and their older gay clients including housing needs of older gay and lesbian adults group therapy for older gay males long term care dilemmas for older lesbians counseling an older gay male who is coming out staff development for non gay social service providers historical review of gay and lesbian issuesBecause so little information exists in these and other areas Social Services for Older Gay Men and Lesbians is an excellent resource for social workers psychologists nurses counselors and physicians
