Disputing the Subject of Sex Cris Mayo,2007-04-26 Sexuality remains a hotly debated subject nowhere more so than in education This perceptive and balanced book shows that discussions of sexuality and schooling can be simultaneously polarizing and democratizing Disputing the Subject of Sex examines controversies over sex AIDS and gay inclusive multicultural education which offer especially fruitful opportunities to explore the claims of various identities the social aims of public schools and the relation between schools and the publics they serve These controversies help to show the kind of confused tumble of discourses seemingly nonsensical policy decisions and student resistances that

are born of arguments over sexuality and community membership In part disputes over sexuality are driven by conservative and anti pluralist agendas that help communities draw strong lines around themselves in an effort to stave off what they perceive as threatening shifts in gender and sexual identity However these disputes are also democratizing allowing a variety of constituents to argue their case in the public sphere Rather than choosing between one of these two positions this book uses case studies interviews with queer youth and analysis of curricular texts to help readers understand how power dynamics play out in educational controversies and how they can guide us to new ideas about students abilities to learn and relate ethically to one another about the subject of sex LGBT Youth in America's Schools Sean Cahill,Jason

Cianciotto,2023-06-20 Jason Cianciotto and Sean Cahill experts on lesbian gay bisexual and transgender public policy advocacy combine an accessible review of social science research with analyses of school practices and local state and federal laws that affect LGBT students In addition portraits of LGBT youth and their experiences with discrimination at school bring human faces to the issues the authors discuss This is an essential guide for teachers school administrators guidance counselors and social workers interacting with students on a daily basis school board members and officials determining school policy nonprofit advocates and providers of social services to youth and academic scholars graduate students and researchers training the next generation of school administrators and informing future policy and practice
