Sexual Orientation & Psychodynamic Psychotherapy Sexual Science and Clinical Practice

Richard C. Friedman and Jennifer I. Downey

Sexual Orientation And Psychoanalysis

Bertram J. Cohler, Robert M. Galatzer-Levy

Sexual Orientation And Psychoanalysis:

Sexual Orientation and Psychodynamic Psychotherapy Richard C. Friedman, Jennifer I. Downey, 2008-03-24 This book bridges psychoanalytic thought and sexual science It brings sexuality back to the center of psychoanalysis and shows how important it is for students of human sexuality to understand motives that are often irrational and unconscious The authors present a new perspective about male and female development emphasizing the ways in which sexual orientation and homophobia appear early in life The clinical section of the book focuses on the psychodynamics and treatment of homophobia and internalized homophobia The Annual of Psychoanalysis, V. 30 Jerome A. Winer, James W. Anderson, 2019-07-18 The issue of same gender sexual identity has challenged our understanding of psychological development and psychological intervention throughout the century just past and continues to provoke discussion in the century upon us Over the past three decades psychoanalysis advanced toward a contemporary perspective which holds that the dynamics of sexual orientation must be an important element of the psychoanalytic process but must be approached without prejudice regarding the outcome of analytic exploration of wish and desire Taken together the essays in Rethinking Psychoanalysis and the Homosexualities a thematic volume of The Annual of Psychoanalysis provide a developmentally grounded and clinically consequential enlargement of this basic premise The result is a timely overview of contemporary approaches to the study of sexual orientation within psychoanalysis that highlights issues salient to clinical work with lesbian and gay patients The section on The Meaning of Sexualization in Clinical Psychoanalysis demonstrates the importance of psychoanalytic study of same gender desire and sexual orientation for analyst and analysand alike Philips considers the analyst s own sexual identity as a factor shaping the analysand's experience of sexuality whereas Shelby Lynch Roughton and Young Bruehl from their various perspectives address the problem of stigma and prejudice as they distort same gender desire and same gender sexual identity Two concluding sections of the book explore the implications of a clinical psychoanalytic perspective for the study of gay and lesbian lives Timely and essential reading for all mental health professionals Rethinking Psychoanalysis and the Homosexualities underscores the profound distance traversed by psychoanalysis in arriving at its contemporary understandings of gender sexual identity and sexual desire **Rethinking Psychoanalysis and the Homosexualities** Jerome A. Winer, James W. Anderson, 2002 The issue of same gender sexual identity has challenged our understanding of psychological development and psychological intervention throughout the century just past and continues to provoke discussion in the century upon us Over the past three decades psychoanalysis advanced toward a contemporary perspective which holds that the dynamics of sexual orientation must be an important element of the psychoanalytic process but must be approached without prejudice regarding the outcome of analytic exploration of wish and desire Taken together the essays in Rethinking Psychoanalysis and the Homosexualities a thematic volume of The Annual of Psychoanalysis provide a developmentally grounded and clinically consequential enlargement of this basic premise The result is a timely overview of

contemporary approaches to the study of sexual orientation within psychoanalysis that highlights issues salient to clinical work with lesbian and gay patients The section on The Meaning of Sexualization in Clinical Psychoanalysis demonstrates the importance of psychoanalytic study of same gender desire and sexual orientation for analyst and analysand alike Philips considers the analyst s own sexual identity as a factor shaping the analysand s experience of sexuality whereas Shelby Lynch Roughton and Young Bruehl from their various perspectives address the problem of stigma and prejudice as they distort same gender desire and same gender sexual identity Two concluding sections of the book explore the implications of a clinical psychoanalytic perspective for the study of gay and lesbian lives Timely and essential reading for all mental health professionals Rethinking Psychoanalysis and the Homosexualities underscores the profound distance traversed by psychoanalysis in arriving at its contemporary understandings of gender sexual identity and sexual desire **Sexualities** Alessandra Lemma, Paul Lynch, 2015-06-05 Sexualities Contemporary Psychoanalytic Perspectives presents a broad selection of contemporary psychoanalytic thinking on sexuality from a wide range of psychoanalytic traditions Sexuality remains at the heart of much psychoanalytic theory and practice but it is a complex and controversial subject Edited by Alessandra Lemma and Paul E Lynch this volume includes a range of international contributions that examine contemporary issues and trace common themes needed to understand any sexuality including the basics of sexuality and the myriad ways in which sexuality is lived The clinical examples provided here demonstrate contemporary psychoanalytic techniques that uncover meanings that are both fresh and enlightening and address heterosexuality homosexuality gender and perversion from a psychoanalytic perspective Divided into four parts the book includes the following Historical context Foundational concepts Contemporary elaborations Homosexuality Perversion revisited Throughout Sexualities Contemporary Psychoanalytic Perspectives the reader will find psychoanalytic wisdom that is transferrable to work with patients of all sexualities and will see that the essentials of sexuality may be more similar than they are different for homo and hetero sexuality Psychoanalysts and psychoanalytic psychotherapists as well as academics interested in the subjects of psychoanalysis gender sexuality or homosexuality will find this book an invaluable resource Alessandra Lemma PhD is Director of the Psychological Therapies Development Unit at the Tavistock and Portman NHS Foundation Trust She is a Fellow of the British Psychoanalytic Society and Visiting Professor in the Psychoanalysis Unit University College London She is a Consultant Adult Psychotherapist at the Portman Clinic where she specializes in working with transsexuals She has published extensively on psychoanalysis the body and trauma Paul E Lynch MD is on the faculty of the Boston Psychoanalytic Society and Institute the Massachusetts Institute for Psychoanalysis and the China American Psychoanalytic Alliance He teaches about psychoanalysis gender and sexuality and has been a popular speaker on issues of homosexuality and psychoanalysis He is also a Clinical Instructor of Psychiatry at the Tufts University School of Medicine **The Course of Gay and Lesbian Lives** Bertram J. Cohler, Robert M. Galatzer-Levy, 2000-08 The authors argue that there is little support for assuming that homosexuality has a biological basis

Recognizing the many pathways that lead to same gender sexual orientation the authors conclude that the cause is much less important than understanding the meaning of being homosexual *Psychoanalytic Therapy and the Gay Man Jack* Drescher, 2014-05-22 Do the conventional insights of depth psychology have anything to offer the gay patient Can contemporary psychoanalytic theory be used to make sense of gay identities in ways that are helpful rather than hurtful respectful rather than retraumatizing In Psychoanalytic Therapy and the Gay Man Jack Drescher addresses these very questions as he outlines a therapeutic approach to issues of sexual identity that is informed by traditional therapeutic goals such as psychological integration and more authentic living while still respecting even honoring variations in sexual orientation Drescher's exploration of the subjectivities of gay men in psychoanalytic psychotherapy is more than a long overdue corrective to the inadequate and often pathologizing tomes of traditional psychoanalytic writers It is a vitally human testament to the richly varied inner experiences of gay men Drescher does not assume that sexual orientation is the entire or even major focus of intensive psychotherapy But he does argue passionately and convincingly that issues of sexual identity which encompass a spectrum of possibilities for any gay man must be addressed in an atmosphere of honest encounter that allows not only for exploration of conflict and dissociation but also for restitutive confirmation of the patient s right to be himself Through its abundance of first person testimony from both clinical and literary sources Psychoanalytic Therapy and the Gay Man provides the reader with an unforgettable grasp of what it is like to discover that one is gay in our society and then to find the courage and humanity to live with that knowledge Any mental health professional regardless of his or her sexual orientation who wishes to deal therapeutically with gay men will find Drescher's work indispensable But it will also be compelling reading for anyone seeking psychological insight into gay men s lives and concerns Identity, Gender, and Sexuality Peter Fonagy, Rainer Krause, Marianne Leuzinger-Bohleber, 2018-05-08 While Freud opened the door on the formative and motivating power of sexuality contemporary psychoanalysts with some notable exceptions have consigned sexuality to the psychoanalytic closet This book not only re opens the door on the broad subject of psychosexuality but also provides fresh insights into heterosexuality bisexuality homosexuality gender identity disorder transvestism and transsexualism This publication brings together some of the leading psychoanalytic authorities from around the globe to consider in depth the complex interweaving of identity gender and sexuality from theoretical clinical historical and research perspectives The author strongly recommends Identity Gender and Sexuality to those looking for a book that does not pull punches The reader will find a debate about the relative merits of clinical empirical and conceptual research critical assessments of interdisciplinary findings from infant and child development research embodied cognitive science academic psychology neurobiology genetics ethology and other fields of inquiry and honest and illuminating psychoanalytic case Psychoanalysis and Male Homosexuality Kenneth Lewes, 1995 This landmark book is the first studies Donald Campbell and only historical cultural and theoretical account of how male homosexuality has been viewed and sometimes misconstrued by the psychoanalytic tradition from Freud through the 1980s In this groundbreaking survey Kenneth Lewes reveals how the original psychoanalytic ideals of understanding and compassion have been betrayed by clinicians and theorists Viewing Freud and his early followers in a new light Dr Lewes shows how they posited a surprisingly wide variety of normal outcomes of psychosexual development including homosexuality But in its attitudes toward homosexuality psychoanalysis soon changed from an open minded and humane discipline into an insular and calcified orthodoxy Exposing the basis of the acrimony and alienation that have characterized the relationship between homosexuals and psychoanalysis Psychoanalysis and Male Homosexuality is a sometimes shocking account of intolerance and hostility But it is also the story of unexpected sensitivity as it explores the possibilities as well as the limits of psychoanalysis as a humane science Disorienting Sexuality Thomas Domenici, Ronnie C. Lesser, 1995 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company

Sexual Orientation and Psychodynamic Psychotherapy Richard C. Friedman, Jennifer I. Downey, 2008-03-24 This book bridges psychoanalytic thought and sexual science It brings sexuality back to the center of psychoanalysis and shows how important it is for students of human sexuality to understand motives that are often irrational and unconscious The authors present a new perspective about male and female development emphasizing the ways in which sexual orientation and homophobia appear early in life The clinical section of the book focuses on the psychodynamics and treatment of homophobia and internalized homophobia Intersectionality and Relational Psychoanalysis Max Belkin, Cleonie White, 2020-02-07 Intersectionality and Relational Psychoanalysis New Perspectives on Race Gender and Sexuality examines the links between race gender and sexuality through the dual perspectives of relational psychoanalysis and the theory of intersectionality This anthology discusses the ways in which clinicians and patients inadvertently reproduce experiences of privilege and marginalization in the consulting room Focusing particularly on the experiences of immigrants women of color sex workers and LGBTQ individuals the contributing authors explore how similarities and differences between the patient s and analyst s gender race and sexual orientation can be acknowledged challenged and negotiated Combining intersectional theory with relational psychoanalytic thought the authors introduce a number of thought provoking clinical vignettes to suggest how adopting an intersectional approach can help us navigate the space between pathology and difference in psychotherapy By bringing together these new psychoanalytically informed perspectives on clinical work with minority and marginalized individuals Intersectionality and Relational Psychoanalysis makes an important contribution to psychoanalysis psychology Psychoanalysis and Homosexuality Leezah Hertzmann, Juliet Newbigin, 2023-04-03 This important and social work book examines the ways in which same sex desire or homosexuality has been theorised by psychoanalysis during its history to date and the impact of that on clinical practice The authors explore a brief history of the developing social attitudes which influenced the evolution of psychoanalysis from Freud's radical questioning of psychosexuality to the later developments that assumed a moral high ground for heteronormativity and led to the diagnosis of other forms of sexual expression as

perversions requiring treatment The book elucidates contemporary developments in psychoanalytic thinking about sexuality from a post heteronormative standpoint including an examination of how heteronormative bias has relegated lived sexual experience to the sidelines The book challenges this bias and introduces new ways of using psychoanalytic ideas as well as illustrating their relevance to clinical practice Drawing on vignettes the authors describe current challenges that clinicians face and discuss the dilemmas that these challenges present both for qualified clinicians as well as those in training By approaching homosexuality from a contemporary post heteronormative position the authors advocate a more flexible encounter in the consulting room in a way that can illuminate an understanding of all sexualities including heterosexuality

Lesbians and Psychoanalysis Judith M. Glassgold, Suzanne Iasenza, 1995 In Lesbians and Psychoanalysis Judith M. Glassgold and Suzanne Iasenza bring together twenty six of these pioneers in the field of lesbian psychoanalytic theory Through insightful chapters based on years of clinical experience each author helps to redefine psychoanalytic theory by reinventing its foundations from an affirmative perspective so that it better represents all peoples and Psychoanalysis Judith Glassgold, Suzanne Iasenza, 2014-01-09 Get a feminist perspective on important changes in psychoanalysis Lesbians Feminism and Psychoanalysis The Second Wave examines recent changes in psychoanalysis that have opened the door for new perspectives on same sex desire Authors from a variety of disciplines and theoretical orientations combine feminism with psychoanalytic and postmodern theories to celebrate diversity in gender and sexual experience This collection of lesbian affirmative writings addresses transference and countertransference gender subjectivities privilege and racism therapist homophobia and violence in lesbian relationships In the past decade psychoanalysis has undergone changes in clinical theory that have led to views on human sexuality that are less focused on what is normal and therapy practices that resist attempts to fit individuals into prescribed developmental models Lesbians Feminism and Psychoanalysis presents a variety of backgrounds psychiatry psychology and social work analytic training formal institute training study groups supervision and theoretical perspectives self psychology object relations relational psychoanalysis feminist theory queer theory postmodernism Lacanian theory unified by the healing power of psychoanalytically informed theory and practice The book is divided into three sectionsCommunity Personal and Political Ongoing Clinical Issues and New Thinking on Sexuality and Gender addressing lesbian tomboy development the queering of relational psychoanalysis how attachment theory and intersubjectivity can contribute to newer gender theory and including interviews with lesbian psychoanalytic foremothers Joanne Spina Lee Crespi and Judy Levitz Dr Darla Bjork s account of her journey to becoming an openly lesbian therapist contrasting views on transference and countertransference from gay and lesbian therapists and much more Lesbians Feminism and Psychoanalysis The Second Wave is an essential practical resource for clinicians and a vital classroom tool for academics working in psychology social work psychoanalysis gender and women s studies gueer studies and lesbian and gay studies The Psychology of Sexual Orientation, Behavior, and Identity Louis

Diamant, Richard McAnulty, 1995-10-18 This comprehensive overview of research issues and theories relating to sexual orientation behavior and identity by experts in various disciplines is unique in providing both historical perspectives and a synthesis of the recent advances in understanding homosexuality and heterosexuality Drawing from biological and psychological research this handbook critically reviews the major theories about sexual orientation and examines each theory on the basis of empirical support One section summarizes recent developments in genetic and neuroanatomic research Another section discusses problems with sexual performance among heterosexual homosexual and bisexual persons A third section provides overviews of clinical disorders or sexual deviations Various chapters clarify the distinction between sexual disorders such as pedophilia and sexual variations such as homosexuality Chapters also examine important social issues relevant to sexual orientation such as disability prejudice aging and gender roles Experts address the continuing controversy over the feasibility of altering sexual orientation new developments in treating different types of problems and changing perspectives today This handbook is designed for the use of educators students and researchers in the social and behavioral Objects of Desire Charles W. Socarides, 2002 Description of Content Advances in the Psychoanalytic Theory and sciences Therapy of Male Homosexuality Charles Socarides Shift from Homosexual to Heterosexual Orientation During the Termination Phase of Analysis Jerome S Blackman Paul Schreber's Sexual Desires and Imaginings Cause or Consequence of His Psychosis Zvi Lothane The Female Homosexual Causative Process and Clinical Picture Charles Socarides Multiple Functions of Object Choices that are Compromise Formations to Unconscious Conflicts Alberto Montes On the Genesis and Conversion of Sexual Orientation A Single Psychoanalytic Case Study Ian Davidson Graham A Note on the Resolution of Separation Individuation Transference Phenomena in the Analysis of a Homosexual Woman Selma Kramer The Psychoanalysis of a Homosexual Woman Houston Macintosh The Analysis of a Prehomosexual Child with a Twelve Year Developmental Follow Up Georgie Babatzanis Transvestite Behavior in a Preschool Boy Reflections on Analytic Treatment Homosexuality, Transsexuality, Psychoanalysis and Traditional Judaism Alan Slomowitz, Alison Purnima Mehta Feit, 2019-03-04 Homosexuality Transsexuality Psychoanalysis and Traditional Judaism explores the often incommensurable and irreconcilable beliefs and understandings of sexuality and gender in the Orthodox Jewish community from psychoanalytic rabbinic feminist and queer perspectives The book explores how seemingly irreconcilable differences might be resolved The book is divided into two separate but related sections The first highlights the divide between the psychoanalytic academic and traditional Orthodox Jewish perspectives on sexual identity and orientation and the acute psychic and social challenges faced by gay and lesbian members of the Orthodox Jewish world The contributors ask us to engage with them in a dialogue that allows for authentic conversation The second section focuses on gender identity especially as experienced by the Orthodox transgender members of the community It also highlights the divide between theories that see gender as fluid and traditional Judaism that sees gender as strictly binary The contributors write about their views and experiences from both

sides of the divide They ask us to engage in true authentic dialogue about these complex and crucial emotional and religious challenges Homosexuality Transsexuality Psychoanalysis and Traditional Judaism will be of great interest to psychoanalysts and psychoanalytic psychotherapists as well as members and leaders of Jewish communities working with LGBTQ issues

Sexuality and Gender Now Leezah Hertzmann, Juliet Newbigin, 2019-08-08 Sexuality and Gender Now uses a psychoanalytic approach to arrive at a more informed view of the experience and relationships of those whose sexuality and gender may not align with the heterosexual norm This book confronts the heteronormative bias dominant in psychoanalysis using a combination of theoretical and clinical material offering an important training tool as well as being relevant for practicing clinicians. The contributors address the shift clinicians must make not only to support their patients in a more informed and non prejudicial way but also to recognise their own need for support in developing their clinical thinking They challenge assumptions deconstruct theoretical ideas extend psychoanalytic concepts and importantly show how clinicians can attend to their pre conscious assumptions They also explore the issue of erotic transference and countertransference which if unaddressed can limit the possibilities for supporting patients more fully to explore their sexuality and gender Theories of psychosexuality have tended to become split off from the main field of psychoanalytic thought and practice or read from an assumed moral high ground of heteronormativity The book specifically addresses this bias and introduces new ways of using psychoanalytic ideas The contributors advocate a wider and more flexible attitude to sexuality in general which can illuminate an understanding of all sexualities including heterosexuality Sexuality and Gender Now will be essential reading for professionals and students of psychoanalysis who want to broaden their understanding of sexuality and gender in their clinical practice beyond heteronormative assumptions Sexualities Lost and Found Edith Gould, Sandra Kiersky, 2001 Description of Content A feminist revolution has taken place in psychotherapy Today the majority of clinicians and patients are women But when it comes to women and same sex desire there continues to be an appalling blind spot in the literature This book illuminates controversy contexts and theories that often do violence to lesbian experience as it is actually lived and fills a significant gap in the literature on the lesbian patient in the clinical situation. The contributors delineate major shifts in psychoanalytic understanding of the body relatedness subjectivity desire and the role of culture and apply these to the question of same sex desire in women **Sexual Orientation and Mental Health** Allen Martin Omoto, Howard S. Kurtzman, 2006 Annotation Examines depression substance abuse race the role of religious beliefs and identity in the lives of gay men lesbians and bisexual people

Whispering the Secrets of Language: An Emotional Journey through Sexual Orientation And Psychoanalysis

In a digitally-driven world wherever displays reign supreme and quick connection drowns out the subtleties of language, the profound secrets and mental subtleties concealed within words usually get unheard.
